Brookfield 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

The following description of the Brookfield 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan that covers all eligible employees of Brookfield Asset Management LLC and certain affiliated entities (collectively, the Company), who are age 21 or older. Certain employees are excluded from participation in the Plan, including nonresident aliens, part-time, temporary or seasonal employees, interns and employees subject to a collective bargaining agreement that does not allow for participation in the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and was most recently restated effective January 1, 2020.

Participants immediately become eligible to make salary deferrals into the Plan on their employment commencement date. Participants are eligible to receive employer contributions following attainment of age 21 and completion of three consecutive months of employment with the Company. Part-time employees become eligible to participate in the Plan and receive employer contributions following attainment of age 21 and completion of one year of service with the Company.

Contributions

Each year, participants may make contributions to the Plan up to 60 percent of eligible compensation, as defined by the Plan, either on a pre-tax or after-tax basis, and are subject to the maximum allowable contributions under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants are automatically enrolled in the Plan at a deferral rate of 5 percent of eligible compensation, subject to an automatic increase of 1 percent each plan year until the deferral rate reaches 10 percent, unless they make an alternative election. Additionally, effective July 1, 2020, the Plan was amended to provide that all currently active participants as of that date be re-enrolled at a deferral rate of 5 percent, with the exception of participants with an active deferral election greater than or equal to 5 percent. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants determine the percentage allocation of their contributions among various investment funds, and Company contributions, if any, are allocated using the same percentages.

The Company makes matching contributions equal to 100 percent of up to 5 percent of each participant's salary reduction contributions, subject to the maximum allowable under the IRC. Company matching contributions are made on a payroll-by-payroll basis with an additional true-up contribution at the end of the plan year to the extent necessary to ensure that each eligible participant's matching contribution is computed accurately based on his or her compensation for the plan year during which he or she is eligible to receive Company matching contributions. In addition, the Company may, at its discretion, make additional discretionary contributions to the Plan. The Company did not make any additional discretionary contributions in 2020. Contributions are subject to certain limitations under the IRC.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are made pursuant to the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Brookfield 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Vesting

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rates ranged from 3.25 percent to 6.75 percent at December 31, 2020. Principal and interest are paid ratably through payroll deductions. The minimum period for which a loan must be outstanding is one year. The maximum term for which a loan may be outstanding is five years, except in the case of a loan used to acquire a principal residence for which the maximum term is ten years.

Administrative Expenses

Any expenses not paid by the Company will be paid from the Plan's assets. During 2020, the Company paid a portion of the administrative expenses on behalf of the Plan. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

Payments of Benefits

The balance of a participant's account is distributed upon separation of service on or after attaining normal retirement age, or due to death or total disability. A participant who has a separation of service and whose vested account balance is under \$5,000 will automatically have their account distributed to them in a single lump-sum payment. If the balance is \$5,000 or more, participants may elect to have the balance paid any time after separation from service until attainment of age 70½. All benefits are to be paid as a single lump-sum.

In-service withdrawals may be made upon the attainment of age 59½. Withdrawals prior to attainment of age 59½ due to financial hardship are permitted from specified account sources, as defined by the plan document.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic. Several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

Brookfield 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains and losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Management has determined that ASU No. 2018-13 did not have a material impact to the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2021, the date these financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the methodologies used in valuing investments at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are based on the quoted market prices of the shares held by the Plan at year end. Accordingly, these fair value measurements are classified as having used Level 1 inputs.

Pooled separate accounts held by the Plan as of December 31, 2019, are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although they are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Accordingly, these fair value measurements are classified as using Level 2 inputs. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

Brookfield 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Self-directed brokerage account investments consist of mutual funds, common stock, cash and corporate bonds. The fair values of the mutual fund and common stock investments are based on quoted market prices of the shares held by the Plan at year end. Accordingly, these fair value measurements are classified as having used Level 1 inputs. The Plan's investments in interest-bearing and noninterest-bearing cash are reported at carrying value, which approximates fair value. Accordingly, these fair value measurements are classified as using Level 1 inputs. Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available. Accordingly, these fair value measurements are classified as using Level 2 inputs.

Common collective trust funds are valued at the net asset value (NAV) of the units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and determined by each fund's trustee using the fair value of the underlying securities within the fund at year end. These investments do not have a defined redemption period for participant-directed withdrawals, and distributions to participants may be redeemed on a daily basis. No unfunded commitments existed as of December 31, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Brookfield 401(k) Savings Plan

Notes to Financial Statements
December 31, 2020 and 2019

4. Fully Benefit-Responsive Investment Contract

As of December 31, 2020, the Plan had a fully benefit-responsive investment contract (GIC) with Massachusetts Mutual Life Insurance Company (SF Guaranteed). Massachusetts Mutual Life Insurance Company maintained the contributions in a general account, which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the Statement of Net Assets Available for Benefits as of December 31, 2019 at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

On January 10, 2020, the Plan's interest in the GIC was liquidated and reinvested in a stable value fund offered under the Plan.

5. Investments, Unaudited

As of December 31, 2020, the Plan's investments (including self-directed brokerage accounts) and notes receivable from participants are held by Matrix Trust Company. As of December 31, 2019, the Plan's investments (including self-directed brokerage accounts) and notes receivable from participants were held by Matrix Trust Company, Vanguard Fiduciary Trust Company, Reliance Trust Company and T. Rowe Price Trust Company (collectively, the Trustees). The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Matrix Trust Company has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020. The Trustees of the Plan have collectively certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020 for the respective applicable periods as follows:

Trustee	Applicable Period
Matrix Trust Company	January 1 - December 31, 2020
Vanguard Fiduciary Trust Company	January 1 - January 9, 2020
Reliance Trust Company	January 1 - January 15, 2020
T. Rowe Price Trust Company	January 1 - January 9, 2020

6. Related-Party and Party-in-Interest Transactions

Fees incurred by the Plan for trustee and investment management services are included in net appreciation or depreciation in the fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions under ERISA, which are exempt from prohibited transaction rules.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Brookfield 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of complete or partial plan termination, participants will become fully vested in their accounts and the plan assets shall be distributed in accordance with the terms of the Plan.

8. Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

The following is a disclosure of individual investments, as a percentage of net assets available for benefits, which represent a significant concentration as of December 31, 2020:

Blackrock Equity Index Fund	12 %
Fidelity Contrafund Commingled Pool	11

There were no individual investments which represented a significant concentration as of December 31, 2019.
