Priority Life Care 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020

1. Description of the Plan

The following description of the Priority Life Care 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Effective May 1, 2020, the name of the Plan was changed from National Health Management, Inc. Facilities 401(k) Savings Plan to the Priority Life Care 401(k) Savings Plan.

General

The Plan is a defined contribution plan which provides retirement benefits for substantially all employees of the following adopting employers (collectively, the Company):

- Independence Court Associates
- Independence Court of Hyattsville Associates
- Independence Court of Monroeville Associates
- Liberty Court Associates
- National Health Management, Inc.
- Priority Life Care, LLC

An employee becomes eligible to enter the Plan following the attainment of age 18 and completion of one year of service, defined by the Plan as 1,000 or more hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Merger

Effective July 14, 2020, the Priority Life Care 401(k) Plan was frozen for purposes of contributions to the Plan, and participants became eligible to participate in the Plan. As of July 31, 2020, the Priority Life Care 401(k) Plan was merged into the Plan, and the assets and account balances of participants were transferred to the Plan.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan, or a maximum amount set by law (as periodically adjusted by the Internal Revenue Service) as a pre-tax contribution. Participants age 50 or older are able to make additional catch-up contributions to the Plan up to the maximum amount permitted by law. The Plan allows for

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions (continued)

rollover contributions and for eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides a matching contribution in an amount equal to 50% of the first 4% of the participants' elective salary deferral contributions. The Company may also make an additional matching contribution to eligible participants at the end of the Plan year and/or discretionary contribution during each Plan year. Participants are eligible for a share of the additional matching and/or discretionary contributions if they were an active participant at any time during the Plan year and have 1,000 or more hours of service in the Plan year. There were no additional matching or discretionary contributions made in 2020 or 2019.

In certain circumstances, participants were able to elect to have benefits earned under another eligible retirement plan transferred or rolled over to their account pursuant to this Plan. Additionally, the Plan allows participants to change the amount of their contribution on a quarterly basis or elect to stop contributing on any date.

Investment Options

Participants can direct that their pre-tax and Company contributions, plus earnings or losses thereon, be invested in any of the participant directed investment options offered pursuant to the Plan. The Plan allows participants to change their investment elections on a periodic basis.

The investments of the Plan consist of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic location.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses), and is charged with his or her withdrawals and certain participant specific administrative expenses and an allocation of other administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions, including rollovers, and Company contributions, plus actual investment earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 but not more than 50% of their vested account or \$50,000, reduced by any outstanding loan balance, if any during the one-year period ending on the day before their loan is made, if less. A loan is secured by the balance in the participant's account and bears interest commensurate with rates available for similar loans from commercial lending institutions as determined by the Loan Administrator. Principal and interest are paid ratably through payroll deductions, if available. Each loan shall be repaid over a period not to exceed five years.

Payment of Benefits

Upon retirement or other termination of employment, distribution of a participant's vested account balance will be made as soon as administratively practicable following their request for distribution. If a participant's vested account balance does not exceed \$1,000, a participant's entire vested account balance shall be normally distributed to the participant (or in the event of the participant's death, his beneficiary) in a lump-sum payment as soon as administratively practicable following the date the participant retires or otherwise terminates from employment.

However, in the event of a mandatory distribution to a participant whose vested account balance exceeds \$1,000 but is equal to or less than \$5,000, if the participant does not elect to have such automatic distribution paid directly to an eligible IRA or other eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator shall pay the distribution in a direct rollover to an individual retirement account.

Distributions are normally made in a single lump-sum cash payment. However, a participant with a vested account balance exceeding \$5,000 may elect to receive their distribution in the form of an annuity or installment payments over a period as permitted under the Plan. Other Plan distribution provisions apply in the event of death or disability.

The Plan also provides for participant loans as described above and hardship withdrawals. Distributions of benefits were recorded as withdrawals from the Plan and reduction of assets available for plan benefits in the period paid to the participant.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and excluded from these financial statements. Plan recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants and withdrawal and distribution processing fees are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their employer contributions.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan includes in the statements of changes in assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Unrealized appreciation or depreciation in the aggregate fair value of investments represents the change in

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investments (continued)

the difference between aggregate fair value and the cost of investments, including reinvestment of earnings. The realized gain or loss on sale of investments is the difference between the proceeds received and the average cost of investments sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan origination and annual administration fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for doubtful accounts of \$4,639 and \$4,641 has been recorded as of December 31, 2020 and 2019, respectively. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities recommended social distancing and imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact will have.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Use of Estimates

Preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Reclassifications

Certain 2019 amounts have been reclassified to conform with the 2020 presentation.

3. Income Tax Status

The Plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified and the related trust is tax exempt and the Plan has no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2017.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019 and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the trustees of the Plan.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Priority Life Care 401(k) Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair value of units held in pooled separate accounts are valued at the NAV as reported by Principal Life Insurance Company. The NAV is based on the value of the underlying investments, minus its liabilities, and then divided by the number of units outstanding. The NAV is quoted on a private market that is not active; however, the unit price of the underlying investments is traded on an active market. The pooled separate accounts have no unfunded commitments as of December 31, 2020.

Common collective trust fund: The fair values of participation units in the Principal Stable Value Fund (Fund), a stable value collective trust, are based upon the NAV of units held by the Plan at year-end. The fund provides for daily redemptions by the Plan at reported NAV per unit, with no advance notification requirements. The Fund is maintained by Principal Global Investors Trust Company (the Trust Company) and its investment advisor, Morley Capital Management, is an indirect wholly owned subsidiary of Principal Financial Group.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020			
Level 1	Level 2	Level 3	Total
Mutual funds	\$ 49,883	\$ -	\$ 49,883
Measured at NAV:			
Pooled separate accounts			3,361,744
Common collective trust fund			920,882
Total investments at fair value			\$ 4,332,509

Assets at Fair Value as of December 31, 2019			
Level 1	Level 2	Level 3	Total
Mutual funds	\$ 106,703	\$ -	\$ 106,703
Measured at NAV:			
Pooled separate accounts			3,167,668
Common collective trust fund			538,808
Total investments at fair value			\$ 3,813,179

6. Related Party Transactions

Certain Plan investments are shares in pooled separate accounts and a common collective trust fund managed by Principal Life Insurance Company and Affiliates. Principal Life Insurance Company and Principal Trust Company are the trustees as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to Principal Life Insurance Company and Principal Trust Company were \$22,108 and \$23,406 for the years ended December 31, 2020 and 2019, respectively.
