SCHENCK PROCESS 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Schenck Process 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Schenck Process LLC (the "Company") covering all eligible employees who are age eighteen or older and have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Plan Administrator. The Company's 401(k) Plan Investment Committee ("Committee"), which is a committee comprised of managers and employees of the Company, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On August 27, 2019 the Company announced that it was shutting down a portion of the manufacturing operations of the Chagrin Falls, Ohio plant by December 31, 2019. This closure affected approximately 30 employees and was not considered a partial plan termination.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000,
- Extended the period for loan repayments, if applicable, up to one year, and
- Rules for required minimum distributions for the 2020 calendar year are temporarily waived.

The Plan will be amended for the provisions implemented under the CARES Act by the time prescribed.

Plan amendments - As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2020, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

Effective September 1, 2020 the Kemutec Group, Inc. 401k Plan was merged into the Plan.

SCHENCK PROCESS 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions - Participants may contribute up to 60% of annual compensation as pre-tax contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Company makes safe harbor matching contributions equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 2% that a participant contributed. Additional Company profit sharing contributions are permitted by the Plan and are discretionary as determined by the Company's management. No profit sharing contributions were made for the years ended December 31, 2020 and 2019. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers a money market fund and 26 mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any), (b) plan earnings and losses, and (c) charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in all contributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - Participants who have an account balance over \$5,000, upon termination of service, may maintain their account. If the participant's vested account balance is between \$1,000 and \$5,000, following termination in the absence of a distribution election, the participant's account balance is rolled to a Fidelity Individual Retirement Account. If the participant's vested account balance is less than \$1,000, following termination in the absence of a distribution election, a lump sum payment will automatically be issued. Also, the Plan allows hardship withdrawals for participants who have an immediate and heavy financial need.

SCHENCK PROCESS 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payment of benefits (continued) - With the implementation of the CARES Act as described in the general paragraph, eligible Plan participants may request special penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020. Additionally, required minimum distributions for the calendar year 2020 have been temporarily waived.

Forfeited accounts - At December 31, 2020 and 2019, forfeited amounts totaled \$5 and \$126, respectively. The forfeiture balance resulted from the plan transfer of assets from the Stock Equipment Company 401(k) Plan as discussed in Note 10. These amounts will be used to reduce future employer contributions or pay plan expenses. For the year ended December 31, 2020, no forfeitures were used to reduce employer contributions and \$128 were used to pay plan expenses. For the year ended December 31, 2019, \$34,720 was used to reduce employer contributions for the Stock Equipment Company 401(k) Plan participants and \$225 was used to pay plan expenses.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value, see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Trustee and the investment advisor. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

SCHENCK PROCESS 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) Information prepared and certified by the trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan ("Fidelity") and Great West Trust Company, LLC, trustee of the Guaranteed Interest Fund investment option of the Plan ("Great West"), have certified that the following data included in the accompanying supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(4) Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Stated at cost which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

(5) Fully benefit-responsive group annuity contract

The Stock Equipment Company 401(k) Plan (which merged with the Plan effective December 31, 2018, as described in Note 10) had a fully benefit-responsive group annuity contract with Great West that invested contributions in the Guaranteed Interest Fund. The Guaranteed Interest Fund was a general account product. The methodology for calculating the interest crediting rate was based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate was reset quarterly. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(5) **Fully benefit-responsive group annuity contract (continued)**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

This investment was subject to a 12-month lock, as a result, during the transfer of the Stock Equipment Company 401(k) Plan to the Plan, the balance held in this investment remained at Great West. In December 2019, the 12-month lock expired and the balance in this investment transferred to Fidelity.

(6) **Related party transactions and party-in-interest transactions**

Certain Plan investments are shares of mutual funds, a guaranteed interest fund and a money market fund managed by Fidelity and Great West. Fidelity is the trustee of the plan and Great West is the trustee of the Guaranteed Interest Fund investment option as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to Fidelity of \$61,133 and \$59,614 for the years ended December 31, 2020 and 2019, which was not covered by revenue sharing. The Plan paid expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other expenses related to the Plan's operations.

(7) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) **Tax status**

The Internal Revenue Service ("IRS") has determined that the volume submitter defined contribution plan document is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated March 31, 2014. The plan administrator has adopted the volume submitter defined contribution plan document. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

(8) **Tax status (continued)**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) **Risks, uncertainties and concentrations**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2020 and 2019, respectively, approximately 19% and 14% of the Plan's investments were invested in the Fidelity Growth Company K6 Fund.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statements of net assets available for benefits. Plan Management and the investment advisor will continue to monitor the impact COVID-19 has on the Plan and will reflect the results as appropriate in the Plan's financial records.

(10) **Transfers in**

During 2018, the Company merged with Stock Equipment Company, Inc. As a result, effective December 31, 2018 participant accounts totaling \$12,310,980 transferred from the Stock Equipment Company 401(k) Plan to the Plan, of this balance \$11,557,171 transferred from Great West to Fidelity and \$753,809 remained at Great West due to a 12-month lock that is in place for the Guaranteed Interest Fund.

During 2019, the 12-month lock on the Guaranteed Interest Fund expired and these remaining assets held at Great West were transferred to Fidelity.

(10) Transfers in (continued)

Effective September 1, 2020, the Kemutec Group, Inc. 401(k) Plan merged into the Plan. Participant accounts totaling \$1,807,250 transferred from the Kemutec Group, Inc. 401(k) Plan into the Plan.

(11) Subsequent events

The Plan has evaluated subsequent events through October 13, 2021, which is the date the financial statements were available to be issued, the following item was noted for disclosure:

In October 2020, the Plan Sponsor's parent company purchased Baker Perkins, Inc. With the acquisition the Baker Perkins, Inc. 401(k) Plan will merge into the Plan on or around December 31, 2021. Additionally, at the time of the plan merger those participants will begin participating in the Plan.
