Notes to Financial Statements For the Year Ended December 31, 2020

Note 1 - Plan Description

The following description of the T-Mobile USA, Inc. 401(k) Retirement Savings Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - T-Mobile USA, Inc. is a wholly owned subsidiary of T-Mobile US, Inc. The Plan is a defined contribution plan established by T-Mobile USA, Inc. (the Company or the Employer) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Transfer - Effective April 1, 2020, the Company merged with Sprint Corporation (Sprint). As a result of the merger, the Sprint 401(k) Plan was merged into the Plan. Assets of the Sprint 401(k) Plan totaling approximately \$3.8 billion were transferred into the Plan on December 31, 2020, including a safe harbor matching contribution of \$70 million that is recorded as an employer receivable on the accompanying statements of net assets available for benefits. As of December 31, 2020, assets totaling \$885 million relating to the plan merger were in-transit and are reported as a receivable on the statement of net assets available for benefits. Participants of the Sprint 401(k) Plan became participants of the Plan on January 1, 2021.

Eligibility - Employees are eligible to participate in the Plan immediately upon the start of employment. Employees who have completed one year of service as defined by the Plan provisions are eligible to receive allocations of employer matching contributions.

Plan Administration - The Plan is administered by the Retirement Committee, which consists of certain employees of the Company. Fidelity Management Trust Company serves as the trustee for the Plan.

Contributions - The plan provisions permit pre-tax and Roth contributions by employees pursuant to section 401(k) of the IRC. Participants contribute to the Plan each pay period through payroll deductions at the rate of any whole percentage from 1% to 75% of the participant's eligible regular compensation and up to 85% of eligible bonus compensation.

Participants who have attained age 50 as of December 31, 2020, may make catch-up contributions of up to \$6,500 each plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company provides a safe harbor matching contribution equal to 100% of each participant's contribution up to a maximum of 3% of eligible compensation and 50% of each participant's contribution on the next 2% of eligible compensation, up to a maximum of 4% or the IRC limitation for a safe harbor matching contribution. The Plan also provides for a discretionary profit-sharing contribution to be made by the Company. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2020.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with an allocation of (a) Company contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements For the Year Ended December 31, 2020

Note 1 - Continued

Investment Options - Participants may direct their contributions and any related earnings into investment options in 1% increments. Investment options include shares of registered investment companies (mutual funds), collective trust funds, and money market funds. Participants may also access a number of investment securities outside the Plan's investment options via Fidelity's brokerage option, a self-directed brokerage tool. Participants may invest up to 100% of their account balance through the brokerage option. Eligible securities are defined under the Plan and are generally limited to most publicly traded mutual funds and exchange traded funds (ETFs). Participants may change their investment elections and make transfers between investment options daily.

Vesting - Participants are fully vested in all contributions and earnings thereon. Participants of the Sprint 401(k) Plan with unvested account balances transferred into the Plan are subject to a vesting schedule based on years of service and are 100% vested after three years of credited service.

Forfeited Accounts - The Employer, at its discretion, may elect to utilize unallocated forfeited amounts transferred into the Plan in previous years from merged plans to reduce future employer contributions or to pay reasonable administrative expenses of the Plan. As of December 31, 2020, the balance of unallocated forfeitures was approximately \$50,000 (2019 - approximately \$50,000). Forfeitures in the amount of approximately \$503,000 were used to pay administrative expenses and reduce employer contributions during 2020.

Payment of Benefits - Upon termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive a distribution in the form of either a lump-sum equal to the value of the participant's vested interest in his or her account or in monthly installments over a fixed and reasonable period of time, not to exceed the life expectancy of the participant or designated beneficiary. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan agreement. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Notes Receivable From Participants - A participant may borrow 50% of his or her vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Participants are assessed a fee of \$50 for each loan origination. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may exceed five years. Loans are secured by the balance of the participant's account. The interest rate is determined by the plan administrator at loan inception based on prime plus 2% and is fixed over the life of the note. The interest rates on outstanding loans ranged from 3.25% to 7.5% at December 31, 2020, and mature through January 2046.

CARES Act - During 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which allows qualified participants to borrow up to \$100,000 of their vested account balance and qualified participants with outstanding loan balances to delay loan repayments for up to one year. The Plan also adopted a CARES Act provision allowing qualified participants to withdraw up to \$100,000 from their vested account balance.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2020

Note 2 - Continued

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2020 and 2019, there were no benefit payments that had been requested but not paid.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded for the full amount of the outstanding loan balance.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participants are assessed a quarterly administrative fee for custodial, recordkeeping, auditing and investment advisory services. Fees are charged on a pro rata basis to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Loan origination and distribution fees are paid by the requesting participants of the Plan. Loan origination, distribution fees and quarterly administrative fees paid by participants for the year ended December 31, 2020, totaled \$2,625,807. Substantially all other administrative expenses related to the Plan are paid by the Company.

