NOTE A - DESCRIPTION OF PLAN

Effective January 1, 2002, Amplify Education, Inc., formerly known as Wireless Generation, Inc., (the "Company" or "Sponsor") established the Amplify Education, Inc. 401(k) Plan (the "Plan") that is a defined contribution plan and covers eligible employees of the Company who elect to participate in the Plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The trustee of the Plan is Fidelity Management Trust Company ("Fidelity" or "Trustee") and the recordkeeper is Fidelity Workplace Services, LLC. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Information concerning the Plan and its provisions can be found in the plan document, a copy of which can be obtained from the Company at Amplify Education, Inc., 55 Washington Street, 8th floor, Brooklyn, New York 11201.

Employees become eligible to participate in the Plan when they have attained 21 years of age and on the 30-day anniversary of their date of hire. In addition, if an employee is hired and fails to make an affirmative election specifying a pre-tax contribution amount or his/her desire not to participate in the Plan, he/she will automatically be enrolled in the Plan at a pre-tax savings contribution rate equal to 3% of the annual compensation.

For payment of benefits - On termination of service due to death, disability, retirement or termination of service for other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

On September 30, 2015, the Company was acquired by Amplify Education Partners, LLC, a Delaware limited liability corporation; however, the Plan continues to operate as intended.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of presentation:

The financial statements of the Plan are prepared under the accrual method of accounting.

[2] Valuation of investments and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Use of estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and changes in net assets available for Plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits are recorded when paid.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided optional distribution, as well as suspension of required minimum distributions ("RMDs"), for anyone required to receive an RMD in 2020. The Plan Sponsor has implemented the following provisions of the CARES Act and the Plan will be formally amended prior to December 31, 2022 as required by the Act.

Participants, who met specific conditions, were eligible to take a COVID-19 related distribution up to $100,000 without a 10% early withdrawal penalty. Eligible distributions could have been taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments will be treated as tax-free rollovers into the participant's account.

The Plan Sponsor elected to suspend paying RMDs to participants and beneficiaries that would otherwise be required to receive an RMD in 2020. However, participants and beneficiaries had a choice between receiving and not receiving the RMD for 2020. In addition, individuals that received an RMD prior to the enactment of the Act had until August 31, 2020 to roll over the RMD to an eligible retirement plan.

NOTE C - CONTRIBUTIONS AND FUNDING POLICY

The Company forwards to Fidelity Management Trust Company ("Fidelity") contributions withheld from the compensation of participants. Contributions are voluntary and are subject to certain limitations imposed by the Internal Revenue Code ("IRC").

Participants may elect to contribute up to 100% of their pre-tax compensation to the Plan, up to a maximum of $19,500 for calendar year 2020. Additional catch-up contributions up to a $6,500 annual limit for 2020 are permitted for employees who have reached the age of 50. Such dollar amounts are adjusted annually for increases in the cost of living in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Company contributed a matching contribution in an amount equal to 100% of the first 1% of a participant's elective deferrals and 50% of the next 5% of a participant's deferrals, provided that the total matching contribution for any participant does not exceed $3,000. The total Company matching contribution for the year ended December 31, 2020 amounted to $1,109,493. There were no other discretionary profit-sharing contributions for the year ended December 31, 2020.

NOTE D - PARTICIPANTS' ACCOUNTS AND VESTING

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant's transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All participant contributions and the earnings thereon are 100% vested and non-forfeitable at all times. Upon retirement at age 65, in the event of disability as defined in the Plan, or other termination of employment, distribution may be made in whole or in part, generally at the election of the participant. Upon death, distribution may be made in whole or in part at the election of the participant's beneficiary.

Vesting in the Company's discretionary profit-sharing contributions and matching contributions are on a three-year graduated schedule; however, at the end of three years of service, all existing and future matching contributions are fully vested. Company contributions will become 100% vested at the normal retirement age of 65 or upon eligibility from a disability retirement. Forfeitures are used to reduce the amount of employer matching contributions. During 2020, $219,267 was forfeited from the non-vested portion of terminated employees and $118,550 was used to reduce employer matching contributions for 2020. At December 31, 2020 and 2019, there were $307,720 and $179,348 of unallocated forfeitures, respectively.

NOTE E - NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator, ranging from 5.25% to 7.50% as of December 31, 2020 and 2019. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

The CARES provided certain loan provisions. Participants, who met specific conditions, were eligible to take a COVID-19 related loan up to $100,000 (an increase from $50,000 previously allowed) for the period March 27, 2020 to September 22, 2020. Loan repayments due between March 27, 2020 and December 31, 2020 could have been suspended until January 1, 2021 for eligible participants, with the repayment amount re-amortized and the due date of the loan extended for up to one year.

NOTE F - ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

NOTE G - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE H - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund - A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The fund's investment objective is to earn income, while seeking to preserve capital and stability of principal. The fund will attempt to accomplish its investment objective by investing primarily in stable value investment contracts. The fund will also seek to maintain a stable net asset value of $1.00. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments subject to fair value measurements as of December 31, 2020 are as follows:

Investment Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 70,232,284	$ -	$ -	$ 70,232,284
Total Investment assets in the fair value hierarchy	$ 70,232,284	$ -	$ -	70,232,284
Common collective trust measured at NAV (A):				1,548,874
Investments at fair value				$ 71,781,158

NOTE H - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments subject to fair value measurements as of December 31, 2019 are as follows:

Investment Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 60,254,874	$ -	$ -	$ 60,254,874
Total Investment assets in the fair value hierarchy	$ 60,254,874	$ -	$ -	60,254,874
Common collective trust measured at NAV (A):				1,417,645
Investments at fair value				$ 61,672,519

(A) Certain investments that are measured at fair value using the net asset per share (or its equivalent) practical expedient that have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for Plan benefits.

NOTE I - TAX STATUS

On March 28, 2014, the Plan adopted a Volume Submitter Defined Contribution Plan sponsored by Fidelity. On March 31, 2014, the IRS stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE J - PLAN TERMINATION

The Company reserves the right, at any time, to amend or terminate the Plan. The Company has not expressed any intent to discontinue or terminate the Plan. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K - RISKS AND UNCERTAINTIES (CONTINUED)

Users of the financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2020 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees, customers, supply chain and production in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Company's products. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make required Plan contributions. At this point, the extent to which the coronavirus may impact the Company's financial results is uncertain.

NOTE L - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Mutual Funds are managed by Fidelity; these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions. The Plan paid $44,332 for administrative expenses to Fidelity for the year ended December 31, 2020.

NOTE M - OTHER INCOME

Fidelity provides certain administrative services to the Plan and receives revenue from mutual fund providers for services that it provides to the funds. Under the trust agreement between Fidelity and the Company, Fidelity deposits revenue sharing credits generated from the arrangement between Fidelity and the investment managers of certain Plan investment options into a revenue credit program ("RCP"). Credits in the RCP are used to offset ERISA-qualified administrative expenses of the Plan that would otherwise be paid directly by the Company. RCP balances are investment in the Plan's money market fund, and credits in the RCP may be allocated to participant accounts to offset participant expense under the Plan. At December 31, 2020 and 2019, the RCP had a total balance of $115,641 and $101,730, respectively, including interest. For the year ended December 31, 2020, $0 in the RCP were utilized in Plan expenses. Other income for the year ended December 31, 2020 reflected $34,387 of revenue sharing credits generated.

NOTE N - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE O - SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through October 12, 2021, the date on which the financial statements were available to be issued.
