Independent Auditor's Report

October 8, 2021

To the Participants and Plan Administrator of the
Deployed Resources, LLC Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the financial statements of the Deployed Resources, LLC profit sharing plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2020 and 2019, and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Deployed Resources, LLC's (the "Company") profit sharing plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined-contribution plan under Section 401(a) of the Internal Revenue Code, with a Section 401(k) salary deferral provision covering all employees of the Company that have reached age eighteen and have completed two months of service. All assets acquired under the Plan are the result of employee and employer contributions thereto, and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments - Effective January 1, 2020, the Plan was amended to decrease the service requirement for eligibility in the Plan from one year of service to two months of service. In addition, the Plan was amended effective January 1, 2020, to adopt the Safe Harbor Nonelective provisions for employer contributions, to allow for participants to borrow against their account balance in the form of notes receivable from participants (participant loans), and the definition of compensation was modified to exclude bonuses from covered compensation.

Plan provisions - During 2020, the Plan implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement "SECURE") Act of 2019, a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions - Participants are allowed to make per-tax or Roth elective salary deferral contributions up to 90% of covered compensation not to exceed the maximum amount allowed by the Internal Revenue Code. Participants, who meet certain age requirements, are allowed to make catch-up elective deferrals. Participants are allowed to make rollover contributions to the Plan.

The Company will make annual Safe Harbor nonelective contributions to the Plan equal to 3% of eligible earnings for each eligible employee. Safe Harbor contributions were $544,022 for the year ended December 31, 2020, which remained receivable by the Plan as of December 31, 2020. In addition, the Company may make additional discretionary matching contributions as a percentage of participants' elective salary deferral contributions and/or discretionary profit-sharing contributions to the Plan, as determined annually by the Board of Directors of the Company. There were no discretionary matching or profit-sharing contributions for the year ended December 31, 2020.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's contributions, plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their

account information via ADP Retirement Solutions' website where they have the ability to change their elective deferrals and investment options, as well as apply for participant notes receivable and request distributions.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options online daily as discussed above.

Vesting - Participants are immediately vested in their elective salary deferrals and the Company's Safe Harbor contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. Participants become 20% vested in the remainder of their account after two years of service, which is increased by 20% for each successive year of service. Participants are 100% vested after six years of credited service.

Forfeited accounts - Forfeited non-vested accounts may be used to reduce employer contributions or reduce administrative expenses of the Plan. There were no forfeited non-vested accounts as of December 31, 2020 and 2019, and no forfeitures were used for the year ended December 31, 2020.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount or installment payments equal to the vested value of his or her account. Participants may also elect to rollover funds into another qualified plan or individual retirement account. Additionally, participants are permitted to make in-service withdrawals of account balances from the Plan. To qualify for this type of withdrawal, the participant must have attained the age of fifty-nine and one-half or must meet certain criteria for a hardship withdrawal, as outlined in the plan document, see below. Required minimum distributions are made once a participant reaches age seventy-two, as required by the Internal Revenue Code. Plan balances of $5,000 or less upon termination may be automatically distributed.

Notes receivable from participants - Participants may borrow a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance from their accounts. The notes bear interest at a rate based on prevailing interest rates charged by financial institutions under similar terms at the date of issuance; however, the rate can be changed at the discretion of the plan administrator. The interest rate for loans ranged from 5.25% to 6.75% as of December 31, 2020. Principal and interest are paid ratably through payroll deductions. The term of the repayment period cannot exceed five years, except if the loan is used to acquire a residence, then the repayment period may be extended beyond five years. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on their outstanding notes as required under the plan document. There were no deemed distributions for the year ended December 31, 2020.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships, as defined by the Plan Agreement. Any hardship distribution is limited to the amount necessary to meet the financial need and must be approved by the plan administrator.

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the plan agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment securities in a combination of mutual funds and common collective trust funds. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility (including risks and volatility from the COVID-19 pandemic). Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair value (see Note 5), with the exception of the common collective trust, which is valued at net asset value (NAV) as a practical expedient as reported by the sponsor of the trust (see below). All investment values have been determined and certified by Reliance Trust Company, the Trustee of the Plan (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Invesco Stable Asset Fund is a common collective trust that is made up of various U.S. Treasury and governmental securities, corporate bonds and mortgage and asset backed contracts. The common collective trust is valued at NAV per share, which serves as a practical expedient to estimate fair value. The NAV of the common collective trust is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the trust, less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of

the trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2020 or 2019. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balances that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible notes receivable from participants becomes material. If a participant defaults on a note receivable and distribution from the participant's account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statement of changes in net assets available for benefits and deducted from the receivable balance.

