INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants
Modernizing Medicine, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Modernizing Medicine, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity") and Reliance Trust Company ("Reliance"), the trustees of the Plan (the "Trustees"), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity held the Plan's investment assets and executed investment transactions from November 1, 2019 to December 31, 2020, and that Reliance held the Plan's investment assets and executed investment transactions from January 1, 2019 to October 31, 2019. The Plan administrator has obtained a certification from Fidelity as of December 31, 2020 and for the period November 1, 2019 to December 31, 2019 and a certification from Reliance for the period January 1, 2019 to October 31, 2019 that the information provided to the Plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2020 and delinquent participant contributions for the year then ended are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Modernizing Medicine, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Modernizing Medicine, Inc. (the "Company") for the benefit of its employees who are at least twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Administrative Committee and the plan administrator have overall responsibility for the operation and management of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Effective January 1, 2019, as a result of the Bipartisan Budget Act of 2018, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE Act") was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions were effective beginning January 1, 2020.

Additionally, on March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The Plan's management has evaluated the relief provisions available to the Plan's participants under the CARES Act and has implemented the following temporary provisions:

- Special coronavirus distributions up to $100,000;
- Increased the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year;
- Required minimum distributions for the calendar year 2020 have been waived.

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

Effective April 30, 2020, the Plan was amended to remove safe harbor matching employer contributions from the Plan and will make discretionary matching employer contributions to eligible participants as defined in the Plan Document.

(1) Description of plan (continued)

Plan administration - Effective November 1, 2019, (the "Effective Date") the Plan transitioned trustee services from Reliance Trust Company ("Reliance") and third party administrator services from ADP Retirement Services to Fidelity Management Trust Company ("Fidelity").

Contributions - Participants may contribute up to 80% of their pre-tax annual compensation, as defined in the plan document, and/or make Roth deferrals to the Plan, subject to annual limitations prescribed by the Internal Revenue Code (the "Code"). Prior to the Effective Date, participants were able to make contributions to the Plan on the first payroll cycle of the following month after becoming eligible to participate. After the Effective Date, participants may begin making contributions to the Plan immediately upon meeting eligibility requirements. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan.

Under the provisions of the plan document, the Company makes safe harbor matching contributions to the Plan in an amount equal to 100% of the first 4% of eligible compensation that each participant defers to the Plan. The Company's safe harbor matching contributions applicable to the years ended December 31, 2020 and 2019 aggregated $1,051,092 and $2,237,200, respectively.

Additionally, the Company may also make discretionary matching contributions to the Plan. The Company's discretionary matching contributions applicable to the year ended December 31, 2020 amounted to $960,991. No such discretionary matching contributions were made for the year ended December 31, 2019.

All Company contributions are subject to limitations as prescribed by the Code.

Participant investment account options - The Plan currently offers various registered investment companies and a money market fund. Prior to the change to Fidelity, offered registered investment companies, common collective trust funds, and a stable value common collective trust, as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of plan (continued)

Vesting - Participants are immediately vested in their own contributions, discretionary matching contributions, and safe harbor matching contributions, plus actual earnings thereon. Participants are also immediately vested upon death, disability, or upon reaching normal retirement age, all as defined in the plan document. Vesting in the Company's non-elective contributions, plus actual earnings thereon, is subject to the following vesting schedule:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Prior service time for participants with an entity acquired in a previous year by the Company has been recognized for vesting purposes in the Plan.

Forfeited accounts - Forfeitures of terminated nonvested account balances are retained in the Plan and may be used to offset Company contributions and/or pay the Plan's administrative expenses. Forfeitures during the years ended December 31, 2020 and 2019, and unapplied forfeitures as of December 31, 2020 and 2019 were not significant.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All notes have a definite repayment period not to exceed five years, unless used for the purchase of a primary residence in which case the Plan permits a longer repayment period. The notes are secured by the balance in the participant's account and bear interest. From January 1, 2019 through October 31, 2019, interest was determined at the prime rate as published in the Wall Street Journal on the 14th day of the month in which the note originated, plus two percentage points. Effective November 1, 2019, notes shall bear interest at the prime rate as reported by Thomson Reuters plus one percentage point. Principal and interest are paid ratably through payroll deductions. Participants may not have more than one note outstanding at any time.

Under the provisions of the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extended the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, disability, retirement, other reasons as outlined in the plan document, or qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), a participant may elect to receive distributions from the Plan in an amount up to the value of the participant's vested interest in his or her account. Participants may also receive in-service distributions upon reaching 59½ years of age. Distributions of at least $5,000 may be made in the form of a lump sum payment, installments, or as a rollover into another qualified plan. Distributions of less than $5,000 and hardship distributions are made in the form of one lump sum payment.

