Note 1. Plan Description

Nature of operations: The following description of The Goodwin Ammonia Company Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a noncontributory profit sharing plan. The Plan's trustee oversees all operations of the Plan, and the trustee is an officer of The Goodwin Ammonia Company, LLC (the Company or Plan Sponsor). Operations of the Plan include, but are not limited to, deciding the investment policy for the Plan and requesting investment trades on behalf of the Plan. Substantially all full-time employees of the Company are eligible to participate in the Plan. The Plan entry date is January 1 each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During 2020, the Plan implemented certain Coronavirus Aid, Relief, and Economic Security Act provisions to allow for waiver of 2020 required minimum distributions. Written amendments to the Plan to reflect this change will be adopted in accordance with the applicable law and Internal Revenue Service guidance. The Plan is required to be amended for the implementation of this provision by December 31, 2022.

Participant accounts: Each participant's account is credited with an allocation of (a) the Company's contribution, (b) Plan earnings/losses, net of administrative expenses, and (c) forfeitures of terminated participants' unvested accounts. Allocations are based on participant earnings or account balances, as defined. Allocations are made to each participant employed at the end of each Plan year for those who have completed 1,000 hours of service during the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. All participants' accounts are nonparticipant-directed.

Funding policy and contributions: Each year, the Company's board of directors may decide on a contribution based on a percentage of the total eligible compensation of all participants to the Plan. These discretionary contributions are recognized upon authorization of the board of directors. For the year ended December 31, 2020, profit sharing contributions totaled $228,896, of which $28,896 were applied from forfeitures.

Vesting: Vesting of participants' accounts is based on years of continuous service. Participants vest 20% after two years and 20% for each of the following four years, and are fully vested after six years of credited service.

Payment of benefits: Distribution of Plan benefits due to termination, retirement, death or disability may be made (a) in a single distribution, (b) in annual installments, or (c) in any combination of the foregoing. The Plan allows for involuntary cash-out distribution of balances of $1,000 or less.

Forfeitures: There were $28,896 and $27,552 of forfeitures arising during Plan years ended December 31, 2020 and 2019, respectively. These amounts have been reallocated to participants in the same manner as employer contributions. As of December 31, 2020 and 2019, there were no unallocated forfeitures.

Administrative expenses: Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Note 2. Significant Accounting Policies (Continued)

Use of estimates: The preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of investments. The Plan Administrator relies on the estimation and valuation provided by the Plan's custodian, Northern Trust Company (Northern Trust).

Payment of benefits: Benefits are recorded when paid.

Risk and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As the coronavirus pandemic continues to evolve, the Plan Sponsor believes the extent of any impact to the Plan will be primarily derived by the severity and duration of the pandemic's impact on the U.S. and global economies and the investment markets. The continued spread of the virus, or its re-emergence, could have significant impacts on investment values and market volatility.

Concentration of credit risk: The Plan maintains its cash account in a commercial bank that, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant risk.

Investment valuation and income recognition: The Plan's investments are held by Northern Trust. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, which is the last trading day of the Plan year. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest income and dividends are reported in interest and dividends in the statement of changes in net assets available for benefits. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Fair value measurements: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 2. Significant Accounting Policies (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's valuation methodology used to measure the fair value of registered investment companies (mutual funds) is based on quoted market prices. Noninterest-bearing cash is held at a financial institution and is reported at cost, which approximates fair value. The common collective trust funds are valued based primarily on the net asset value (NAV) of underlying securities that have observable inputs, including quoted prices for similar assets in active or inactive markets. The NAV is used as a practical expedient to estimate fair value determined by the Plan Administrator. There have been no changes in the methodology used at December 31, 2020 or 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

Note 3. Investments and Information Certified or Provided by Northern Trust Company, Custodian

The following is a summary of the investment information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Northern Trust, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information and the supplemental schedules related to the following investments at December 31:

	2020	2019
Investments at fair value:		
Mutual funds (registered investment companies)	$ 3,625,493	$ 3,578,611
Common collective trusts	12,501,817	12,606,392

Northern Trust also certified the completeness and accuracy of $128,926 of interest and dividends and $863,831 of net appreciation of fair value of investments for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The following tables set forth, by level in the fair value hierarchy, the Plan's investments at fair value at December 31:

	2020			
Investment Category	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,625,493	$ -	$ -	$ 3,625,493

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no transfers in or out of Levels 1, 2 or 3 during the years ended December 31, 2020 or 2019.

Note 4. Fair Value Measurements (Continued)

Fair value of investments in certain entities that calculate NAV per share or its equivalent: The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated at NAV per share (or its equivalent) as of December 31, 2020 and 2019, respectively. There are no redemption restrictions for these investments.

Note 5. Party-in-Interest Transactions

Certain Plan investments are managed by Northern Trust or its affiliates. Northern Trust is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions for which an exemption exists. During the year ended December 31, 2020, the Plan paid investment management fees to Northern Trust totaling $51,858. Other professional fees paid by the Plan, including those paid for record-keeping services, totaled $26,175.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balance.

Note 7. Tax Status

The Plan has adopted a nonstandardized form of a volume submitter plan sponsored by San Diego Pension Consultants Inc. The volume submitter plan has received an advisory letter dated March 31, 2014, from the Internal Revenue Service as to the volume submitter plan document's qualified status. The volume submitter plan document's advisory letter has been relied upon by this Plan. The Plan has been amended since the initial adoption of the volume submitter plan document. The Plan Administrator believes the Plan is designed in compliance with the applicable provisions of the Internal Revenue Code (IRC) and will take all reasonable actions necessary to maintain the qualified status of the Plan and operate the Plan in compliance with the provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
