BLUE RIDGE BREAD INC
401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

1. THE PLAN

The following description of the Blue Ridge Bread Inc 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution profit sharing plan covering eligible employees of Blue Ridge Bread, Inc. (the Company). The Company is the plan sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Each employee of the Company who is not part of a collective bargaining agreement or a nonresident alien is eligible to participate in the Plan provided they have (1) reached age 21 and (2) completed one year of service, as defined. Once these requirements have been met, an employee may begin to participate in the Plan.

Participant Accounts and Contributions

Each participant's account is credited with their contribution, the Company's contribution, and an allocation of investment earnings. A participant may contribute up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC). Participating employees contribute through salary deductions. The Plan's safe harbor provisions for Company contributions provide a match equal to 100% of the first three percent deferred plus 50% of the next two percent deferred.

The Plan has a true-up calculation that is calculated each Plan year. The calculation provides additional contributions/forfeitures that must be deposited to and/or forfeited from the Plan based on contributions reported compared to contributions calculated.

In addition, the Company can make discretionary profit sharing contributions to the Plan. In order to receive profit sharing contributions, participants must be employed on the last day of the Plan year and completed at least 1,000 hours of service during the Plan year. Profit sharing contributions are allocated among participant's accounts on a pro rata basis based on compensation. No profit sharing contributions were authorized for the years ended December 31, 2020 and 2019.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Each participant directs the manner in which their contributions, as well as those of the Company, are to be allocated among the investment options available under the Plan.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants have the ability to borrow from their accounts subject to limitations as defined in the Plan. Repayments are to be made over a period not to exceed five years, unless the loan proceeds are used by the participant to acquire a principal residence. The participants are charged interest on all outstanding loans at a rate of prime plus 1%, fixed at the inception of the loan. Interest rates on loans outstanding as of December 31, 2020 were between 4.25% and 6.50%.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act which was signed into law on March 27, 2020 included provisions to allow plans to make it easier for eligible participants to withdraw funds under certain circumstances. The Plan has implemented provisions permitting eligible participants to suspend loan payments that were due during the period March 27, 2020 through December 31, 2020 as well as to increase the maximum loan amount.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Benefits are payable to participants or their beneficiaries upon the participant's termination, retirement, disability or death. A participant who has attained age 59 ½ may withdraw from their account if still employed. Hardship withdrawals prior to termination, retirement or disability are not allowed under the Plan. Withdrawals will be made as a lump sum payment or as a direct rollover.

The Plan adopted provisions of the CARES Act which permitted qualified individuals to take a distribution which would not be subject to early distribution penalties or federal income tax withholdings. Furthermore, participants who take qualified distributions have the option to have the distribution taxed over a three-year period, with the ability to recontribute a portion or all of the distribution within three years and not be subject to federal income tax.

Party-in-Interest Transactions

Certain plan investments are units of funds managed by the trustees, and therefore, these transactions qualify as party-in-interest transactions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investments

Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Dividend income is recorded on the ex-dividend date. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Expenses

Administrative expenses are primarily amounts charged for investment advisory and management fees and contract administrator fees. A portion of the contract administrator fees are charged directly to participants for distributing benefits and loans.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INFORMATION CERTIFIED BY TRUSTEES

The trustees have certified to the completeness and accuracy of the amounts reported as investments, notes receivable from participants, net investment gain (loss) and interest and dividends on the Plan's financial statements and the accompanying supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective trust fund: Valued at the net asset value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments or significant restrictions on redemptions.

Pooled Separate Accounts: Valued at net unit value as determined by the trustee. The value is based on a pro rata share of the market value of the underlying funds in the separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2020				
Mutual funds	\$ <u>333</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 333
Measured at net asset value				<u>2,121,233</u>
				\$ <u>2,121,566</u>
December 31, 2019				
Mutual funds	\$ <u>1,559,992</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 1,559,992
Measured at net asset value				<u>272,902</u>
				\$ <u>1,832,894</u>

5. FEDERAL INCOME TAXES

The Company adopted a Volume Submitter Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since the determination letter was received related to the volume submitter plan. In addition, certain IRC compliance tests will not be completed for the year ended December 31, 2020 until subsequent to the issuance of these financial statements. However, the plan administrator and the Plan's management believe that there will be no issues with the testing and that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the accompanying financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

6. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through October 13, 2021, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