Subsequent Events - The Plan's management has evaluated subsequent events through October 12, 2021, the date on which the Plan's financial statements were available to be issued.

On January 1, 2021, participants of the Sprint 401(k) Plan became participants of the Plan. See Note 1 - Plan Transfer for further information.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2020

Note 3 - Continued

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds and Money Market Fund - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued using the NAV as a practical expedient to estimate fair value, as provided by the funds' trustees. The NAV is based on the fair value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of units outstanding at the valuation date. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, each fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds and ETFs that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

A description of the significant investment strategies for investments measured using the NAV practical expedient are required to be disclosed unless the investment files a Form 5500 as a direct filing entity. The funds included above file a Form 5500 as a direct filing entity, with the exception of the AMG TimesSquare Mid Cap Growth Fund, an equity collective trust fund. The fund's investment strategy is to seek long-term capital appreciation and produce returns in a risk-controlled manner. The fund invests at least 80% of its net assets in common and preferred stocks of U.S. mid-capitalization companies.

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2020

Note 4 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020 and 2019, and investment income and transactions for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Fidelity provides trustee and custodial services to the Plan. Transactions with Fidelity and its affiliates qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Direct fees paid by the Plan to Fidelity and its affiliates for the year ended December 31, 2020, totaled \$2,625,807.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Note 7 - Tax Status

The Company has adopted a Fidelity volume submitter plan document. Fidelity received an opinion letter from the IRS dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

During 2019, the plan sponsor received notification from the U.S. Department of Labor (DOL) that the Plan was under examination. The DOL issued requests related to the Plan from January 1, 2016 to present. The examination was ongoing as of the date these financial statements were available to be issued.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Notes to Financial Statements
For the Year Ended December 31, 2020**

Note 9 - Concentrations

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of the TRP Retirement 2040 Active Trust, Vanguard Inst Index Trust, and Vanguard Retirement 2030 Active Trust. These investments represent approximately 39% of total plan investments at December 31, 2020. The Plan's management seeks to limit its credit exposure by working with high-credit quality institutions.

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2020

Note 1 - Plan Description

The following description of the T-Mobile USA, Inc. 401(k) Retirement Savings Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - T-Mobile USA, Inc. is a wholly owned subsidiary of T-Mobile US, Inc. The Plan is a defined contribution plan established by T-Mobile USA, Inc. (the Company or the Employer) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Transfer - Effective April 1, 2020, the Company merged with Sprint Corporation (Sprint). As a result of the merger, the Sprint 401(k) Plan was merged into the Plan. Assets of the Sprint 401(k) Plan totaling approximately \$3.8 billion were transferred into the Plan on December 31, 2020, including a safe harbor matching contribution of \$70 million that is recorded as an employer receivable on the accompanying statements of net assets available for benefits. As of December 31, 2020, assets totaling \$885 million relating to the plan merger were in-transit and are reported as a receivable on the statement of net assets available for benefits. Participants of the Sprint 401(k) Plan became participants of the Plan on January 1, 2021.

Eligibility - Employees are eligible to participate in the Plan immediately upon the start of employment. Employees who have completed one year of service as defined by the Plan provisions are eligible to receive allocations of employer matching contributions.

Plan Administration - The Plan is administered by the Retirement Committee, which consists of certain employees of the Company. Fidelity Management Trust Company serves as the trustee for the Plan.

Contributions - The plan provisions permit pre-tax and Roth contributions by employees pursuant to section 401(k) of the IRC. Participants contribute to the Plan each pay period through payroll deductions at the rate of any whole percentage from 1% to 75% of the participant's eligible regular compensation and up to 85% of eligible bonus compensation.

Participants who have attained age 50 as of December 31, 2020, may make catch-up contributions of up to \$6,500 each plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company provides a safe harbor matching contribution equal to 100% of each participant's contribution up to a maximum of 3% of eligible compensation and 50% of each participant's contribution on the next 2% of eligible compensation, up to a maximum of 4% or the IRC limitation for a safe harbor matching contribution. The Plan also provides for a discretionary profit-sharing contribution to be made by the Company. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2020.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with an allocation of (a) Company contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements For the Year Ended December 31, 2020

Note 1 - Continued

Investment Options - Participants may direct their contributions and any related earnings into investment options in 1% increments. Investment options include shares of registered investment companies (mutual funds), collective trust funds, and money market funds. Participants may also access a number of investment securities outside the Plan's investment options via Fidelity's brokerage option, a self-directed brokerage tool. Participants may invest up to 100% of their account balance through the brokerage option. Eligible securities are defined under the Plan and are generally limited to most publicly traded mutual funds and exchange traded funds (ETFs). Participants may change their investment elections and make transfers between investment options daily.

