Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following brief description of the Sprint 401(k) Plan (the Plan) provides only general information. For more complete information participants should refer to the Plan document and the Summary Plan Description, which can be obtained by calling the Employee Help Line at 800-697-6000.

General

The Plan is a defined contribution plan established by Sprint Corporation (the Company) and adopted by substantially all of its subsidiaries. The Plan includes a qualified cash or deferred arrangement as defined in section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was originally adopted on January 1, 1984 as the Sprint Retirement Savings Plan, which was subsequently changed to the Sprint 401(k) Plan effective in 2013. The Plan was a continuation of the United Telecom Savings Plan for the exclusive benefit of eligible employees of Sprint Corporation and most of its subsidiaries.

Effective October 10, 1989, the United Telecommunications, Inc. Employee Stock Ownership Plan (TRASOP), was merged into the Plan. The TRASOP Account was a defined contribution plan that invested in common stock of the Company. Effective November 1, 2000, the Centel Employee Stock Ownership Plan (CESOP) related to non-bargaining unit employees was merged into the Plan. Under the Sprint 401(k) Plan, separate plan provisions relate solely to the Plan, the TRASOP Account and the CESOP Account. Additional information on the TRASOP and CESOP Accounts may be obtained by referring to the Plan document or by calling the Employee Help Line at 800-697-6000. In May 2012, the TRASOP Account and CESOP Account were combined with the Company Stock Fund for investment reporting.

In May 2019, the assets of the Sprint Connect Employee 401(k) plan were merged into the Plan.

On April 1, 2020, T-Mobile US, Inc. (T-Mobile) closed on its business combination agreement with Sprint to merge in an all-stock transaction and as a result, Sprint and its subsidiaries became wholly-owned consolidated subsidiaries of T-Mobile. The Retirement Committee under the T-Mobile Board of Directors, as permitted by the Plan document, adopted and approved a resolution of merger to transfer the assets of the Plan into the T-Mobile USA, Inc. 401(k) Retirement Savings Plan and Trust (T-Mobile Plan) for all eligible employees and participants. The Plan's assets, including employer contributions receivable, were transferred into the T-Mobile Plan on December 31, 2020 as recorded in "Transfer to T-Mobile USA, Inc. 401(k) Retirement Savings Plan and Trust" in the Statement of Changes in Net Assets Available for Benefits.

Plan Information

Eligibility

Participation in the Plan is voluntary. Individuals employed by certain of the Company's subsidiaries who are not under the age of 18 and who are not represented by a collective bargaining unit are eligible to participate upon the date of hire.

Contributions

Effective January 1, 2008, a Roth 401(k) feature was added to the Plan. This feature allows employees to make qualified after-tax contributions to the Plan. The qualified contributions and the earnings thereon would not be taxed upon distribution.

Participants may contribute up to 80% of their eligible pay in pre-tax, Roth and after-tax contributions. Total pre-tax and Roth participant contributions may not exceed annual limitations defined in the IRC of \$19,500 for the 2020 Plan year. Eligible participants may make catch-up contributions. To be eligible to make catch-up contributions, a participant must be age 50 by the end of the applicable plan year and must contribute the maximum elective contribution for that plan year. The pre-tax and Roth catch-up contribution limit was \$6,500 in total for the 2020 Plan year. The percentage that may be contributed by participants who meet the definition of a highly compensated employee, as defined in the IRC, is periodically recalculated in order to maintain compliance with the nondiscrimination provisions of the IRC. Employee

SPRINT 401(k) PLAN
Notes to Financial Statements

contributions in excess of the percentage calculated to maintain nondiscrimination compliance, as discussed above, are recognized as a liability of the Plan as of the measurement date of the financial statements. Subject to certain limitations and restrictions, the Plan permits participants to make rollover contributions from other plans qualified under Section 401 of the IRC. The Plan includes an automatic increase program that automatically increases a participant's contribution amount by 1% on an annual basis until the participants pre-tax or Roth Contribution equals 10%. Participants can elect to not participate in the automatic increase program. In addition, the Plan has an enrollment feature for new and rehired employees whereby they would be enrolled in the Plan with an initial contribution level of 2% of the participant's eligible compensation. The participant can opt out of the automatic enrollment feature within 30 days or modify the contribution level.

