FIESTA RESTAURANT GROUP, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

1. Description of Plan

The following brief description of the Fiesta Restaurant Group, Inc. Retirement Savings Plan ("the Plan") is provided for general information purposes only.

General. The Plan was established May 8, 2012, and is a defined contribution plan covering substantially all benefit eligible employees of Fiesta Restaurant Group, Inc. ("the Company") and its related subsidiaries. Further information about the Plan and the vesting benefit provisions is available from the Company's Benefits Department. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Prior to July 1, 2020, Prudential Retirement Insurance and Annuity Company served as the recordkeeper and Prudential Bank and Trust, F.S.B ("Prudential") served as the trustee and custodian of the Plan. Effective July 1, 2020, Empower Retirement LLC ("Empower") serves as the recordkeeper of the Plan and Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West") are the trustees and custodians of the Plan.

Contributions. Each year, participants may contribute up to 50% of their annual compensation, as defined in the Plan document, either on a tax-deferred or after-tax basis. Under current tax regulations, individual contributions for which taxes may be deferred were limited to $19,500 in 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions for which taxes may be deferred for up to $6,500 above the annual limit for 2020. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2020, the Company contributed a safe harbor contribution equal to 100% of each participant's elective deferral not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. The Plan's safe harbor matching contribution was suspended effective July 1, 2020.

Effective January 1, 2021, the Plan was amended and the matching contribution will be determined by the Company at its sole discretion.

Vesting. Participants are immediately vested in their personal contributions and safe-harbor matching contributions, plus actual earnings thereon. Vesting in the Company's non-safe harbor matching contribution is based on years of continuous service. Partial vesting occurs as follows:

Years of Service	Vested Percentage
Less than 1	None
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Participants become 100% vested in the Company's contribution at the earliest occurrence of the following:

- Attainment of normal retirement date;
- Death;
- Permanent and total disability; or
- Completion of five years of service

Forfeited Accounts. Forfeitures of the non-vested portion of terminated participants' accounts are used to offset future employer contributions or pay administrative expenses. Unallocated forfeitures at December 31, 2020 and 2019 were approximately $17,000 and $44,000, respectively. During 2020, unallocated forfeitures of approximately $53,000 were used to partially offset employer contributions. The employer contribution receivables at December 31, 2020 and 2019 are shown net of forfeitures to be applied of approximately $25,000 and $53,000, respectively.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance; (b) the amount of elective deferral and rollovers in their account; or (c) $50,000, reduced by the highest outstanding loan balance during the previous 12 months. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest is paid ratably through payroll deductions. All loan fees are paid by the participant initiating a loan.

As a result of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which was signed into law on March 27, 2020, the participant loan limit was temporarily increased to the lesser of $100,000 or 100% of the vested account balance. This increase was permitted for loans granted from March 27, 2020 through September 23, 2020. In addition, repayments of loans due between March 27, 2020 and December 31, 2020 were allowed to be deferred up to one year upon participant request.

Payment of Benefits. The Plan provides for normal retirement upon reaching age 65 and has provisions for early retirement, in-service, hardship, disability, death and termination benefits for those participants who are eligible to receive such benefits. Upon termination of service, participants can elect to have a qualified rollover of their vested balance, receive a lump-sum amount, installment payments or annuity payments equal to the value of the participant's vested interest in his/her account.

As a result of the CARES Act, qualified individuals were permitted through December 31, 2020 to take a distribution in an amount up to $100,000 without imposition of the 10% early distribution penalty, and this distribution is not subject to the 20% tax withholding rate. Additionally, individuals taking this distribution have the option to spread the tax over three years with the ability to recontribute up to the full amount of the distributions within three years and not be subjected to tax as a result.

Hardship Withdrawals. A participant may be eligible for a hardship withdrawal if the participant meets any one of the following criteria:

- Expenses previously incurred by or necessary to obtain medical care for the participant or any dependent of the participant;
- Costs directly related to the purchase (excluding mortgage payments) of a principal residence for the participant;
- Payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant or any dependent of the participant;
- Payments necessary to prevent the eviction of the participant from their principal residence or foreclosure on the mortgage of the participant's principal residence;
- Payment of funeral or burial expenses for a participant's deceased parent, spouse, child or dependent; or
- Expenses for the repair of damage to the participant's principal residence that would qualify for a casualty loss deduction.

Separated Participants. The Plan allows participants upon termination, retirement or permanent disability to defer receipt of their account balance if their vested benefit exceeds $5,000 at the termination date or at the time of any prior distribution. If a participant terminates with an account balance of $1,000 or less, and a rollover election is not made, the Plan will make a lump sum distribution to the participant. If a participant terminates with an account balance of more than $1,000 but less than $5,000, and a rollover or lump sum distribution is not elected, the Plan will rollover the account balance to an individual retirement account.

