Auditor's Responsibility
Our responsibility is to express an opinion on these 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020 that the information provided to the Plan Administrator by the trustee is complete and accurate.

KEHOE DESIGNS, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kehoe Designs, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

General and Eligibility. The Plan is a defined contribution plan, covering all non-collectively bargained employees of Kehoe Designs, Inc. (the "Company", "Employer" or "Plan Administrator") who have attained the age of 21. Employees are eligible to participate in the Plan on the first day of the pay period of the calendar quarter following the completion of 500 hours of service and are also eligible for Employer matching and discretionary profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan's assets are held in a trust. Reliance Trust Company serves as the "Trustee" of the Plan.

Contributions. Participants may elect to defer up to 90% of their eligible compensation to the Plan, including catch-up contributions, subject to maximum pre-tax contribution limitations permitted by the Internal Revenue Service. The Plan also allows for rollover contributions.

The Company, at its sole discretion, may make an Employer discretionary match or profit sharing contribution to the Plan on behalf of each eligible participant who is employed as of the last day of the Plan year. The Company did not elect to make a discretionary match of profit sharing contribution for the year ended December 31, 2020.

Vesting. Participants are immediately vested in their contributions and the income earned on such contributions. Employer match and profit sharing contributions, and the income earned on such contributions, vests 25% after one year of service and 25% each year thereafter, until fully vested.

Participant Accounts. Individual accounts are maintained for each participant. Each participant's account is credited with the participant's elective deferrals, rollover contributions, any Employer contributions, and the participant's earnings or losses, and charged with an allocation of administrative expenses. Any Employer profit sharing contribution is allocated to participants' accounts based on participants' eligible compensation.

Forfeitures. Forfeited nonvested discretionary contribution account balances are utilized to reduce Employer contributions to the Plan or pay plan expenses. There were no forfeited nonvested account balances as of December 31, 2020 and 2019.

Investment Options. Participants may direct the investment of their accounts into various investment funds provided by the Plan. Participants are allowed to change their investment options daily.

Notes Receivable from Participants. The Plan provides loans to participants from their vested account balance ranging from $1,000 to $50,000, subject to a limitation one-half their vested account balance. Interest is charged on the loans at a rate of prime plus 1.00%. Interest payments are immediately reinvested in the individual participant's funds. The loans are collateralized by the vested account balance of the participant receiving the loan. Participants may have no more than one loan outstanding at any time. Loans are repayable in periods up to five years. Should a participant default on a Plan loan, as defined by the Plan loan policy, the loan would then be considered a distribution.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Party-in-Interest Transactions. The Company pays for Trustee, legal, tax and accounting services on behalf of the Plan, and the Company has no plans to obtain reimbursement of these expenses from the Plan. The Plan is liable for all administrative expenses that are not paid by the Company.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Plan Amendment. Effective January 1, 2020, the Plan adopted a good faith amendment which modifies the existing hardship distribution Plan provisions, including the expansion of the assets available for hardship distributions.

Economic Conditions. In March 2020, government agencies announced warnings related to the Coronavirus ("COVID-19"). Any potential decline in economic activity in the U.S. and other regions of the world as a result of the virus may have an adverse impact on the Plan's Assets.

Recent Legislation. The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act allowed for Coronavirus-related distributions and loans to participants through the end of 2020 and has specific rules related to the qualification, distribution and repayment of such distributions and loans.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Concentration of Credit Risk. Substantially all the Plan's assets were held by the Trustee.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments. Benefits are recorded when paid.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustees that such information is complete and accurate:

- Investments as shown in the statement of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Note 4: All investment balances.
- Supplemental Schedule: All investment balances.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds. Valued at NAV of units of the collective trust funds, which are based on the fair value of the funds' underlying assets. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The stable value fund is composed primarily of fully benefit-responsive investment contracts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – PLAN TERMINATION

While it is the Company's intention to continue the Plan indefinitely, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Plan Agreement, as amended. In the event of Plan termination, no contributions would be made to the Plan.

KEHOE DESIGNS, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 – INCOME TAX STATUS

The Company adopted a Prototype Non-standardized Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service on July 16, 2014, which stated that the prototype plan agreement used by the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Company is not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan.

NOTE 7 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination test for the years ended December 31, 2020 and 2019. Excess participant contributions amounting to $13,511 and $56,677 were recorded as liabilities in the accompanying statement of net assets available for benefits and as an increases to distributions to participants for the years ended December 31, 2020 and 2019, respectively.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the statement of net assets available for benefits as of December 31, 2019 per the financial statements to Form 5500:

	Amount
Net assets available for benefits per the financial statements	$ 2,531,977
Less: The portion of excess contributions payable at December 31, 2019 not previously recorded on Form 5500	19,088
Net assets available for benefits per Form 5500	$ 2,551,065

The following is a reconciliation of the statement of changes in net assets available for benefits for the year ended December 31, 2020 per the financial statements to Form 5500:

	Amount
Change in net assets available for benefits per the financial statements	$ 208,859
Less: The portion of excess contributions payable at December 31, 2019 not previously recorded on Form 5500	19,088
Change in net assets available for benefits per Form 5500	$ 189,771

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2020 through October 11, 2021, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in these financial statements.