In 2020, the Company matching contribution was 100% of the participants' pre-tax and Roth contribution (in aggregate) on the first 3% of eligible compensation and 50% on the next 2% of eligible compensation. In addition, the Company may authorize an additional discretionary match if approved by the Board of Directors. The matching contribution on the first 3% of compensation and 50% on the next 2% of compensation was deposited into eligible participant accounts in the T-Mobile Plan in 2021 for the 2020 Plan year. There was no discretionary matching contribution for 2020.

Investment Funds

Participants direct their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time. Participants may also execute a transfer of funds on any day the New York Stock Exchange is open. Other limitations on transfers between funds apply in certain circumstances. The Company matching contribution will be invested into the same funds at the same percentages that the employees choose to contribute.

As of January 1, 2006, no participant contributions or employer matching contributions may be invested in the Company Stock Fund, TRASOP Account or CESOP Account (collectively "Company Stock Fund") and no investment exchanges may be made into the Company Stock Fund. However, participants are allowed to transfer money out of the Company Stock Fund.

Vesting

Participants are 100% vested in their participant contribution accounts. Participants are also 100% vested in Company matching contributions made after January 1, 2006 through December 31, 2015. Matching contributions made prior to January 1, 2006 were subject to a five year vesting schedule. If a participant is terminated and subsequently rehired, any Company matching contributions made prior to January 1, 2006 that the participant previously forfeited would be restored if the participant either:

- maintained their account balance in the Plan the entire time they were not employed by the Company; or
- after termination received a distribution of their vested amount, and after being rehired, repays to their account in the Plan the full amount of the previous distribution no later than five years after the date the distribution was made.

Beginning in January 2016, participants hired after January 1, 2016 will have the following vesting schedule for Company matching contributions:

Years of service at separation	Vested Percentage
Less than 1 year	0%
1 year, but less than 2 years	33%
2 years, but less than 3 years	66%
3 years or more	100%

Effective January 1, 2020, the Plan became a safe-harbor plan and participants are 100% vested in Company 2020 matching contributions.

SPRINT 401(k) PLAN
Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow up to the lesser of (1) one-half of the total estimated fair value of their vested account balance, (2) \$50,000 reduced by the highest outstanding balance of the participant's initial loan from the Plan during the one-year period ending on the date the second loan is made, or (3) the total estimated fair value of their pre-tax, Roth, and after-tax participant contributions, including rollover contributions. The minimum required borrowing is \$1,000. See the *CARES Act* disclosure for certain provisions that were applicable to the 2020 Plan year.

Participants may have no more than two loans outstanding from the Plan at a time. Amounts borrowed by participants must be repaid within five years of each borrowing. In the event that the proceeds of the loan are used to acquire a participant's principal residence, the maximum repayment period is 25 years. The loans are secured by the balances in the participants' accounts. The interest rate charged on loans is set by Sprint's Employee Benefits Committee. Upon retirement, termination, disability, or death the employee (or designated beneficiary) has 60 days to voluntarily repay their loan. If the loan is not repaid within those 60 days, it will be considered in default and deemed distributed. As of December 31, 2020, there were no outstanding loans.

Withdrawals

Participants may withdraw the vested balance of their account as a single lump sum when they retire, terminate employment with the Company, reach age 59 1/2, meet "hardship" requirements defined in the IRC, or become permanently disabled. Effective April 1, 2017, a participant can elect to receive withdrawals of their vested balance in a single lump sum or on an installment basis upon retirement, termination of employment, death, or total and permanent disability. In-service withdrawals may be made from the participant's vested portion of the Company matching contribution that has been held by the Plan for two full calendar years following the year of contribution. In-service withdrawals may only be requested twice a year, are subject to certain Plan limitations and may result in an early withdrawal penalty. The minimum in-service withdrawal is the lesser of \$1,000 or 50% of the maximum amount that is available for withdrawal but must be at least \$100. See the *CARES Act* disclosure for certain provisions that were applicable to the 2020 Plan year.

