1 - DESCRIPTION OF PLAN

GENERAL

The Employee 401(k) Savings Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on October 16, 1982, covering substantially all employees of Consolidated Electrical Distributors, Inc. and its affiliates (collectively, the "Company" or "Plan Administrator"). Fidelity Management Trust Company ("Fidelity" or the "Trustee"), in conjunction with Fidelity Workplace Services LLC, serve as the Trustee and recordkeeper, respectively. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees of the Company who have attained the age of eighteen are eligible to participate in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching and discretionary contributions, and an allocation of Plan earnings.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company matching and discretionary contributions. A participant may elect to contribute a portion of his or her pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). The Plan accepts after-tax, Roth participant contributions subject to the same IRC limitations. Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

The Plan has an automatic enrollment feature. Eligible employees are automatically enrolled in the Plan at a pretax contribution of 8%, unless otherwise elected. Contributions will be mapped to a target date retirement fund based on age, unless otherwise elected by the participant. All enrolled employees as of January 1, 2019, who have a deferral rate of less than 8% and are eligible for matching contributions will be automatically increased at a rate of 1% per year until reaching a deferral rate of 8% of compensation.

The Plan also allows for Company matching contributions in amounts to be determined by the Company based on eligible compensation contributed to the Plan each pay period. For the year ended December 31, 2020, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals per pay period up to 50% of 8% of a participant's year-to-date compensation. Matching contributions are trued-up throughout the year, as defined by the Plan document. The Plan also allows for discretionary Company contributions. In 2020, the Company approved a discretionary Company contribution to all eligible participants that met certain requirements determined by the Company. Each eligible employee was awarded a $2,500 additional bonus.

1 - DESCRIPTION OF PLAN, CONTINUED

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in either installment payments or a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances less than $1,000 or less at the time of distribution will be cashed out as either an involuntary lump sum payment or by the direct rollover into an individual retirement account or other eligible retirement plan.

INVESTMENT OPTIONS

For the year ended December 31, 2020, the Plan provides for participants to direct both their elective contributions and Company contributions into a variety of mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the trust agreement. For the year ended December 31, 2019, the Plan provides for participants to direct both their elective contributions and Company contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in elective deferrals, rollover contributions, and qualified non-elective contributions plus actual earnings, thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest 20% per year beginning after one year of qualified service and are 100% vested after five years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company contributions. At December 31, 2020 and 2019, there were forfeitures of $304,501 and $134,930 available, respectively. These forfeitures are reported as a component of net assets available for benefits. During 2020, forfeitures in the amount of $980,039 were used to reduce Company contributions, and $12,323 were used to pay administrative expenses.

REVENUE SHARING ACCOUNT

Revenue sharing accounts are used to pay administrative expenses or allocated to participant accounts. At December 31, 2020 and 2019, there were funds of $17,120 and $8,311 available, respectively. For the year ended December 31, 2020, revenue sharing contributions to the Plan totaled $677,044 and are recorded as "Other Income" on the Statement of Changes in Net Assets Available for Benefits. These funds were used to pay for administrative expenses for the year ended December 31, 2020.

1 - DESCRIPTION OF PLAN, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan does not allow new borrowings to participants. The outstanding note balances as of December 31, 2020 and 2019, were merged in from previous employers. The notes are secured by the balance in participant accounts. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates from 4.25% to 10% and maturities ranging from March 2021 through June 2029. Notes receivable from participants as of December 31, 2019, have interest rates from 4.25% to 10% and maturities ranging from March 2020 through June 2029.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT OF 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available through the last day of the Plan year that begins in 2020. For eligible CARES Act distribution requests, all vested contribution sources were made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes are spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020 or to participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

Through September 23, 2020, repayments of existing notes receivable from participants could be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See "Note 6 – Guaranteed Investment Contract with MassMutual"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivables from participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

Common collective trust: Valued at the NAV of units of a bank collective trust, as provided by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 651,740,554	$ -	$ -	$ 651,740,554
Common collective trust	-	35,160,585	-	35,160,585
Total investments at fair value	$ 651,740,554	$ 35,160,585	$ -	$ 686,901,139

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 504,975,045	$ -	$ -	$ 504,975,045
Total investments at fair value	$ 504,975,045	$ -	$ -	$ 504,975,045

4 – PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are secured by the participant's account balances. Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

5 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Nets Assets Available for Benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

6 – GUARANTEED INVESTMENT CONTRACT WITH MASSMUTUAL

The Plan held an investment, the MassMutual SAGIC Core Bond, a fully benefit-responsive guaranteed investment contract issued by the Massachusetts Mutual Life Insurance Company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a Plan terminates its interest in the contract unless a 12-month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

6 – GUARANTEED INVESTMENT CONTRACT WITH MASSMUTUAL, CONTINUED

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the Plan sponsor or other Plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a guaranteed investment contract. Investment securities are exposed to various risks, such as interest rate, concentration, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 - TAX STATUS OF THE PLAN

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated February 23, 2018, in which the IRS stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Therefore, the Plan qualifies under Section 401 of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
