ANTHONY THOMAS CANDY CO., INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

DESCRIPTION OF PLAN

The following brief description of the Anthony Thomas Candy Co., Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan, established under the provisions of Section 401(a) of the Internal Revenue Code (the IRC) with a 401(k) arrangement covering all full-time employees of the Anthony Thomas Candy Co., Inc. and Anthony Thomas Candy Stores, Inc. (a related employer under common ownership) (collectively, the Company) who have one year of service and are age twenty-one or older. Upon meeting the eligibility requirements, employees may enter the Plan on the first day of the calendar quarters. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the President and Vice-President of the Company. The Company contracted with The Pension Design Group for administrative services and with Nationwide Financial Services, Inc. (Nationwide) to act as custodian of the Plan's investment.

Contributions

Eligible employees may contribute up to the maximum allowed by law, as defined in the Plan, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various mutual fund investment options offered by the Plan. The Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. For the years ended December 31, 2020 and 2019, the Company elected to match 10% of the employee elective deferral. Additional profit-sharing amounts may be contributed at the option of the Company. Discretionary matching and profit-sharing contributions are invested in a portfolio of mutual fund investments in proportion to the participant directed mutual fund investments. For the years ended December 31, 2020 and 2019, a profit-sharing contribution was not authorized.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution. Participant accounts are charged for administrative expenses that have been paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Trustees. Participants may change their investment options any time throughout the year via internet or direct phone access to Nationwide Financial Retirement Plans. The change becomes effective the next business day.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan term may not be greater than five years unless the loan qualifies as a home loan. The loans are secured by the balance in the participant's account and bear an interest rate of 1% above the prime rate at the time of issuance. Principal and interest is paid ratably through regular payroll deductions.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the plan document.

DESCRIPTION OF PLAN – Continued

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments subject to required minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to pay Plan expenses or to reduce future Company contributions. No forfeited amounts were used during the years ended December 31, 2020 and 2019. The balance of unallocated forfeitures at December 31, 2020 and 2019 was \$4,951 and \$4,550, respectively.

Termination of the Plan

Although it has not expressed any intention to do so, the Company may terminate or amend the Plan in whole or in part at any time. If such an event occurs, the participants become fully vested in their account balances.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements were prepared on the accrual basis of accounting. Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements.

Investment Valuation and Income Recognition

Investments are recorded at fair value as determined by publicly quoted market prices or net asset values at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined on a first-in first-out (FIFO) basis and is used to determine the realized gain or loss from disposition.

Investments in benefit-responsive investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported contract value. Contract value is based upon contributions, withdrawals and earnings of the trust as reported by Nationwide, the custodian. The statements of net assets available for plan benefits and changes in net assets available for benefits present the investment contract on a contract value basis.

Investments in common collective trusts are measured at fair value using the net asset value as reported by the trust managed by the custodian, which is the practical expedient. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The amounts applicable to the common collective trust are presented in these financial statements on a net asset value basis.

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2020 and 2019

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gain includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan is exempt from income taxes as a defined contribution profit sharing plan under Internal Revenue Service Code Section 401(a). Accordingly, no provision for income taxes has been presented in the accompanying financial statements.

The Plan complies with Accounting Standards Codification (ASC) 740-10 related to uncertain tax positions. The standard prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan administration is not aware of any tax positions taken by the Plan on its tax returns that they consider to be uncertain. Tax returns for the years ended 2017, 2018, and 2019 are still open and subject to examination by the Internal Revenue Service and Department of Labor.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. Although the disruption from COVID-19 is currently expected to be temporary, there is significant uncertainty around the overall impact on the economy. Due to this uncertainty, the Plan cannot reasonably estimate the impact of COVID-19 on, among other things, net investment income and the valuation of investments held by the Plan.

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2020 and 2019

INCOME TAX STATUS

The Company has executed an Adoption Agreement to be a participating employer in the Defined Contribution Prototype Plan as administered by Advanced Pension Solutions, Inc. ("APS"). The Internal Revenue Service has determined and informed APS by letter dated March 31, 2008 that the APS Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The APS Plan has been amended since receiving the determination letter. The Trustees under the guidance of the administrator believe that the APS Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a benefit-responsive investment contract with Nationwide, whereas contributions are maintained in a general account. The contract is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contract issuer is obligated to repay the principal and a specified interest rate guaranteed to the Plan. The crediting interest rate, which is adjusted quarterly, was 1.77% for the year ended December 31, 2020 (1.95% for 2019). There are no reserves against the contract value for the credit risk of the contract issuer or otherwise.

As described in SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, because the insurance contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the insurance contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan invests in a stable value fund maintained by Morley Capital Management. As described in SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, because the investment contract is valued at the net asset value as the practical expedient, net asset value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. These accounts are credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. The investment contract issuers are contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The contract provides for an interest crediting rate that may not be less than zero percent per annum. Interest crediting rates are reviewed monthly for resetting. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer such as mass layoffs, Plan termination, mergers, early retirement incentives or other events. The Plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value with the participant is probable.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the Plan's custodian, as is customary in retirement plans. The Pension Design Group served as the Plan's third-party administrators. BHM CPA Group, Inc. serves as the Plan's auditors. Transactions with these parties qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Company and are not charged to the Plan.

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2020 and 2019

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and thus, the schedule of reportable transactions is not required.

INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Financial Services, Inc., the custodian of the Plan, has certified as to the completeness and accuracy of:

Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

Net realized and unrealized gain (loss) in fair value of investments, dividends, and interest reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.

Investments reflected on the schedule of assets held at year end.

FAIR VALUE MEASUREMENTS

The Plan complies with ASC 820, *Fair Value Measurements and Disclosures*, to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. The standard defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair values of certain assets are determined based on the fair value hierarchy established in this standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1

Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3

Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2020 and 2019

FAIR VALUE MEASUREMENTS – Continued

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2020 and 2019:

	Current Value	Fair Value Measurements Using:		
		Level (1)	Level (2)	Level (3)
December 31, 2020				
Money market funds	\$ 2,954	\$ -	\$ 2,954	\$ -
Mutual funds	3,261,198	3,261,198	-	-
Total investment assets in the fair value hierarchy	<u>\$ 3,264,152</u>	<u>\$ 3,261,198</u>	<u>\$ 2,954</u>	<u>\$ -</u>
December 31, 2019				
Money market funds	\$ 2,573	\$ -	\$ 2,573	\$ -
Mutual funds	2,547,392	2,547,392	-	-
Total investment assets in the fair value hierarchy	<u>\$ 2,549,965</u>	<u>\$ 2,547,392</u>	<u>\$ 2,573</u>	<u>\$ -</u>

The fair value of mutual funds are determined using the quoted prices reported in public markets. As a result, they are considered Level 1. The fair value of the money market funds are based on quoted prices for similar assets or liabilities in active markets. As a result, they are considered Level 2. The benefit-responsive investment contract is excluded from the fair value table since it is reported at contract value. The common collective trust is excluded from the fair value table since it is reported using a practical expedient, net asset value. The common collective trust held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement and have no unfunded commitments.

The Plan adopted Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement – Disclosure Framework* during the year ended December 31, 2020. The updated guidance improves disclosure requirements on fair value measurements and removes certain requirements related to transfers between levels of the fair value hierarchy. The Plan did not have any transfers between levels in either year presented, and the new accounting guidance did not have a significant impact on the Plan's financial results or reporting.
