NOTE 1. DESCRIPTION OF PLAN

The following is a brief description of the WCA Hospital Defined Contribution Retirement Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers substantially all full-time employees of The Woman's Christian Association (WCA) Hospital of Jamestown, NY (Plan Sponsor). The Plan was established effective January 1, 2005 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Pension Investment Committee is responsible for the general administration of the Plan and carrying out the Plan provisions. The Pension Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

On December 1, 2016, the Plan Sponsor became a 3rd tier subsidiary of the University of Pittsburgh Medical Center (UPMC), and WCA Hospital changed its name to UPMC Chautauqua at WCA (d/b/a UPMC Chautauqua). There were no changes to the Plan administration or operations as a result of this transaction.

The Plan was frozen effective June 30, 2017 and subsequent to this date, no employees may become eligible for the Plan and no further contributions will be permitted. Effective July 1, 2017, the Plan Sponsor adopted the UPMC 401(a) Plan which allows eligible employees to participate in the parent company's Plan. The Board of Directors approved a resolution to merge the assets of the Plan into the UPMC 401(a) Plan as soon as administratively feasible.

On June 19, 2017 the Board of Directors of the Plan Sponsor resolved to merge the WCA Hospital Defined Contribution Retirement Plan with and into the UPMC 401(a) Plan. As a result, net assets of $12,740,553 were transferred to the control of UPMC Savings Plan effective December 14, 2020. The merger does not impact participant benefits as the benefit provisions were incorporated in the UPMC 401(a) Plan.

Participant Accounts: Each participant's account is credited with an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts may be used to offset Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Vesting in WCA's contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are credited with a vesting year of service for each plan year in which they complete at least 750 hours. Participants are fully vested after the completion of three years of service.

Payment of Benefits: On termination of service due to death, disability, retirement or any other reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a rollover to another qualifying plan. To the extent the participant has invested funds in an annuity contract they will receive distributions on a monthly basis for the length of the contract.

During March 2020, the Plan adopted changes to distribution provisions in response to the passing of the CARES Act by the United States Congress. The Plan adopted CARES Act provisions to allow Coronavirus Related Distributions to individuals affected by COVID-19 for up to $100,000 and defer the payment of required minimum distributions.

Forfeited Accounts: At December 31, 2019, forfeited non-vested accounts totaled $10,880. There were no forfeited non-vested accounts as of December 14, 2020. Forfeitures used during the year ended December 31, 2019 amounted to $4,569. These accounts were used to reduce Plan expenses. No forfeitures were used during the period ended December 14, 2020.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Investment Committee determines the Plan's valuation policies using information provided by the trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events: These financial statements have not been updated for subsequent events occurring after September 21, 2021, which is the date these financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820: *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 14, 2020 and December 31, 2019.

> *Shares of registered investment companies:* Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The NAV is the closing price reported on the active market on which securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. There were no assets at fair value in the Plan as of December 14, 2020.

	Assets at Fair Value as of December 31, 2019			
	(Level 1)	(Level 2)	(Level 3)	Total
Shares of registered investment companies	$ 11,139,938	$ -	$ -	$ 11,139,938
Total assets at fair value	$ 11,139,938	$ -	$ -	$ 11,139,938

NOTE 4. GUARANTEED ANNUITY CONTRACT

The Plan invests in a fully benefit-responsive guaranteed annuity contract with The Lincoln National Life Insurance Company (Lincoln). The account is credited with earnings on the underlying investments and charged for participant withdrawals. Lincoln provides a guarantee of principal, a guaranteed minimum rate of interest of 3%, and the potential for additional interest declared by Lincoln. Contract value is the relevant measurement attribute for a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximate fair value at December 31, 2019. Due to the plan merger as discussed in Note 1, the fully benefit-responsive guaranteed annuity contract was no longer held at December 14, 2020.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (2) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (3) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (4) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets as of December 14, 2020 and December 31, 2019, as well as earnings and transactions for the period ended December 14, 2020 and the year ended December 31, 2019 has been derived from information provided by Lincoln Financial Group Trust Company, Inc., the trustee of the Plan, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

NOTE 7. TAX STATUS

The IRS has determined and informed the Plan by a letter dated May 6, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan has been designed and is operating in compliance with the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by the recordkeeper, Lincoln Retirement Services Company, LLC, and held by the trustee, Lincoln Financial Group Trust Company, Inc. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Administrative expenses paid by the Plan amounted to $29,409 for the period ended December 14, 2020 that were not covered by revenue sharing ($32,753 - 2019). Investment income earned from assets held by Lincoln Financial Group Trust Company, Inc. amounted to $37,031 for the period ended December 14, 2020 ($39,451 - 2019). The Plan Sponsor pays directly any other fees related to the Plan’s operations.