Forfeitures

Withdrawing participants who did not meet the vesting guidelines for contributions made prior to January 1, 2006 and after January 1, 2016, forfeited their non-vested portion of the Company contribution. As of December 31, 2020, there were no forfeited non-vested account balances remaining. As of December 31, 2019, forfeited non-vested account balances totaled \$1,866,000. In 2020, forfeited accounts were used to pay a portion of the reasonable and approved Plan expenses of \$1,770,000.

Participant Accounts

A separate account is maintained for each participant in the Plan. Each participant's account is adjusted for (a) Company contributions on behalf of the participant, (b) the participant's contributions to the Plan, including rollover contributions, (c) the participant's share of any investment income or loss, (d) withdrawals, (e) loans, (f) forfeitures of Company contributions made prior to January 1, 2006 and after January 1, 2016 due to the participant's withdrawal from the Plan, and (g) reinstatement of forfeitures.

Administration and Plan Expenses

The Sprint Employee Benefits Committee (Plan Administrator) is the named fiduciary of the Plan and is responsible for the administrative and financial activities of the Plan. Plan expenses generally consist of administrative expenses paid to the Fidelity Management Trust Company (Trustee). Certain participant administrative expenses in 2020 were paid by the Company and are excluded from these financial statements. Investment management fees are included in net appreciation in the fair value of investments. The investment manager for the target retirement funds is State Street Global Advisors.

SPRINT 401(k) PLAN
Notes to Financial Statements

Termination

The Company reserves the right to amend or terminate the Plan at any time. Should the entire Plan terminate, the accounts of all participants will become non-forfeitable as of the date of termination.

CARES Act

During 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which allows qualified participants to borrow up to \$100,000 of their vested account balance and qualified participants with outstanding loan balances to delay loan repayments for up to one year. Additionally, the Plan also adopted a CARES Act provision allowing qualified participants to withdraw up to \$100,000 from their vested account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER ITEMS

The following is a summary of the significant accounting policies of the Plan:

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value which is determined using quoted market prices, if available, or estimated fair values (see Note 4. Fair Value Measurements). Purchases and sales of securities are recorded on the trade dates. Dividend income is recorded on the ex-dividend date. Interest income from all the investments is recorded as earned on an accrual basis. Net realized gains and losses are recorded in the accompanying financial statements based on the settlement amount of investments at the time of sale or valuation, and net unrealized gains and losses are recorded based on the estimated fair value of the underlying investment at the measurement date.

Risks and Uncertainties

Sprint Corporation common stock was converted to T-Mobile common stock as of April 1, 2020. The T-Mobile common stock was liquidated on December 7, 2020 and the proceeds from the liquidation of the stock were converted to the participants age-appropriate retirement target date funds. At December 31, 2020, there were no Plan assets in T-Mobile common stock. At December 31, 2019, approximately 0.3% of the Plan's assets were in shares of Sprint Corporation common stock. The value of this common stock is subject to fluctuations related to corporate, industry, economic and market factors. At December 31, 2019, Sprint Corporation common stock closed at \$5.21 per share. The Plan's other investment options include a variety of stocks, bonds, mutual funds, and other securities. Investment securities subject participants to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur and that such changes could adversely affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced and may continue to experience significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's investments, investment income, net assets available for benefits, and contributions will depend on future developments, including the duration and continued spread of the outbreak, which are highly uncertain and cannot be predicted.

Benefits paid to participants

Benefits paid to participants are recorded at the fair value of the assets on the date of distribution.