2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Subsequent Events. In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 12, 2021, the date that the financial statements were available to be issued.

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Excess Contributions Payable. At December 31, 2020, the Plan recorded a liability of $76,621 for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the Internal Revenue Code (“IRC”).

Risks and Uncertainties. The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan’s individual investments have and will fluctuate in response to changing market conditions and therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefit payments are recorded when paid to the participant.

Investment Valuation and Income Recognition. Except for the guaranteed interest account discussed in Notes 4 and 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Fees. The Plan's administrative fees are paid by either the Plan or the Company.

Revenue Credit Account. The Plan has a revenue credit account which is a suspense account funded with excess revenue generated by the Plan. During 2020, the Plan received revenue credits of $41,340, which has been recorded as other income on the statement of changes in net assets available for benefits. These funds may be used to pay Plan expenses or be allocated to each participant who is employed at a set point in time during the Plan year. During 2020, $33,423 was used to pay administrative expenses.

3. Fair Value Measurements

The Plan follows the fair value measurement guidance presented by GAAP for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Other observable market-based inputs or unobservable inputs that are corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Unobservable inputs that cannot be corroborated by market data.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price.
- *Pooled separate investment accounts*: These investments are valued based on NAV, as a practical expedient, of the underlying investments provided by the administrator of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that were measured at fair value as of December 31:

	2020	2019
Level 1:		
Mutual funds	$ 12,129,471	$ 11,257,521
Other investments measured at net asset value[(1)]:		
Pooled separate investment accounts	—	82,053
	$ 12,129,471	$ 11,339,574

(1) In accordance with the Financial Accounting Standards Board Accounting Standards Codification 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Fully Benefit-Responsive Investment Contract with Prudential

The Plan participated in the Prudential Guaranteed Income Fund ("GIF"), which is an insurance company issued general account backed group annuity contract. All transactions are at contract value, including discontinuance of the contract.

Since the guaranteed investment contract is fully benefit-responsive, it is required to be presented at contract value. Contract value as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. The GIF is a group annuity insurance product issued by Prudential Retirement Insurance and Annuity Company ("PRIAC"), and is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of PRIAC and not on the value of the securities within the insurer's general account. Deposits made to the GIF are deposited in PRIAC's general account. Payment obligations under the GIF represent an insurance claim supported by all general account assets.

There are generally no events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value paid over time. There are no events that allow the issuer to terminate the contract at an amount different than contract value paid either within 90 days or over time.

The Plan’s investments in this Guaranteed Income Fund were terminated as June 30, 2020 due to the change in trustee and custodian and transfer of the Plan Assets from Prudential to Great-West.

5. Fully Benefit-Responsive Investment Contract with Great-West

The Plan has entered into a benefit-responsive investment contract with Great-West effective July 1, 2020. Great-West maintains the contributions in a fixed or variable account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. All transactions are at contract value, including the discontinuance of the contract, as such the contract is considered to be fully benefit-responsive.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, and is reviewed on a quarterly basis for resetting. The minimum gross interest credit rate under the contract is 0.5%. The interest crediting rate earned by the Plan for the year ended December 31, 2020 was 1.05%.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan terminations or merger with another Plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the provisions of the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants' accounts will become 100% vested.

7. Tax Status

The Plan adopted a volume submitter plan sponsored by Alliant Insurance Services, Inc. (the "Volume Submitter Plan"). The Internal Revenue Service ("IRS") has determined and informed the Volume Submitter Plan by a letter dated July 31, 2015, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Volume Submitter Plan letter has been relied upon by this Plan. The Plan has been amended since the Volume Submitter Plan received the advisory letter. The Company believes that the Plan is currently designed and currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-In-Interest Transactions

Certain Plan investments are managed by Great-West and related entities and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions as defined by ERISA.

9. Information Certified by Plan Trustees and Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, and Prudential, have provided to the Plan Administrator certifications as to the completeness and accuracy of certain information, as follows:

- Statements of Net Assets Available for Benefits—All items except employee and employer contributions receivable and the excess contribution liability.
- Statement of Changes in Net Assets Available for Benefits—Interest and dividend income, interest on notes receivable from participants and net appreciation in fair value of investments.
- Schedule H, line 4(i) - Schedule of Assets (Held at End of Year)—All items.

10. Sale of Texas Taco Cabana

On August 16, 2021, the Company completed the sale of its Taco Cabana restaurant business. The effects of this transaction on the Plan are not known at this time.
