BLUE JAY COMMUNICATIONS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Blue Jay Communications, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Blue Jay Communications, Inc. (the "Company" or "Plan Sponsor"), as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee of the Company must be age 21 or older and have completed one year of service. Employees may enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year after meeting the age and service requirements.

Contributions: Each year, participants may contribute pre-tax and after-tax (Roth) compensation (as defined in the Plan document) to the maximum amount permitted under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan ($6,500 in 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

The Company may make discretionary profit sharing and safe-harbor contributions and other discretionary qualified non-elective contributions. Discretionary contributions, if any, may be made in an amount determined by the Company and are allocated to each eligible employee who is employed on the last day of the Plan year and has at least 360 days of service during the Plan year. The Company at its discretion can make a profit-sharing contribution equal to 2% of plan compensation for all eligible employees, subject to IRS limitations. No discretionary profit-sharing contributions were made in 2020. Prior to July 23, 2020, the Company made discretionary safe-harbor contributions equal to 3% of Plan compensation for all eligible employees. Discretionary safe-harbor contributions made by the Company totaled $47,096 in 2020. Other discretionary qualified non-elective contributions are limited to only non-highly compensated employees. There were no other discretionary qualified non-elective contributions during 2020.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary profit-sharing and safe harbor contributions, Plan earnings (losses), and are charged with an allocation of administrative expenses. Allocations are based on a participant's earnings on their account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions as well as any non-elective Company contributions, plus actual earnings thereon. Vesting in the Company matching contribution portion of their accounts, plus earnings thereon, is based on years of service with the Company as follows:

Years of Service	Vesting
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of benefits: Upon normal or disability retirement, each participant receives the value of their individual account in a lump-sum distribution. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution. Participants may also withdraw amounts from their account under certain conditions, as further defined in the Plan document.

Forfeited accounts: At December 31, 2020 and 2019, forfeited non-vested accounts totaled $25,873 and $26,431, respectively. Forfeited balances of terminated participant's non-vested accounts are used to reduce future Company contributions. In 2020, Company contributions were reduced by $24,035 from forfeited non-vested accounts.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Company or the Plan at the Company's discretion.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits paid: Benefit payments to participants are recorded when paid.

Administrative expenses: Substantially all administrative expenses are paid by the Plan, unless otherwise paid for by the Company, and are included in the statement of changes in net assets available for benefits.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 6, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

> Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
>
> Level 2 – inputs to the valuation methodology include:
>
> a) Quoted prices for similar assets or liabilities in active markets;
> b) Quoted prices for identical or similar assets or liabilities in inactive markets;
> c) Inputs other than quoted prices that are observable for the asset or liability;
> d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
>
> If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

1. *Mutual funds (Registered Investment Company)*: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

2. *Investments measured at net asset value*: Investments include various pooled separate accounts and common/collective trusts. Pooled separate accounts are valued at the net asset value of shares of the underlying assets held by the Plan at year end. The collective investment funds are valued at the net asset value per share or unit on the applicable valuation date. The net asset value of these investments, as provided by the custodian, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, or the pooled separate accounts, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to these types of investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 66,959	$ -	$ -	$ 66,959
Total assets in the fair value hierarchy	66,959	-	-	66,959
Investments measured at net asset value [(a)]	-	-	-	1,149,800
Investments at fair value	$ 66,959	$ -	$ -	$ 1,216,759

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 90,272	$ -	$ -	$ 90,272
Total assets in the fair value hierarchy	90,272	-	-	90,272
Investments measured at net asset value [(a)]	-	-	-	1,209,446
Investments at fair value	$ 90,272	$ -	$ -	$ 1,299,718

(a) Certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2020 and 2019.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds traditional Guaranteed Investment Contract ("GIC") through its investment in the Principal Fixed Income Guaranteed Option, which meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan's investment contract totaled $55,128 and $15,554 for the Plan years ended December 31, 2020 and 2019, respectively.

The traditional investment contract held by the Plan is a GIC. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate, which has no required minimum, was 1.60% at December 31, 2020, and is based on a formula established by the contract issuer and is defined in the contract under the term "Composite Crediting Rate", as defined in the agreement. This Composite Crediting Rate is based on the sum of the aggregate and expected values of the Guaranteed Interest Funds. The crediting rate is reviewed on a semiannual basis for resetting. The contract can be terminated by either the Plan or the contract issuer with at least 90 days advance written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – INFORMATION CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) was obtained from data that has been prepared and certified as complete and accurate by Delaware Charter Guarantee & Trust Company (dba Principal Trust Company), the custodian of the Plan:

	2020	2019
Investments, at fair value	$ 1,216,759	$ 1,299,718
Investments, at contract value	55,128	15,554
	$ 1,271,887	$ 1,315,272
Additions to (deductions from) net assets:		
Interest and dividends	$ 574	
Net appreciation in fair value of investments	155,929	

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Principal Trust Company is the custodian of the Plan's assets. Certain investment funds are managed by affiliates of the custodian of the Plan and, accordingly, qualify as party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The World Health Organization declared the Coronavirus Disease 2019 (COVID-19) outbreak a pandemic in March 2020. The COVID-19 pandemic has adversely affected global economic activity including significant deterioration and instability in financial markets. As a result, the fair value of the Plan's investments experienced significant volatility during 2020 and may continue to do so in the future. The full extent of the future impact of COVID-19 on the fair value of the investments held by the Plan and the Company's operations is uncertain. A prolonged COVID-19 pandemic could have a material adverse impact on the Plan's net assets available for benefits and the Company's operations and financial condition.

NOTE 9 – PLAN TERMINATION

Although Plan management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in the total value of their account.