Under the provisions of the CARES Act, eligible participants were permitted to request special penalty-free distributions of up to $100,000 for qualifying coronavirus related reasons. These reasons included the participant, spouse, or dependent being diagnosed with COVID-19, or adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus related distributions waived the 10% early withdrawal penalty and were allowed to be taken between January 1, 2020 and December 31, 2020.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Recent accounting pronouncement - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement – Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee and the plan administrator determine the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued) - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions from registered investment companies are recorded as dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Fees related to the administration of a note are charged directly to the participant's account. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the remaining note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payments of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included on the statements of changes in net assets available for benefits. Other expenses related to the Plan, such as recordkeeping fees, are paid for by the Plan and are recorded as administrative expenses on the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity began serving as trustee of the Plan effective November 1, 2019 and has since managed the Plan's investment assets and executed investment transactions. Reliance was the Plan's prior trustee and managed the Plan's investment assets and executed investment transactions from January 1, 2019 through October 31, 2019. Accordingly, Fidelity (for the period November 1, 2019 to December 31, 2020) and Reliance (for the period January 1, 2019 to October 31, 2019), the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

(3) Information prepared and certified by the trustee (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the daily closing price as reported by the fund. These assets held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission and are deemed to be actively traded. These funds are required to publish their daily NAV and to transact at that price.

Money market funds: Valued at the quoted NAV of shares held by the Plan at year-end.

(4) Fair value measurements (continued)

The preceding methodologies described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 41,998,373	$ -	$ -	$ 41,998,373
Money market funds	1,193,923	-	-	1,193,923
Total assets in the fair value hierarchy	$ 43,192,296	$ -	$ -	$ 43,192,296

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 28,436,076	$ -	$ -	$ 28,436,076
Money Market funds	1,040,928	-	-	1,040,928
Total assets in the fair value hierarchy	$ 29,477,004	$ -	$ -	$ 29,477,004

(5) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in the Company's contributions.

(6) Tax status

The IRS has determined that the volume submitter profit sharing plan provided by Fidelity is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated March 31, 2014. The plan administrator has adopted the volume submitter plan effective November 1, 2019, and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

For the period from January 1, 2019 through October 31, 2019, the IRS has determined that the prototype standardized profit sharing plan adopted by the Company and provided by Automatic Data Processing, LLC ("ADP") was designed in accordance with applicable sections of the Code and informed ADP of such in a letter dated July 8, 2014. Although the Plan was amended since the date of this letter, the plan administrator believes that the Plan was designed and operated in compliance with applicable sections of the Code.

(6) Tax status (continued)

Accounting principles generally accepted in the United States of America requires the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks, uncertainties, and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

At December 31, 2020, approximately 24% of the Plan's investments was invested in two funds. At December 31, 2019, approximately 22% of the Plan's investments was invested in one fund.

On January 30, 2020, the World Health Organization (the "WHO") declared a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statements of changes in net assets available for benefits.

(8) Related party transactions and party-in-interest transactions

Prior to the Effective Date, the Plan's investments were shares of registered investment companies, common collective trust funds, and a stable value common collective trust in the custody of Reliance. Reliance was the trustee, as defined by the Plan, and therefore, transactions with Reliance qualified as party-in-interest transactions. ADP was the Plan's third party administrator prior to the Effective Date and provided certain recordkeeping and other services to the Plan, and therefore, ADP was also a party-in-interest to the Plan. Fees paid by the Plan to ADP amounted to $2,835 for the period January 1, 2019 to October 31, 2019.

(8) Related party transactions and party-in-interest transactions (continued)

As of the Effective Date, the Plan's investments are shares of registered investment companies and money market funds managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity for the years ended December 31, 2020 and for the period November 1, 2019 to December 31, 2019, amounted to $54,496 and $350, respectively.

Additionally, certain investment related fees incurred by the Plan have been included in net appreciation in fair value of investments as they are paid through revenue sharing rather than as a direct payment. The Company pays directly any other fees related to the Plan's operations.

(9) Reconciliations of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Schedule H of Form 5500:

	December 31, 2020	December 31, 2019
Net assets available for benefits per the financial statements	$ 43,718,149	$ 30,192,522
Less: participants contributions receivable	-	(163,885)
Less: employer contributions receivable	-	(91,031)
Net assets available for benefits per Schedule H of Form 5500	$ 43,718,149	$ 29,937,606

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2020 and 2019 to Schedule H of Form 5500:

	Years Ended December 31, 2020	Years Ended December 31, 2019
Net increase per the financial statements	$ 13,525,627	$ 9,774,053
Less: current year participants contributions receivable	-	(163,885)
Less: current year employer contributions receivable	-	(91,031)
Add: prior year participants contributions receivable	163,885	133,350
Add: prior year employer contributions receivable	91,031	71,315
Net increase per Schedule H of Form 5500	$ 13,780,543	$ 9,723,802

Additionally, certain balances as reported on Schedule H of Form 5500 as of December 31, 2020 and 2019 have been reclassified on the accompanying statements of net assets available for benefits. These reclassifications have no impact on net assets available for benefits at December 31, 2020 and 2019 or changes in net assets available for benefits for the years then ended.

(10) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions, including participant loan repayments, to the Plan, contributions of $171,093 were not remitted within the required time period for the year ended December 31, 2019. The Company remitted the delinquent employee contributions during 2019 and also remitted any lost earnings during 2020, as a result.

(11) Subsequent events

Effective June 29, 2021, the plan document was amended and restated. No changes were made to key provisions as disclosed.

The Plan has evaluated subsequent events through October 13, 2021, which is the date the financial statements were available to be issued. Other than as noted above, no significant matters were identified for disclosure during this evaluation.
