Notes to Financial Statements

December 31, 2020 and 2019

Plan Description

The following description of the JAGS, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Schmidt Family Restaurant Group (the Company and Plan Sponsor) who have attained the age of 21 and one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is sponsored and administered by the Company.

Contributions

Each year, participants may contribute up to 84% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants. The Company makes a matching contribution of 50% of the first 6% of base compensation that a participant contributes to the plan. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Note receivable terms range from one to five years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate plus 2% at the time the loan is issued. Principal and interest are paid ratably through bi-weekly payroll deductions.

CARES Act

In March 2020, Congress signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under CARES Act and implemented the following provisions for 2020:

- Emergency coronavirus distributions up to \$100,000
- Loan repayments suspension and extension of loan term up to one year
- Loan limit was increased to \$100,000 for loans made from March 27, 2020 through September 22, 2020
- Suspension of Required Minimum Distributions for 2020

Payment of Benefits

Upon termination of service, a participant may elect to receive installments or a lump-sum amount equal to the value of his or her account on the date of distribution.

Active participants may request hardship withdrawals from their account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to offset future employer matching contributions or to offset administrative fees. During the years ended December 31, 2020 and 2019, \$6,713 and \$6,308, respectively, in forfeitures were used to reduce employer contributions. At December 31, 2020 and 2019, the balance in the forfeitures account was \$267 and \$805, respectively.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

JAGS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make repayments on a note receivable and the plan administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan pays fees for administrative services. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are deducted against investment income.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Information Prepared and Certified by the Trustees

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

	2020	2019
Mutual funds	\$ 2,072,486	\$ 1,642,453
Common collective trust	43,839	37,910
Notes receivable from participants	47,107	60,460
Total	\$ 2,163,432	\$ 1,740,823

The trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2020	2019
Net appreciation in fair value of investments	\$ 181,105	\$ 219,924
Interest and dividends	91,791	72,066
Interest income on notes receivable from participants	3,512	2,823

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

JAGS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year- end.

*Common
Collective
Trust:*

Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 2,072,486	\$ -	\$ -	\$ 2,072,486
Investments measured at net asset value *	-	-	-	43,839
Total assets at fair value	\$ 2,072,486	\$ -	\$ -	\$ 2,116,325

JAGS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 1,642,453	\$ -	\$ -	\$ 1,642,453
Investments measured at net asset value *	-	-	-	37,910
Total assets at fair value	\$ 1,642,453	\$ -	\$ -	\$ 1,680,363

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Tax Status

The Plan adopted a Prototype Non-Standardized Profit Sharing Plan with a Cash or Deferral Arrangement which received a favorable opinion letter dated July 8, 2014 from the IRS. The opinion letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) for disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

Party-in-Interest Transactions

Certain Plan investments include shares of mutual funds managed by the trustee. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services to the trustee amounted to \$11,263 and \$11,389 in 2020 and 2019, respectively.

Subsequent Events – Date of Management Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
