SPECIALTY PROFESSIONAL SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Specialty Professional Services 401(k) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Specialty Professional Services (Employer). An employee may join the Plan on any entry date following the date of employment. The Plan's entry dates are the first day of each calendar month. The Plan is subject to the provisions of ERISA. The Plan's Administrative Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions:

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. There are no Employer contributions made to the Plan. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits:

Upon termination of service due to death, disability, retirement, termination of employment, or attaining normal retirement age, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account. The Plan specifically restricts the timing and method of benefit payments based upon the participant's age, length of service, account value, and reason for termination.

Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 30 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest as determined quarterly by the plan administrator. Interest rates on all loans range from 5.25% – 7.50%. Principal and interest is paid ratably through payroll deductions.

Administrative changes due to CARES Act:

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted and certain provisions of the CARES Act that pertain to retirement plans were implemented. The enacted provisions allow Plan participants impacted by COVID-19 to:

- Withdraw, penalty free, up to $100,000 of vested account balances before December 31, 2020;
- Defer current active loan payments for the 2020 plan year;
- Take new loans up to $100,000 of vested account balances before September 22, 2020; and
- Suspend 2020 required minimum distributions

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of Specialty Professional Services 401(k) Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of investments and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions refundable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the excess contributions to the applicable participants prior to March 15 of the following year.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments as they are paid through revenue sharing, rather than a direct payment.

Subsequent events:

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Mutual funds – valued at the daily closing price as reported by the fund for shares held by the Plan at year end.

Common/collective trust funds – valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	December 31, 2020	
	Level 1	Total
Mutual funds	$315,482	$315,482
Common/collective trust measured at net asset value		162,469
Total assets at fair value	$315,482	$477,951

	December 31, 2019	
	Level 1	Total
Mutual funds	$248,591	$248,591
Common/collective trust measured at net asset value		148,893
Total assets at fair value	$248,591	$397,484

Investment Measured Using the Net Asset Value per Share Practical Expedient:

The common/collective trust funds had no unfunded commitments and can be redeemed daily, with no redemption notice period, without specific terms or conditions at the underlying investments' net asset value (NAV). The NAV is updated daily. The common/collective trust funds had an investment objective to maximize current income while preserving principal.

NOTES TO FINANCIAL STATEMENTS

Note 5. Income Tax Status

The Plan is a prototype plan offered by ADP Retirement Services, Inc. The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Related Party and Party-in-Interest Transactions

ADP Retirement Services, Inc. is the record-keeper of the Plan and therefore, transactions with ADP qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to $470 and $1,907 for the years ended December 31, 2020 and 2019, respectively.

Reliance Trust Company is the trustee of the Plan and therefore, transactions with Reliance Trust Company qualify as party-in-interest transactions. Fees paid to Reliance Trust Company for investment management services amounted to $5,410 and $5,190 for the years ended December 31, 2020 and 2019.

Note 8. Risks and Uncertainties

The Plan has significant investments in various securities held by Reliance Trust Company. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2020 per the financial statements to the Form 5500:

Net assets available for benefits per the financial statements	$491,781
Less: 2020 participant contribution receivable	(1,318)
Add: 2020 excess contributions refundable	2,089
Net assets available for benefits per the Form 5500	$492,552

The following is a reconciliation of the contributions per the financial statements to the Form 5500 for the year ended December 31, 2020:

Total contributions per the financial statements	$101,557
Less: 2020 participant contribution receivable	(1,318)
Add: 2020 excess contributions refundable	1,787
Total contributions per the Form 5500	$102,026

The following is a reconciliation of the investment income per the financial statements to the Form 5500 for the year ended December 31, 2020:

Total investment income per the financial statements	$46,054
Add: 2020 excess contributions refundable	302
Total investment income per the Form 5500	$46,356

The Plan holds an investment in a common/collective trust fund which is not a direct filing entity. As such, per Form 5500 instructions, the Plan's interest in the underlying assets of the common/collective trust fund must be allocated and reported in the appropriate categories on Schedule H. Therefore, this investment is reflected as interest-bearing cash on Form 5500, but as a common/collective trust fund for financial statement purposes.

Note 10. Contingency – COVID-19

As a result of the spread of the COVID-19 pandemic, economic uncertainties exist which may have an effect on the Plan's investments. The Plan's individual investments will fluctuate in response to changing market conditions, and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.
