1. DESCRIPTION OF THE PLAN

The following description of Tatcha 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan sponsored by Tatcha LLC ("Company"). The Plan was established in 2015 and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") that was signed into law on March 27, 2020.

Effective May 1, 2021, and in connection with the Company's acquisition by Unilever PLC, the Plan was merged into the Unilever Advantage Savings Plan, sponsored by Unilever United States, Inc. This matter has no impact on the values of net assets reported in the financial statements.

Plan administration

The Company has delegated certain responsibilities for the operation, administration, and recordkeeping of the Plan to Guideline, Inc. The Company has contracted with Benefit Trust Company to act as the custodian.

Eligibility

The plan covers substantially all employees except union employees covered by a collective bargaining agreement, certain nonresident aliens, leased employees, and those individuals not reported on the payroll records of the Company as a common law employee. Eligible employees, who are at least age 18, may participate in the Plan.

Contributions

Each year, participants may contribute up to 100% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the Plan document, up to the maximum annual amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the plan at 1% of their eligible pre-tax compensation unless they affirmatively opt out of participation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company is also allowed to make discretionary matching contributions and profit-sharing contributions to the Plan. During the year ended December 31, 2020, the Company did not make any contributions to the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of any Company contributions and Plan earnings. Accounts are charged with an allocation of investment losses, if any, and administrative expenses, if not paid by the Company. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions and any Company contributions plus earnings thereon.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are reported at fair value. Benefit Trust Company, the custodian, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2020. The Plan is not expected to reimburse the Company. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Benefit Trust Company, the custodian, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, dividend and interest income, reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
- Investments reflected on the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Interest-bearing cash: Valued at cost plus accrued interest.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 89,768	$ -	$ -	$ 89,768
Mutual funds	$ 2,000,110	$ -	$ -	$ 2,000,110
	$ 2,089,878	$ -	$ -	$ 2,089,878

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 9,982	$ -	$ -	$ 9,982
Mutual funds	$ 1,076,530	$ -	$ -	$ 1,076,530
	$ 1,086,512	$ -	$ -	$ 1,086,512

5. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

6. INCOME TAX STATUS

The Plan has adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014. The Plan has been amended since the receipt of the letter from the IRS, however the Plan administrator believes the Plan has been operated in accordance with the provisions of the IRC and its associated trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the form 5500 as of December 31:

	2020
Net assets available for benefits, per the financial statements	$ 2,113,127

The Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions, however, they are exempt from the prohibited transaction rules under ERISA.
