GREEN RECYCLING 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN

The Green Recycling 401(k) Retirement Savings Plan (the "Plan") was adopted by Tierra Verde Industries, E Recycling of California, and Paramount Resource Recycling, Inc. (the "Plan Sponsors" or the "Company" or the "Employer") on April 1, 2011 and was most recently amended and restated on April 27, 2015. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a salary reduction plan covering all employees of Tierra Verde Industries, E-Recycling of California, and Paramount Resource Recycling, Inc. who have attained the age of 21 and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

2. **Contributions.** Under the Plan, eligible employees may contribute from one to fifty percent of their compensation, as defined in the Plan. Contributions are subject to certain maximum dollar limitations as imposed by the IRS. The Plan Sponsors make a safe harbor matching contribution of 100% of the first four percent of employees' contribution. Employees may allocate all contributions made to their account between the various investment options. The Plan Sponsors' matching contributions totaled $113,731 and $120,504 for the years ended December 31, 2020 and 2019, respectively.

   The Plan Sponsors may decide to make a discretionary non-elective contribution. Participants may share in the Plan Sponsors' discretionary non-elective contribution in proportion of eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution. During 2020 and 2019, there was no discretionary non-elective contribution made by the Plan Sponsors.

3. **Participants accounts.** Separate accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contribution and allocation of the Company's matching contribution, and Plan earnings. Allocations are based on participant contributions or account balances, as defined.

   Each participant's account is maintained on a daily valuation system. Net investment income is credited to each participant's account on a monthly, quarterly, or annualized basis.

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

4. **Vesting.** Participant contributions, employer safe-harbor contributions, and related earnings are fully vested immediately. Non-elective employer contributions vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service. Participants also become fully vested upon reaching age 65, in the event of death or upon suffering a permanent disability while employed with the Plan Sponsors.

5. **Investment options.** Participants may choose among various investment funds in which their contributions are to be invested. All of the Plan's investment options are participant directed. Participants may change their investment options at any time.

6. **Notes receivable from participants.** Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The committee is responsible for determining the terms and conditions of all notes made to participants. Note transactions are treated as transfers from the investment fund to the notes receivable fund. Note terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 5.25% to 7.5%. Principal and interest are paid ratably through regular payroll deductions.

7. **Payment of benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount or an annuity equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a direct rollover. Terminated employees with account balances greater than $5,000 may elect to keep their vested account balances in the Plan after termination. Net assets as of December 31, 2020 and 2019 include vested account balances of terminated employees totaling $296,574 and $244,654, respectively.

8. **Forfeited accounts.** Participants forfeit the unvested portion of their accounts upon receipt of distribution of the vested account balance. Forfeitures may be used to pay future employer contributions and administrative expenses of the Plan. There were no forfeitures at December 31, 2020 and 2019.

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

9. **Plan Administration.** Reliance Trust Company and Automatic Data Processing Retirement Services ("ADP") serve as Trustee and Contract Administrator, respectively. The Plan Sponsors provide accounting and administrative services to the Plan at no cost and pay contract administration fees and asset management fees. Administrative fees, which amounted to $16,000 and $15,000 for the years ended December 31, 2020 and 2019, respectively, were paid by the Plan Sponsors. Administrative expenses paid by the Plan were $1,179 and $1,980 for the years ended December 31, 2020 and 2019, respectively.

10. **Plan Termination.** The Plan Sponsors anticipate and believe that the Plan will continue without interruption but reserve the right to terminate the Plan in whole or in part at any time. In the event of termination of the Plan, each participant would become fully vested to the extent of the balance in their account, and all accumulated plan benefits would be disbursed to the participants.

11. **CARES Act.** On March 27, 2020, President Trump signed into law the CARES Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to Plan participants under the CARES Act and implemented the following provisions:

    - Waived the six-month suspension on elective deferrals following a hardship distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from Participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments, except for the Invesco Stable Asset Fund ("Stable Asset Fund"), are reported at fair value, measured by publicly quoted redemption prices at the close of each business day that the New York Stock Exchange is open. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 7 for discussion of fair value measurements. The Plan's investment in the Stable Asset Fund is valued at contract value (Note 3).

Management has determined its Stable Asset Fund with Invesco to be investing in fully benefit-responsive contracts (Note 8).

Investment income is recorded when earned. Interest income from notes receivable from participants is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEE OF PLAN ASSETS

The following financial data was certified as complete and accurate by the Trustee of Plan Assets of the Plan as of and for the years ended December 31, 2020 and 2019 in accordance with Section 29 CFR 2520.103-5(d) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 – FEDERAL INCOME TAX STATUS

The Plan was formed based on a prototype plan and is intended to qualify pursuant to the appropriate section of the Internal Revenue Code as a tax-exempt organization. The Plan is required to operate in accordance with the Code to maintain its tax qualification. The Plan Administrator is not aware of any course of actions or series of events that have occurred which might adversely affect the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2017.

NOTE 5 – RECONCILIATION WITH FORM 5500

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

There were no party-in-interest transactions that are prohibited by the Employee Retirement Income Security Act of 1974 Section 406 and for which no statutory or administrative exemption exists.

NOTE 7 – FAIR VALUE MEASUREMENTS

The Plan's investments, except for the Stable Asset Fund, are reported at fair value in the accompanying statements of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guidance included in ASC 820 Fair Value Measurements provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 – The fair value of mutual funds is based on quoted market prices of the underlying investments at year-end.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. No Plan investments are classified under this level.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk. No Plan investments are classified under this level.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value Measurements
Mutual funds	$ 1,494,323	$ -	$ -	$ 1,494,323
Common/Collective trusts*	$ -	$ -	$ -	$ 226,700

NOTE 7 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value Measurements
Mutual funds	$ 1,647,302	$ -	$ -	$ 1,647,302
Common/Collective trusts*	$ -	$ -	$ -	$ 201,094

* This category includes common/ collective trust funds that are designed to delivery safety and stability by preserving principal and accumulating earnings. Valued at the NAV of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based on the fair value of the underlying assets held by the fund. In accordance with ASC 820, Fair Value Measurements, certain investments are measured at fair value using the NAV (or its equivalent) practical expedient that have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 8 – STABLE ASSET FUND

The Plan invests in the Invesco Stable Asset Fund, a guaranteed investment contract. The Stable Asset Fund is a benefit-responsive contract entered into with Invesco. Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Asset Fund is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The contract has a surrender fee should the Plan discontinue without proper notification as prescribed in the contract. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The investment contract does not permit Invesco to terminate the agreement prior to the scheduled maturity date.

The interest rate was 1.89% and 2.32% as of December 31, 2020 and 2019, respectively. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate. Such interest rates are reviewed on a daily basis for resetting.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Company's management through September 30, 2021, the date these financial statements were available to be issued. No material subsequent events have occurred since December 31, 2020 that required recognition or disclosure in the current period financial statements.