SPRINT 401(k) PLAN
Notes to Financial Statements

3. INVESTMENTS

The Plan's investments are held by the Trustee. All 2020 and 2019 information disclosed in the accompanying financial statements, including investments held and notes receivable from participants as of December 31, 2020 and 2019 and net appreciation in the fair value of investments, dividends and investment interest, and interest from participants' notes receivable for the year ended December 31, 2020 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee. Accordingly, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value for assets and liabilities, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. The methods used to determine the fair market value may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. There are three levels of inputs that are used to measure fair value:

- Quoted prices in active markets for identical assets or liabilities;
- Inputs other than quoted prices in active markets for identical assets or liabilities that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for investments measured at fair value. The Plan had no investments measured at fair value using unobservable inputs.

- Money market account: Consists of short-term investments valued using quoted prices in active markets.
- Common stock: Consists of common stocks valued using quoted prices in active markets.
- Mutual funds: Consists of mutual funds valued using quoted prices in active markets.
- Collective investment trusts: Valued at a derived net asset value (NAV) that is based upon readily determinable NAV's of the underlying collective investment trusts.
- Self-directed accounts: Consist of common stocks, mutual funds, exchange traded funds and money market accounts valued at the closing price reported in active markets on which the individual securities are traded.

SPRINT 401(k) PLAN
Notes to Financial Statements

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2019, as there were no investments as of December 31, 2020. See Note 1. Description of the Plan for further discussion of the transfer of Plan assets to the T-Mobile Plan:

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by Fidelity Workplace Services, LLC. Fidelity Management Trust Company is the Plan Trustee, as defined by the Plan. Fidelity Investments Institutional Operations Company, Inc. was paid administrative fees of \$839,000 in 2020.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter dated September 27, 2013, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, is compliant with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be exempt. As a result, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

7. SUBSEQUENT EVENTS

Subsequent events were evaluated for disclosure through October 13, 2021, the date on which the financial statements were available to be issued.

SPRINT 401(k) PLAN
Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following brief description of the Sprint 401(k) Plan (the Plan) provides only general information. For more complete information participants should refer to the Plan document and the Summary Plan Description, which can be obtained by calling the Employee Help Line at 800-697-6000.

General

The Plan is a defined contribution plan established by Sprint Corporation (the Company) and adopted by substantially all of its subsidiaries. The Plan includes a qualified cash or deferred arrangement as defined in section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was originally adopted on January 1, 1984 as the Sprint Retirement Savings Plan, which was subsequently changed to the Sprint 401(k) Plan effective in 2013. The Plan was a continuation of the United Telecom Savings Plan for the exclusive benefit of eligible employees of Sprint Corporation and most of its subsidiaries.

Effective October 10, 1989, the United Telecommunications, Inc. Employee Stock Ownership Plan (TRASOP), was merged into the Plan. The TRASOP Account was a defined contribution plan that invested in common stock of the Company. Effective November 1, 2000, the Centel Employee Stock Ownership Plan (CESOP) related to non-bargaining unit employees was merged into the Plan. Under the Sprint 401(k) Plan, separate plan provisions relate solely to the Plan, the TRASOP Account and the CESOP Account. Additional information on the TRASOP and CESOP Accounts may be obtained by referring to the Plan document or by calling the Employee Help Line at 800-697-6000. In May 2012, the TRASOP Account and CESOP Account were combined with the Company Stock Fund for investment reporting.

In May 2019, the assets of the Sprint Connect Employee 401(k) plan were merged into the Plan.

On April 1, 2020, T-Mobile US, Inc. (T-Mobile) closed on its business combination agreement with Sprint to merge in an all-stock transaction and as a result, Sprint and its subsidiaries became wholly-owned consolidated subsidiaries of T-Mobile. The Retirement Committee under the T-Mobile Board of Directors, as permitted by the Plan document, adopted and approved a resolution of merger to transfer the assets of the Plan into the T-Mobile USA, Inc. 401(k) Retirement Savings Plan and Trust (T-Mobile Plan) for all eligible employees and participants. The Plan's assets, including employer contributions receivable, were transferred into the T-Mobile Plan on December 31, 2020 as recorded in "Transfer to T-Mobile USA, Inc. 401(k) Retirement Savings Plan and Trust" in the Statement of Changes in Net Assets Available for Benefits.