Economic dependency and concentration of credit risk - Investments held by American Funds represent approximately 76% and 72% of the Plan's investments as of December 31, 2020 and 2019, respectively. Accordingly, the Plan is dependent upon the financial condition of this company.

Administrative costs - Administrative costs, including maintaining participants' accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the Plan's assets (see Note 6).

Payment of benefits - Benefits are recorded when paid.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions and/or excess employer matching contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess contributions payable ("corrective distributions") are returned to the affected participants subsequent to year-end, including any investment earnings thereon (see Note 7). There were no excess contributions payable or corrective distributions as of and for the year ended December 31, 2020. Excess contributions payable were $17,186 as of December 31, 2019.

Subsequent events - Effective January 1, 2021, the Plan adopted the Transamerica Retirement Solutions Corporation Defined Contribution Volume Submitter Plan and contracted with Transamerica Retirement Solutions, LLC to provide plan administration and recordkeeping services. All plan assets were transferred to Transamerica effective January 1, 2021. In addition, effective January 1, 2021, the Plan removed the Safe Harbor nonelective contribution provisions and adopted a traditional Safe Harbor matching contribution where the Company will match 100% of the first 3% of participant deferrals and will match 50% of the next 2% of participant deferrals for a maximum Safe Harbor matching contribution of 4%. Management has evaluated subsequent events through October 8, 2021, the date that the financial statements were available for issue.

Note 3 - Tax status of the Plan

The Plan has adopted the Automatic Data Processing Prototype 401(k) and Profit-Sharing Plan Base Plan Document No. 6. The Internal Revenue Service has ruled that the standardized prototype plan is acceptable under Section 401(a) of the Internal Revenue Code, and a separate determination letter has not been obtained for the Plan. The Plan has been amended since receiving the determination letter; however, the management of the Company and plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and/or interest for the year ended December 31, 2020. The Plan is subject to federal examinations by tax authorities for all years since its inception.

Note 4 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the "DOL's" Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee of the Plan, has certified that the investment balances and investment activity included in the accompanying financial statements as of December 31, 2020 and 2019, and for the year ended December 31, 2020, and supplemental schedule as of December 31, 2020, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Fair value measurement

The Financial Accounting Standards Board ("FASB") has published authoritative guidance on fair value measurement, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the Plan's assets measured at fair value.

Registered Investment Companies (i.e., Mutual Funds) - The investment portfolios consist of mutual funds, which are valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The following tables set forth, by Level within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,872,678	$ -	$ -	$ 2,872,678

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,508,161	$ -	$ -	$ 1,508,161

Note 6 - Related party transactions

Plan investments are managed by Reliance Trust Company, the Trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain investment fees paid for these services are included in net appreciation of investments in the accompanying statement of changes in net assets available for benefits. In addition, ADP, LLC provides recordkeeping and third-party administrative services, and Northwestern Mutual Investment Services provides investment advisory services that qualify as party-in-interest transactions. Fees paid out of plan assets to ADP, LLC and Northwestern Mutual Investment Services were $1,131 and $5,867, respectively, for the year ended December 31, 2020.

Note 7 - Reconciliation of the financial statements to Form 5500

Corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received. Corrective distributions are recorded on Form 5500 in the plan year that they are paid, including investment earnings or losses. Participant and employer contributions are reflected in the financial statements when receivable by the Plan using the accrual method of accounting, as described above; however, the Form 5500 has been prepared using the cash method of accounting to record contributions in the year received by the Plan. Accordingly, there are reconciling items between amounts reported in the financial statements and Form 5500 for these transactions, as follows:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 3,553,817	$ 1,533,048
Add - Amount allocated to excess contributions payable	-	17,186
Less - Participant contributions receivable	(26,837)	-
Less - Employer contributions receivable	(544,022)	-
Net assets available for benefits per Form 5500, Schedule H, Part I, Line 1l	$ 2,982,958	$ 1,550,234

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2020:

Net increase per the financial statements	$ 2,020,769
Corrective distributions paid	(17,186)
Change in participant contributions receivable	(26,837)
Change in employer contributions receivable	(544,022)
