NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of RP Group 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan which covers substantially all employees of RP Group, LLC (the "Company"). Employees become eligible to participate in the Plan upon attainment of age 21, completion of three (3) consecutive months of employment or credited with a year of service at the end of the twelve month period beginning on the employee's date of hire if the employee has been credited with at least 1,000 hour during such a period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Entry dates for participants are the first of every month. The service requirement is waived for active employees employed on April 1, 2015.

Contributions

Participants may defer a percentage of their compensation (either as pre-tax or Roth deferral) from 0% to 100%. Participants may also contribute amounts representing distributions from other qualified defined benefit or define contribution plans. Participants who have attained age 50 before the end of Plan year are eligible to make catch-up contributions. Participants may elect to change their investment options any time throughout the year via direct telephone or internet access.

Participant Accounts

Benefits to employees of the Company consist of participant contributions and earnings on investments. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately vested under the Plan with respect to any voluntary contributions made by the participant to the Plan plus any earnings thereon.

Payment of Benefits

On termination of service for any reason, a participant may elect to receive an amount equal to the value of the participant's vested balance in the form of a lump-sum distribution or installments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Following is a summary of the Plan's more significant accounting and reporting policies.

Basis of Presentation

The accompanying financial statements has been prepared on the accrual basis of accounting and presents the net assets available for the benefit of the participants and change in those net assets.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contract, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Plan Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants

Participants may borrow, subject to certain conditions, from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of the Plan may be paid by the Plan to the extent not paid by the employer. Administrative expenses attributable to terminated participants are allocated among terminated employees in proportion to the amount of their account balance. Administrative expenses attributable to active participants are allocated among active employees in proportion to the amount of their account balance.

NOTE 3 – CERTIFIED FINANCIAL INFORMATION

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the year ended December 31, 2020 and 2019. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Standard Insurance Company, except for comparing such information certified by the custodian to information included in the Plan's financial statement and supplemental schedules.

The following table presents the fair value of participant-directed investments in this Plan that were certified by Standard Insurance Company for the year ended December 31:

	2020	2019
Pooled separate accounts	$ 1,319,411	$ 982,937
Guaranteed investment contract	60,464	49,758
Participant loans	2,004	464
	$ 1,381,879	$ 1,033,159

Standard Insurance Company has also certified to the completeness and accuracy of the $188,474 of interest, dividends and net appreciation (depreciation) in the fair market value for the aforementioned investments for the year ended December 31, 2020.

Standard Insurance Company has also certified to the completeness and accuracy of the $181,394 of interest, dividends and net appreciation (depreciation) in the fair market value for the aforementioned investments for the year ended December 31, 2019.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator and its legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan and has concluded that there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statement.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan is subject to income tax examinations for the years ending 2017 - 2019.

NOTE 5 – CONCENTRATIONS OF CREDIT RISK

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, *Fair Value Measurements* (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTE 6 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified a (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the net asset value by the custodian, as of the close of business and adjusted for dividends, splits, administrative maintenance charges and other items.

Guaranteed investment contract: The guaranteed account is fully benefit responsive and is therefore reported at fair value (see Note 2). The guaranteed account is measured at contract value which approximates fair value. Fair value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE 6 - FAIR VALUE MEASUREMENTS (CONTINUED)

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets and liabilities recorded at fair value have been categorized based upon the fair value hierarchy in accordance with FASB ASC 820. The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 1,319,411	$ -	$ 1,319,411
Guaranteed investment contract	-	60,464	-	60,464
	$ -	$ 1,379,875	$ -	$ 1,379,875

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 982,937	$ -	$ 982,937
Guaranteed investment contract	-	49,758	-	49,758
	$ -	$ 1,032,695	$ -	$ 1,032,695

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2020 and 2019, are reported in the net appreciation (depreciation) in fair value of investments. Unrealized gains/(losses) from the guaranteed investment contract are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

NOTE 7 - GUARANTEED INVESTMENT CONTRACT

During 2020 and 2019, the Plan had a benefit-responsive guaranteed investment contract, the Standard Stable Asset A, with Standard Insurance Company. Standard Insurance Company maintained the contributions to the Standard Stable Asset A in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer of the guaranteed investment contract is contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Participants ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the ability of the Plan to transact at contract value with the issuer, including termination of the guaranteed investment contracts. The Plan administrator believes that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was not probable. The guaranteed investment contract does not permit the custodian to terminate the agreement prior to the scheduled maturity date.

There were no valuation reserves recorded to adjust contract amounts at December 31, 2020 or 2019. The average yield and declared interest rate of the guaranteed account was 2.42% and 2.68% for the years ended December 31, 2020 and 2019, respectively. The declared interest rate may be changed by Standard Insurance Company from time to time, but has a guaranteed minimum rate of 1%.

NOTE 8 – RECONCILIATION OF PLAN FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statement to the Annual Return/Report of Employee Benefit Plan-Form 5500 as of December 31:

Net income per the Form 5500	$ 348,720	$ 352,915

NOTE 9 – RELATED PARTY TRANSACTION

Plan investments are managed by the Custodian. Standard Insurance Company is the Custodian; therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management and other services totaled $1,445 and $1,555 for the years ended December 31, 2020 and 2019, respectively.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in their accounts

NOTE 11 – BONDING REQUIREMENT

The Plan was in compliance with the bonding requirement by ERISA, Title I, Section 412 as of January 1, 2020 and 2019.

NOTE 12 – SUBSEQUENT EVENTS

Subsequent events have been evaluated by plan management through October 12, 2021, the date the financial statements were available to be issued.