Plan Information

Eligibility

Participation in the Plan is voluntary. Individuals employed by certain of the Company's subsidiaries who are not under the age of 18 and who are not represented by a collective bargaining unit are eligible to participate upon the date of hire.

Contributions

Effective January 1, 2008, a Roth 401(k) feature was added to the Plan. This feature allows employees to make qualified after-tax contributions to the Plan. The qualified contributions and the earnings thereon would not be taxed upon distribution.

Participants may contribute up to 80% of their eligible pay in pre-tax, Roth and after-tax contributions. Total pre-tax and Roth participant contributions may not exceed annual limitations defined in the IRC of \$19,500 for the 2020 Plan year. Eligible participants may make catch-up contributions. To be eligible to make catch-up contributions, a participant must be age 50 by the end of the applicable plan year and must contribute the maximum elective contribution for that plan year. The pre-tax and Roth catch-up contribution limit was \$6,500 in total for the 2020 Plan year. The percentage that may be contributed by participants who meet the definition of a highly compensated employee, as defined in the IRC, is periodically recalculated in order to maintain compliance with the nondiscrimination provisions of the IRC. Employee

SPRINT 401(k) PLAN
Notes to Financial Statements

contributions in excess of the percentage calculated to maintain nondiscrimination compliance, as discussed above, are recognized as a liability of the Plan as of the measurement date of the financial statements. Subject to certain limitations and restrictions, the Plan permits participants to make rollover contributions from other plans qualified under Section 401 of the IRC. The Plan includes an automatic increase program that automatically increases a participant's contribution amount by 1% on an annual basis until the participants pre-tax or Roth Contribution equals 10%. Participants can elect to not participate in the automatic increase program. In addition, the Plan has an enrollment feature for new and rehired employees whereby they would be enrolled in the Plan with an initial contribution level of 2% of the participant's eligible compensation. The participant can opt out of the automatic enrollment feature within 30 days or modify the contribution level.

In 2020, the Company matching contribution was 100% of the participants' pre-tax and Roth contribution (in aggregate) on the first 3% of eligible compensation and 50% on the next 2% of eligible compensation. In addition, the Company may authorize an additional discretionary match if approved by the Board of Directors. The matching contribution on the first 3% of compensation and 50% on the next 2% of compensation was deposited into eligible participant accounts in the T-Mobile Plan in 2021 for the 2020 Plan year. There was no discretionary matching contribution for 2020.

Investment Funds

Participants direct their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time. Participants may also execute a transfer of funds on any day the New York Stock Exchange is open. Other limitations on transfers between funds apply in certain circumstances. The Company matching contribution will be invested into the same funds at the same percentages that the employees choose to contribute.

As of January 1, 2006, no participant contributions or employer matching contributions may be invested in the Company Stock Fund, TRASOP Account or CESOP Account (collectively "Company Stock Fund") and no investment exchanges may be made into the Company Stock Fund. However, participants are allowed to transfer money out of the Company Stock Fund.

Vesting

Participants are 100% vested in their participant contribution accounts. Participants are also 100% vested in Company matching contributions made after January 1, 2006 through December 31, 2015. Matching contributions made prior to January 1, 2006 were subject to a five year vesting schedule. If a participant is terminated and subsequently rehired, any Company matching contributions made prior to January 1, 2006 that the participant previously forfeited would be restored if the participant either:

- maintained their account balance in the Plan the entire time they were not employed by the Company; or
- after termination received a distribution of their vested amount, and after being rehired, repays to their account in the Plan the full amount of the previous distribution no later than five years after the date the distribution was made.

