a. **General**

The Plan is a defined contribution plan covering all eligible employees of CraneWorks, Inc and affiliates (the "Company"). An employee is eligible to participate in the plan after completing one year of service, during which at least 1,000 hours of service are completed, and are age 21 or older. The participants can elect the deferrals to be before-tax or after-tax.

The Company may elect to make discretionary matching and profit-sharing contributions. For 2020, the Company matched 40% of each participant's elective contributions, limited to 4% of the participant's compensation. For 2020, the Company did not elect to make a profit-sharing contribution.

Participants may direct the investment of their contributions into various investment options offered by the Plan.

c. **Participant Accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Description of Plan (Continued)**

d. **Vesting**

Participants are immediately vested in their voluntary salary deferral plus the earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. Employees are considered fully vested in the case of normal retirement age of 65, death or disability.

e. **Payment of Benefits**

On termination of employment due to death, disability, or attainment of age 59½, a participant may elect to receive either a lump sum equal to the value of the participant's vested interests in their account, or installments. If the participant's account balance is less than $5,000, the benefits will be paid by lump sum only. Benefits are recorded when paid.

f. **Forfeited Accounts**

As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $62 and $11,868, respectively. These accounts will be used to reduce employer contributions and pay administrative expenses. During the year ended December 31, 2020, employer contributions were reduced by $26,615 from forfeited nonvested accounts.

g. **Administrative Expenses**

The Plan sponsor bears a significant portion of the administrative costs for the Plan, including the costs of officers and employees who perform certain administrative functions. Administrative expenses that are paid by the Plan consist of fees charged by the Plan's trustee.

2. **Summary of Significant Accounting Policies**

The following are the significant policies followed by the Plan:

a. **Basis of Accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

b. **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and the changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

e. **Income Taxes**

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2017 and forward.

f. **Subsequent Events**

Subsequent events have been evaluated up to October 12, 2021, the date these financial statements were available to be issued.

3. **Information Certified by Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments held at December 31, 2020
- Net appreciation in fair value of investments for the year ended December 31, 2020
- Dividends for the year ended December 31, 2020
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy within is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) of units of the common collective trust. The NAV is based on the fair value of the underlying investments and is used as a practical expedient to estimate fair value.

4. **Fair Value Measurements (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2020 - Audited			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,352,152	$ -	$ -	$ 3,352,152
Investments measured at net asset value	-	-	-	383,734
Total investments at fair value	$ 3,352,152	$ -	$ -	$ 3,735,886

	Assets at Fair Value as of December 31, 2019 - Compiled			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,460,246	$ -	$ -	$ 2,460,246
Investments measured at net asset value	-	-	-	491,890
Total investments at fair value	$ 2,460,246	$ -	$ -	$ 2,952,136

4. **Fair Value Measurements (Continued)**

The following table summarizes investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020 - Audited		Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$	383,734	n/a	Daily	30 days

December 31, 2019 - Compiled		Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$	491,890	n/a	Daily	30 days

5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

6. **Tax Status**

The prototype plan relied upon by this Plan has obtained an opinion letter dated July 16, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter. Although the Plan has been amended since the date of the determination letter, the Company and the plan administrator believe the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. **Risk and Uncertainties**

The Plan utilizes various investment instruments. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
