Note A – Description of plan

WorldLink, Inc. established the WorldLink 401(k) Plan effective January 1, 2007. In 2014 WorldLink, Inc., the Plan Sponsor, became Adi WorldLink, LLC. The following description of the WorldLink 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution prototype plan covering all employees of the Company who have three months of service, are age 21 or older, and who are not contractors or seasonal temporary employees. Enrollment is permitted on the first day of the month following the completion of the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to the lesser of 90% or $19,500 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation increasing 1 percent up to a max of 6 percent after the first day of each January. Contributions are invested in a designated balanced fund until changed by the participant.

Company contribution. Company contributions are not allowed under the Plan. During the plan year ending December 31, 2020 no Company contributions occurred and no Company contributions have occurred during the life of the Plan.

Rollovers. Participants may also contribute amounts representing distributions from other eligible retirement plans. Rollover contributions are subject to certain limitations. All rollover contributions are paid in cash. Rollover contributions are invested in a designated balanced fund until changed by the participant.

Participant accounts. Each participant's account is credited with the participant's contribution and allocations of (a) Plan earnings (losses) and (b) cost of investment management expenses, transactional costs and service charges. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants. Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participants' account and bear interest at prime rate plus 1%. Loan payments are required to be remitted through payroll deductions.

Note A – Description of plan (continued)

Payment of benefits. On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount in cash or as a rollover equal to the value of the participant's vested interest in his or her account.

Forfeitures. Forfeitures are held by the Plan to determine if amounts should be restored to terminated participants. Forfeitures may be used to pay administrative expenses or to reduce employer contributions. At December 31, 2020 and 2019 there were no forfeited nonvested accounts and no employer contributions were reduced from forfeited nonvested accounts.

Investment options. Upon enrollment in the Plan, a participant may direct employee contributions in a variety of investment options. Participants may change their deferral percentage and investment options as often as they choose through the internet. Participants may terminate deferrals at any time.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Setting Every Community Up for Retirement Act (SECURE Act).

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note B – Summary of significant accounting policies

Basis of accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Investments are reported at fair value.

Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note B – Summary of significant accounting policies (continued)

Investment valuation and income recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Participants' contributions receivable. Participants' contributions receivable represents deferrals withheld from participants' paychecks for the last pay period of December. There are no participants' contributions receivable at December 31, 2020.

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020, or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Payment of benefits. Benefits are recorded when paid.

Withdrawals. Participants may make hardship withdrawals subject to certain restrictions. In-service withdrawals of vested account balances are permitted for participants over age 59 1/2.

Administrative expenses. Administrative expenses consist of fees for recordkeeping and other administrative services. Some fees are deducted from participant accounts in accordance with the Plan documents for services received. The Company pays a portion of the plan administrative expenses each year. Expenses that are paid by the Company are excluded from these financial statements.

Note C – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note D – Tax status

Adi WorldLink, Inc. d/b/a WorldLink adopted a prototype plan provided by Automatic Data Processing. The Internal Revenue Service (IRS) has informed ADP Inc. by opinion letter dated July 16, 2014, that the Plan and related trust are designed in accordance with the applicable regulations of the Code. The Plan has been amended since receiving the opinion letter; however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that all Plan years remain open and subject to audit.

Note E – Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The ongoing COVID-19 pandemic has had widespread, rapidly evolving, and unpredictable impacts on global society, economies, financial markets, and business practices, and there is substantial uncertainty in the nature and degree of its continued effects over time. The extent to which COVID-19 impacts the Plan going forward will depend on numerous evolving factors which cannot be reliably predicted, and management is not able to estimate the impact the pandemic may have on the Plan's financial statements.

Note F – Related party transactions

Reliance Trust Company is the Trustee, as defined in the Plan, and Dix Fisher Financial Consulting Group of U.S. Capital Advisors, LLC is an advisor to the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (loss) in fair value of investments and fees paid by the Plan for advisor fees are included in administrative expense. Some expenses are paid by the Plan Sponsor. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note G – Information certified by the plan's trustee

Plan assets are held by Reliance Trust Company, the Trustee. The Trustee holds the Plan's investment assets and executes investment transactions in accordance with the Plan documents. The information provided by the Trustees is certified as complete and accurate in accordance with 29 CF 2520.103-5c of the Department of Labor's Rules and Regulations for Reporting and disclosure under Employee Retirement Income Security Act of 1974. The Trustee's certification covers all information as shown below, and the supplemental schedule.

	Year ended December 31,	
	2020	2019
Interest with registered investment companies	$ 12,797,516	$ 9,584,400
Participant notes receivable	26,023	49,260
	$ 12,823,539	$ 9,633,660

For the year ended December 31, 2020, the net appreciation in fair value of investments in registered investment companies was $1,694,687. Dividend income was $399,669, interest income on notes receivable from participants was $3,571, and other income was $27,734 for the year ended December 31, 2020.

The plan's independent auditors did not perform audit procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

All assets of the Plan are participant directed.

Note H – Fair value measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Note H – Fair value measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note H – Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,797,516	$ 0	$ 0	$ 12,797,516
Investments at fair value	$ 12,797,516	$ 0	$ 0	$ 12,797,516

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019.

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,584,400	$ 0	$ 0	$ 9,584,400
Investments at fair value	$ 9,584,400	$ 0	$ 0	$ 9,584,400

Gains and losses (realized and unrealized) included in changes in net assets available for Plan benefits for the year ended December 31, 2020 are reported in net appreciation/(depreciation) in fair value of investments in registered investment companies.

Note I – Reconciliation of financial statements to Form 5500

There were no differences between the Form 5500 and these financial statements for the years ended December 31, 2020 and 2019.

Note J – Participant statements

Participant statements are reported on the modified accrual basis and do not reflect employee receivables at the end of the year.

Note K – Date of management's review

Plan management reviewed its operations and transactions occurring since December 31, 2020 through September 20, 2021, the date of which these financial statements were available to be issued, and did not identify any subsequent events.

The COVID-19 pandemic has had a significant impact on the economy. Plan management evaluated the impact of COVID-19 and any potential ongoing liability this might create. Plan management does not believe the impact is detrimental to these financial statements.
