GOSH ENTERPRISES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 - PLAN DESCRIPTION

The following description of the Gosh Enterprises Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General - The Plan was established on January 1, 1996 and has been amended and restated most recently on January 1, 2020. The Plan is a defined contribution plan covering all employees who are employed by Gosh Enterprises, Inc., Charley's Steakery, Inc., Anjani Holding Company, LLC, Bibibop, LLC, Solar Planet, BBB Operating CA-1 LLC, BBB Operating CA-2 LLC, BBB Operating DC-1 LLC, BBB Operating IL-1 LLC, BBB Operating MD-1 LLC, Bibibop Dublin Green, LLC, and Bibibop Polaris, LLC, and Lenny's Steakery and Lenny's Holdings, LLC. (collectively, the Company). Employees are eligible to participate in the Plan after completing one year of service, as defined, and if they are age 21 or older. Eligible employees may enter the Plan on the first of the month following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective January 1, 2020, to include Lenny's Steakery and Lenny's Holdings, LLC. as participating affiliates of the Company.

Contributions - Participants may contribute to the Plan each year a portion of their eligible earnings between 1% and 90%, as defined by the Plan, not to exceed the limits imposed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual fund and common collective trust investment options for participants. The Plan allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions in accordance with Code Section 414(v). The Company makes a matching contribution equal to 50% of the first 6% of a participant's elective deferrals to the Plan. The Plan also allows the Company to make additional discretionary contributions. During the year ended December 31, 2020, the Company made an additional discretionary qualified non-elective contribution to the Plan in the amount of approximately $177,321, which is recorded as other employer contributions receivable.

Participant Accounts - Each participant's account is credited with the participant's contribution, employer's contribution and the earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of service. A participant is 100% vested after three years of credited service. The nonvested balance is forfeited upon termination of services. Upon retirement, death or disability, participants become 100% vested in their accounts.

Payment of Benefits - Upon termination of service, death, disability or normal retirement, a participant, or his or her beneficiary, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 amount referred to in the preceding sentence is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. The number of outstanding notes is limited to one per participant. The notes are secured by the balance in the participant's account and bear interest at Prime plus 2%. Principal and interest is paid ratably through biweekly payroll deductions.

NOTE 1 - PLAN DESCRIPTION (Continued)

Automatic Cash-Out and Rollover Provisions - The Plan includes automatic rollover provisions. These provisions provide for terminated participants with vested balances of less than $5,000 to take a distribution as soon as practicable following their termination of employment. The participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account. The Plan allows for involuntary cash-outs for terminated participants with vested balances of $1,000 or less.

Forfeitures - At December 31, 2020 and 2019, forfeited nonvested accounts amounted to $11,005 and $9,332, respectively. At the discretion of the Company, forfeitures may be used to pay administrative expenses of the Plan or reduce the employer match; otherwise, forfeitures are allocated among participants' accounts in the same manner as employer contributions. During 2020, $10,628 of forfeitures were utilized to reduce the employer match.

Administrative Expenses - Asset management fees are allocated to participant accounts on a pro rata basis. Participants are also charged for certain fees associated with the issuing of loans and withdrawals. The Plan sponsor pays certain recordkeeping and administrative expenses on behalf of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by the Company in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payments of Benefits - Benefits to participants are recorded when paid.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends, gains and losses, and appreciation of mutual funds and the common collective trust are presented net.

Notes Receivable from Participants - These notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred and included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Coronavirus Aid, Relief, and Economic Security Act (CARES Act) Amendment - The Plan was amended during the year ended December 31, 2020, for benefits offered through the CARES Act for pandemic-related relief. Under the CARES Act, the Plan elected to increase the maximum loan amount to the lesser of $100,000 or 100% of the vested account balance, for loans taken between March 27, 2020, and September 23, 2020. In addition, participants who had loans due from March 27, 2020, through December 31, 2020, may delay their repayments and extend the term for up to one year.

Fair Value Measurement - In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update ASU No. 2018-13, Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate net asset value NAV to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. The Plan adopted ASU 2018-03 for the year ended December 31, 2020. The adoption of the standard did not have a material impact on the financial statements.

Subsequent Event - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 12, 2021, the date that the financial statements were issued.

NOTE 3 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Wells Fargo provides investment advice and consulting to the Plan, and thus is considered a party-in-interest. Fees paid by the Plan to Wells Fargo for administrative expenses approximated $19,500 for the year ended December 31, 2020. Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has received certification from Reliance Trust Company, the trustee of the Plan's assets, as to the completeness and accuracy of the investments and notes receivable as of December 31, 2020 and 2019 and for the year ended December 31, 2020. Such information includes the composition and current value of the investments and notes receivable reported in the statement of net assets available for benefits and the related investment income, net appreciation in fair value of investments and interest income on notes receivable reported in the statement of changes in net assets available for benefits.

NOTE 5 - TAX STATUS

Effective October 1, 2014, the Plan adopted a form of a prototype plan sponsored by ADP Inc. The prototype plan received an opinion letter dated July 8, 2014 from the Internal Revenue Service, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be substantiated by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Additionally, the Plan had no interest and penalties related to income taxes. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to examinations for years prior to 2017.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENT

FASB accounting standard for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 8 - FAIR VALUE MEASUREMENT (Continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at December 31, 2020 and 2019. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the Plan's portion of the net asset value of shares held by the Common Collective Trusts at December 31, 2020 and 2019. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.