Beginning in January 2016, participants hired after January 1, 2016 will have the following vesting schedule for Company matching contributions:

Years of service at separation	Vested Percentage
Less than 1 year	0%
1 year, but less than 2 years	33%
2 years, but less than 3 years	66%
3 years or more	100%

Effective January 1, 2020, the Plan became a safe-harbor plan and participants are 100% vested in Company 2020 matching contributions.

SPRINT 401(k) PLAN
Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow up to the lesser of (1) one-half of the total estimated fair value of their vested account balance, (2) \$50,000 reduced by the highest outstanding balance of the participant's initial loan from the Plan during the one-year period ending on the date the second loan is made, or (3) the total estimated fair value of their pre-tax, Roth, and after-tax participant contributions, including rollover contributions. The minimum required borrowing is \$1,000. See the *CARES Act* disclosure for certain provisions that were applicable to the 2020 Plan year.

Participants may have no more than two loans outstanding from the Plan at a time. Amounts borrowed by participants must be repaid within five years of each borrowing. In the event that the proceeds of the loan are used to acquire a participant's principal residence, the maximum repayment period is 25 years. The loans are secured by the balances in the participants' accounts. The interest rate charged on loans is set by Sprint's Employee Benefits Committee. Upon retirement, termination, disability, or death the employee (or designated beneficiary) has 60 days to voluntarily repay their loan. If the loan is not repaid within those 60 days, it will be considered in default and deemed distributed. As of December 31, 2020, there were no outstanding loans.

Withdrawals

Participants may withdraw the vested balance of their account as a single lump sum when they retire, terminate employment with the Company, reach age 59 1/2, meet "hardship" requirements defined in the IRC, or become permanently disabled. Effective April 1, 2017, a participant can elect to receive withdrawals of their vested balance in a single lump sum or on an installment basis upon retirement, termination of employment, death, or total and permanent disability. In-service withdrawals may be made from the participant's vested portion of the Company matching contribution that has been held by the Plan for two full calendar years following the year of contribution. In-service withdrawals may only be requested twice a year, are subject to certain Plan limitations and may result in an early withdrawal penalty. The minimum in-service withdrawal is the lesser of \$1,000 or 50% of the maximum amount that is available for withdrawal but must be at least \$100. See the *CARES Act* disclosure for certain provisions that were applicable to the 2020 Plan year.

Forfeitures

Withdrawing participants who did not meet the vesting guidelines for contributions made prior to January 1, 2006 and after January 1, 2016, forfeited their non-vested portion of the Company contribution. As of December 31, 2020, there were no forfeited non-vested account balances remaining. As of December 31, 2019, forfeited non-vested account balances totaled \$1,866,000. In 2020, forfeited accounts were used to pay a portion of the reasonable and approved Plan expenses of \$1,770,000.

Participant Accounts

A separate account is maintained for each participant in the Plan. Each participant's account is adjusted for (a) Company contributions on behalf of the participant, (b) the participant's contributions to the Plan, including rollover contributions, (c) the participant's share of any investment income or loss, (d) withdrawals, (e) loans, (f) forfeitures of Company contributions made prior to January 1, 2006 and after January 1, 2016 due to the participant's withdrawal from the Plan, and (g) reinstatement of forfeitures.

Administration and Plan Expenses

The Sprint Employee Benefits Committee (Plan Administrator) is the named fiduciary of the Plan and is responsible for the administrative and financial activities of the Plan. Plan expenses generally consist of administrative expenses paid to the Fidelity Management Trust Company (Trustee). Certain participant administrative expenses in 2020 were paid by the Company and are excluded from these financial statements. Investment management fees are included in net appreciation in the fair value of investments. The investment manager for the target retirement funds is State Street Global Advisors.

SPRINT 401(k) PLAN
Notes to Financial Statements

Termination

The Company reserves the right to amend or terminate the Plan at any time. Should the entire Plan terminate, the accounts of all participants will become non-forfeitable as of the date of termination.

