Chicago White Sox Employee Retirement Plan

Notes to Financial Statements

December 31, 2020

1. Description of the Plan

The following description of the Chicago White Sox Employee Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan, effective January 1, 1992, is a defined contribution plan established for non-uniformed personnel of Chicago White Sox, Ltd. (the Employer). Employees are eligible to participate in the Plan upon attaining age 21 and completing one month of service.

Contributions

Participant contributions can consist of both salary deferrals and qualifying rollovers. Participants may contribute up to 100% of eligible pretax compensation, as defined, not to exceed amounts permissible by the Internal Revenue Service (IRS). Participants may also make after-tax Roth contributions. The Employer, at its discretion, may make a matching contribution. No employer contributions were made in 2020 or 2019.

Participants specify the percentage of contributions that are to be directed to each of the available investment options. Investment decisions can be changed at any time.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contributions; the Employer's contributions, if any; and allocations of the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participant contributions are at all times fully vested and nonforfeitable. If made, the matching contribution would cliff vest after three years.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

Active participation in the Plan terminates upon death, retirement, disability, or other termination of employment. At termination of employment, former participants can elect to leave their account balance in the Plan under certain circumstances. Otherwise, such former participant or the designated beneficiary is to receive distribution of the participant's account balance either in a lump sum as soon as practicable or in installments.

In the case of a qualifying hardship (as defined in the plan agreement), participants may withdraw all or a portion of their account balance in an amount necessary to meet the hardship, subject to the approval of the Retirement Plan Committee. A participant who makes a hardship withdrawal is restricted from contributing to the Plan for a period of six months after the date of the withdrawal. Also, after attainment of age 59 1/2, participants may withdraw a portion or all of their account balance.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's account balance or \$50,000. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Administrative expenses of the Plan are paid by the participants.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Chicago White Sox Employee Retirement Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Amendment

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax-qualified retirement plans and their participants. As of May 8, 2020, the Plan adopted changes provided for under the CARES Act, including allowing certain eligible individuals to (a) receive COVID-19-related distributions, (b) temporarily take out loans of a maximum of \$100,000, (c) delay certain participant loan repayments for up to one year, and (d) temporarily suspend required minimum distributions. The adoption of these amendments did not have a material impact on the Plan's net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Chicago White Sox Employee Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest on notes receivable from participants, and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company (the Trustee).

Chicago White Sox Employee Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measurement in its entirety.

Chicago White Sox Employee Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each general type of asset measured at fair value by the Plan:

- *Mutual funds*: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.
- *Pooled separate accounts*: Valued at NAV provided by the administrator of the fund on the last business day of the plan year.

Investments at fair value as of December 31, 2020, are as follows:

	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	\$ 19,082,440	\$ —	\$ —	\$ 19,082,440
Pooled separate accounts	5,831,505	—	—	5,831,505
Total assets at fair value	<u>\$ 24,913,945</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 24,913,945</u>

Investments at fair value as of December 31, 2019, are as follows:

	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	\$ 16,227,800	\$ —	\$ —	\$ 16,227,800
Pooled separate accounts	5,618,260	—	—	5,618,260

Chicago White Sox Employee Retirement Plan

Notes to Financial Statements (continued)

5. Investment Contract With Insurance Company

The Plan holds a fixed-income guaranteed option (PFIGO) contract with Principal Life Insurance Company (PLIC). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The PFIGO contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset on a semiannual basis. The minimum crediting rate will be no less than 1% or greater than 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Tax Status

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Chicago White Sox Employee Retirement Plan

Notes to Financial Statements (continued)

6. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

8. Related-Party and Party-in-Interest Transactions

The Plan holds shares of mutual funds, units of pooled separate accounts, and an investment contract managed by the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 13, 2021, the date the accompanying financial statements were available to be issued.