Vesting - Participants are fully vested in all contributions and earnings thereon. Participants of the Sprint 401(k) Plan with unvested account balances transferred into the Plan are subject to a vesting schedule based on years of service and are 100% vested after three years of credited service.

Forfeited Accounts - The Employer, at its discretion, may elect to utilize unallocated forfeited amounts transferred into the Plan in previous years from merged plans to reduce future employer contributions or to pay reasonable administrative expenses of the Plan. As of December 31, 2020, the balance of unallocated forfeitures was approximately \$50,000 (2019 - approximately \$50,000). Forfeitures in the amount of approximately \$503,000 were used to pay administrative expenses and reduce employer contributions during 2020.

Payment of Benefits - Upon termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive a distribution in the form of either a lump-sum equal to the value of the participant's vested interest in his or her account or in monthly installments over a fixed and reasonable period of time, not to exceed the life expectancy of the participant or designated beneficiary. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan agreement. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Notes Receivable From Participants - A participant may borrow 50% of his or her vested account balance up to a maximum of \$50,000. The minimum loan amount is \$1,000. Participants are assessed a fee of \$50 for each loan origination. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may exceed five years. Loans are secured by the balance of the participant's account. The interest rate is determined by the plan administrator at loan inception based on prime plus 2% and is fixed over the life of the note. The interest rates on outstanding loans ranged from 3.25% to 7.5% at December 31, 2020, and mature through January 2046.

CARES Act - During 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which allows qualified participants to borrow up to \$100,000 of their vested account balance and qualified participants with outstanding loan balances to delay loan repayments for up to one year. The Plan also adopted a CARES Act provision allowing qualified participants to withdraw up to \$100,000 from their vested account balance.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2020

Note 2 - Continued

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2020 and 2019, there were no benefit payments that had been requested but not paid.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded for the full amount of the outstanding loan balance.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participants are assessed a quarterly administrative fee for custodial, recordkeeping, auditing and investment advisory services. Fees are charged on a pro rata basis to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Loan origination and distribution fees are paid by the requesting participants of the Plan. Loan origination, distribution fees and quarterly administrative fees paid by participants for the year ended December 31, 2020, totaled \$2,625,807. Substantially all other administrative expenses related to the Plan are paid by the Company.

Subsequent Events - The Plan's management has evaluated subsequent events through October 12, 2021, the date on which the Plan's financial statements were available to be issued.

On January 1, 2021, participants of the Sprint 401(k) Plan became participants of the Plan. See Note 1 - Plan Transfer for further information.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2020

Note 3 - Continued

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds and Money Market Fund - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Collective Trust Funds - Valued using the NAV as a practical expedient to estimate fair value, as provided by the funds' trustees. The NAV is based on the fair value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of units outstanding at the valuation date. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, each fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts - Accounts primarily consist of mutual funds and ETFs that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

A description of the significant investment strategies for investments measured using the NAV practical expedient are required to be disclosed unless the investment files a Form 5500 as a direct filing entity. The funds included above file a Form 5500 as a direct filing entity, with the exception of the AMG TimesSquare Mid Cap Growth Fund, an equity collective trust fund. The fund's investment strategy is to seek long-term capital appreciation and produce returns in a risk-controlled manner. The fund invests at least 80% of its net assets in common and preferred stocks of U.S. mid-capitalization companies.

T-MOBILE USA, INC. 401(k) RETIREMENT SAVINGS PLAN & TRUST

Notes to Financial Statements For the Year Ended December 31, 2020

Note 4 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020 and 2019, and investment income and transactions for the year ended December 31, 2020, that are disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Fidelity provides trustee and custodial services to the Plan. Transactions with Fidelity and its affiliates qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Direct fees paid by the Plan to Fidelity and its affiliates for the year ended December 31, 2020, totaled \$2,625,807.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Note 7 - Tax Status

The Company has adopted a Fidelity volume submitter plan document. Fidelity received an opinion letter from the IRS dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

During 2019, the plan sponsor received notification from the U.S. Department of Labor (DOL) that the Plan was under examination. The DOL issued requests related to the Plan from January 1, 2016 to present. The examination was ongoing as of the date these financial statements were available to be issued.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Notes to Financial Statements
For the Year Ended December 31, 2020**

Note 9 - Concentrations

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of the TRP Retirement 2040 Active Trust, Vanguard Inst Index Trust, and Vanguard Retirement 2030 Active Trust. These investments represent approximately 39% of total plan investments at December 31, 2020. The Plan's management seeks to limit its credit exposure by working with high-credit quality institutions.