CARES Act

During 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which allows qualified participants to borrow up to \$100,000 of their vested account balance and qualified participants with outstanding loan balances to delay loan repayments for up to one year. Additionally, the Plan also adopted a CARES Act provision allowing qualified participants to withdraw up to \$100,000 from their vested account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER ITEMS

The following is a summary of the significant accounting policies of the Plan:

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value which is determined using quoted market prices, if available, or estimated fair values (see Note 4. Fair Value Measurements). Purchases and sales of securities are recorded on the trade dates. Dividend income is recorded on the ex-dividend date. Interest income from all the investments is recorded as earned on an accrual basis. Net realized gains and losses are recorded in the accompanying financial statements based on the settlement amount of investments at the time of sale or valuation, and net unrealized gains and losses are recorded based on the estimated fair value of the underlying investment at the measurement date.

Risks and Uncertainties

Sprint Corporation common stock was converted to T-Mobile common stock as of April 1, 2020. The T-Mobile common stock was liquidated on December 7, 2020 and the proceeds from the liquidation of the stock were converted to the participants age-appropriate retirement target date funds. At December 31, 2020, there were no Plan assets in T-Mobile common stock. At December 31, 2019, approximately 0.3% of the Plan's assets were in shares of Sprint Corporation common stock. The value of this common stock is subject to fluctuations related to corporate, industry, economic and market factors. At December 31, 2019, Sprint Corporation common stock closed at \$5.21 per share. The Plan's other investment options include a variety of stocks, bonds, mutual funds, and other securities. Investment securities subject participants to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur and that such changes could adversely affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Global financial markets have experienced and may continue to experience significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's investments, investment income, net assets available for benefits, and contributions will depend on future developments, including the duration and continued spread of the outbreak, which are highly uncertain and cannot be predicted.

Benefits paid to participants

Benefits paid to participants are recorded at the fair value of the assets on the date of distribution.

SPRINT 401(k) PLAN
Notes to Financial Statements

3. INVESTMENTS

The Plan's investments are held by the Trustee. All 2020 and 2019 information disclosed in the accompanying financial statements, including investments held and notes receivable from participants as of December 31, 2020 and 2019 and net appreciation in the fair value of investments, dividends and investment interest, and interest from participants' notes receivable for the year ended December 31, 2020 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee. Accordingly, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value for assets and liabilities, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. The methods used to determine the fair market value may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. There are three levels of inputs that are used to measure fair value:

- Quoted prices in active markets for identical assets or liabilities;
- Inputs other than quoted prices in active markets for identical assets or liabilities that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for investments measured at fair value. The Plan had no investments measured at fair value using unobservable inputs.

- Money market account: Consists of short-term investments valued using quoted prices in active markets.
- Common stock: Consists of common stocks valued using quoted prices in active markets.
- Mutual funds: Consists of mutual funds valued using quoted prices in active markets.
- Collective investment trusts: Valued at a derived net asset value (NAV) that is based upon readily determinable NAV's of the underlying collective investment trusts.
- Self-directed accounts: Consist of common stocks, mutual funds, exchange traded funds and money market accounts valued at the closing price reported in active markets on which the individual securities are traded.

SPRINT 401(k) PLAN
Notes to Financial Statements

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2019, as there were no investments as of December 31, 2020. See Note 1. Description of the Plan for further discussion of the transfer of Plan assets to the T-Mobile Plan:

2019

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by Fidelity Workplace Services, LLC. Fidelity Management Trust Company is the Plan Trustee, as defined by the Plan. Fidelity Investments Institutional Operations Company, Inc. was paid administrative fees of \$839,000 in 2020.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter dated September 27, 2013, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, is compliant with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be exempt. As a result, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

7. SUBSEQUENT EVENTS

Subsequent events were evaluated for disclosure through October 13, 2021, the date on which the financial statements were available to be issued.
