The Plan, which was established on May 1, 2019, is a defined contribution profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers substantially all employees age 21 and older with at least two months of service of the following related employers, which are each Participating Employers in the Plan through December 31, 2020:

- Tower Holdings Group Inc. (the "Sponsor")
- Lexington Maintenance LLC
- Aluprof USA LLC
- HDK Construction, LLC
- Time Square Construction, LLC
- Alubuild USA, LLC

The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance. The trustee of the Plan is Reliance Trust Company. The recordkeeper of the Plan is ADP Retirement Services.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by law of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the “Code”) for 2020 of $19,500, plus a maximum of $6,500 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Code limits for 2019 were $19,000 plus $6,000 in catch-up contributions. Contributions may be made as a pre-tax deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

From May 1, 2019 (date of inception) through July 31, 2020, the Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund. Effective August 1, 2020, the Plan was amended to remove the auto-enrollment provision.

Each year, the Sponsor may, at its discretion, make a matching contribution or a discretionary profit sharing contribution to the Plan. Profit sharing contributions are allocated to participants based on compensation. Participants are eligible for discretionary employer contributions if they are age 21 and older with at least two months of service. For the year ended December 31, 2020, and period from May 1, 2019 (date of inception) to December 31, 2019, the Sponsor did not make any matching of profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and profit sharing contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' accrued benefits from voluntary salary reduction contributions and related interest and investment gains and losses are 100% vested at all times. Participants' accrued benefits from employer contributions and related interest and investment gains and losses are 100% vested at all times.

Notes Receivable from Participants

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief, and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act's provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates within the revised limits.

Note 1 - Description of Plan (cont'd.)

Notes Receivable from Participants (cont'd)

As the Plan adopted the relaxed rules, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $100,000 or 100% of their vested account. The loans are secured by the balance in the participant's account and bear interest at the prime rate. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest is paid ratably through monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the period is no longer than 30 years.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The amounts due to participants at December 31, 2020 were $35,318. The Plan distributed the 2020 excess contributions to the applicable participants subsequent to December 31, 2020 and prior to March 15, 2021. There were no amounts due to participants at December 31, 2019.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. There were no loans outstanding as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company, the trustee, at December 31, 2020 and 2019, and for the year ended December 31, 2020 and for the period from May 1, 2019 (date of inception) to December 31, 2019. This information has not been audited by the independent auditors.

Note 4 - Fair Value Measurement

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurement (cont'd.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Stable value collective trust fund: Valued at the net asset value ("NAV") of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020 and 2019. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2020 and for the period from May 1, 2019 (date of inception) to December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Assets at Fair Value at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 435,811	$ -	$ -	$ 435,811
Stable value collective trust fund (a)				2,225
Total Investments at Fair Value				$ 438,036

Note 4 - Fair Value Measurement (cont'd.)

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 144,411	$ -	$ -	$ 144,411
Stable value collective trust fund (a)				514
Total Investments at Fair Value				$ 144,925

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2020			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund:				
Metlife Rel St Val 25053 - 0	$ 2,225	n/a	Daily	12 months

	As of December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund:				
Metlife Rel St Val 25053 - 0	$ 514	n/a	Daily	12 months

Note 5 - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of collective investment trusts managed by Reliance Trust Company, the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $5,508 and $0 for the year ended December 31, 2020 and for the period from May 1, 2019 (date of inception) to December 31, 2019, respectively. Such fees are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Plan has adopted the ADP Retirement Services non-standardized profit sharing plan. Accordingly, the Plan is permitted to rely on ADP Retirement Services' opinion letters. The Internal Revenue Service has determined and informed ADP Retirement Services by a letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to the Form 5500:

Total income per the Form 5500	$ 293,111	$ 144,925

Note 10 - Subsequent Events
