Note 1 – Description of Plan

The following description of the Ravenswood Represented Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established effective October 15, 2018. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All union employees of IHI Power Services Corp. are eligible to participate on their date of hire. During 2020, four employees of IHI Power Services Corp. discontinued their participation in the union and therefore assets of \$208,214 were transferred to a plan covering the non-union employees of IHI Power Services, Corp.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act were effective on January 1, 2020 and require changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) that included numerous employee benefit plan provisions to assist plan sponsors and participants, which the Plan Administrator elected to adopt.

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, subject to certain limitations established under the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for after-tax contributions to be made. Eligible employees are automatically enrolled to contribute 3% of compensation unless they affirmatively elect not to participate in the Plan. On behalf of each eligible participant, the Plan sponsor will make a matching contribution equal to 5/9th of the first \$68 of a participant’s elective deferrals each payroll period.

Investment options

Each participant may direct their investment accounts into certain available investment options. The assets of the Plan are allocated to the applicable funds at the direction of the participant.

Note 1 – Description of Plan (continued)

Participant accounts

Each participant's account is credited with the (a) participant's contribution, (b) allocations of the Plan Sponsor's contribution, if any, and (c) Plan earnings net of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions plus actual earnings thereon, as well as employer contributions upon entry into the Plan.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lower of \$50,000 or 50% of their vested account balance. Participants are permitted only one outstanding loan. Generally, the term of participant loans may not exceed five years. However, if the loan is for the purchase of the participants' principal residence, the Administrator may permit a longer repayment term, but not to exceed thirty years. Loans bear interest at a rate equal to 1% above the prime rate. Principal and interest are paid through payroll deductions. Through the adoption of certain provisions of the CARES Act, maximum loan amounts increased to the lesser of \$100,000 or 100% of a participant's vested account balance. Certain loan repayment requirements were also delayed for one year. A participant was required to meet certain criteria under the CARES Act to be eligible for the increased loan amounts.

Payment of benefits

Upon termination of service, retirement, death, or total permanent disability, a participant or their beneficiary may elect to receive a distribution of his or her entire accumulated plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial withdrawals or installments, or direct rollover to another qualified plan. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59-1/2. Participants may also elect in-service withdrawals of their elective deferral account balances in the case of a hardship. Minimum required distributions for participants also apply per Internal Revenue Service ("IRS") regulations. The CARES Act temporarily waived minimum required distributions for 2020.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan as defined, to terminate the Plan subject to the provisions of ERISA.

Note 2 – Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting, except for benefits paid which are recorded on a cash basis.

Contributions

Contributions from participants are recorded as they are withheld from the participants' wages.

Investment valuation and income recognition

The Plan's investments are stated at fair value.

Mutual funds - stated at fair value, based on the quoted market prices of the underlying securities within each fund.

Common/collective trust - valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Realized and unrealized gains and losses from the assets in each account are credited to or charged against each participant's account. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments are deducted from the individual investments and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative expenses

General administrative expenses of the Plan are paid by the Plan Sponsor and are not reflected in the accompanying financial statements. Certain other transaction-related participant expenses, such as those associated with loan maintenance and administration, are paid by the Plan and are included in the accompanying financial statements.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Note 2 – Summary of significant accounting policies (continued)

Risks and uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with these investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits at December 31, 2020. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency, accordingly, the Plan is subject to the normal investment risks associated with these types of investments. Any defaults on notes receivable from participants are treated as taxable distributions to the participants.

The spread of the COVID-19 coronavirus has caused business disruption in many industries due to measures taken to contain the virus. As a result, economic uncertainties have arisen which have the potential to impact the Plan.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and December 31, 2019.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Payments of benefits

Benefit payments to participants or their beneficiaries are recorded when paid.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 5, 2021, which is the date the financial statements were available to be issued.

Fair value measurements

Fair value refers to the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The fair value hierarchy gives the highest priority to quoted market prices in active markets and the lowest priority to unobservable data. Fair value measurements are required to be separately disclosed by level within the fair value hierarchy. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets.
- Level 2 – Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.
- Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value of December 31, 2020 and December 31, 2019:

2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 17,729,786	\$ -	\$ -	\$ 17,729,786
Common/collective trust measured at net asset value				16,905

2019				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 14,592,313	\$ -	\$ -	\$ 14,592,313

Note 4 – Information certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and investment activity reflected on the following:

- Statements of net assets available for benefits as of December 31, 2020 and December 31, 2019
- Statement of changes in net assets available for benefits for the year ended December 31, 2020

- Schedule H – Part IV – Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020

Note 5 – Party-in-interest transactions

The Plan’s investments are managed by the Trustee as defined by the Plan, and therefore, transactions pertaining to these investments qualify as party-in-interest transactions.

Trustee, advisory and other similar type fees related to the administration of the Plan were paid by the Plan or by the Plan Sponsor. These transactions also qualify as party-in-interest transactions.

Note 6 – Tax status

The Plan utilizes a prototype Plan document which the IRS has opined and informed the prototype Plan Sponsor by a letter dated March 31, 2014, that the prototype Plan document complies with section 401(a) of the IRC. Although the Plan does not have an IRS determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
