1. DESCRIPTION OF PLAN

The following description of the Mirabito Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Mirabito Holdings, Inc. and subsidiaries and affiliates (collectively, the Company). The Plan contains both 401(k) and profit-sharing provisions. Unless otherwise indicated, the Plan provisions are identical for both components. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES Act and SECURE Act Plan Changes

The Plan has implemented certain requirements by the Coronavirus, Aid, Relief and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act). The optional features that the Plan operationally followed included allowance of COVID-19 related distributions and increased loan limits. The Plan has stopped loan payment deferrals and reactivated required minimum distributions within the allotted timeframe of the CARES Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Administration

The Company is the sponsor and administrator of the Plan. Seven employees, at various positions throughout the Company, serve as the trustees of the Plan. Ameritas Life Insurance Corp. (Ameritas) is the custodian of the Plan. Effective July 1, 2019, Ameritas is also the Plan's third-party administrator and provides record-keeping services for the Plan. Prior to July 1, 2019, The Retirement Advantage, Inc. (TRA) was the Plan's third-party administrator.

Eligibility

Effective April 1, 2019, employees are eligible to participate in the Plan upon completion of 60 days of consecutive service (minimum of 250 hours of service) and the attainment of age twenty-one. Contributions begin on the first day of the first month following completion of these eligibility requirements. Prior to April 1, 2019, employees were eligible to participate in the Plan upon completion of one year of service and the attainment of age twenty-one. Contributions began on the first day of the first quarter following completion of these eligibility requirements.

Contributions

Participants may make voluntary tax-deferred contributions to the Plan, subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). The Company may make discretionary matching contributions and profit-sharing contributions on behalf of participants. The Company made discretionary matching contributions equal to 50% of the first 6% of compensation that a participant contributed to the Plan during 2020 and 2019. The Company made no discretionary profit-sharing contributions to the Plan for the Plan years ended December 31, 2020 and 2019.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participants direct the investment of their contributions and Company contributions into the various investment options offered by the Plan. Each participant's account is credited with the participant's contribution, Company matching contributions, actual account earnings/losses, and allocations of (a) the Company's profit-sharing contributions, and (b) Plan expenses. Allocations of profit-sharing contributions and Plan expenses are allocated based on participant compensation and account balances, respectively, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan includes an automatic salary deferral feature whereby the Company automatically withholds 2% of an eligible participant's compensation. The automatic deferral amount for these participants increases 1% at the beginning of each Plan year up to a maximum of 20% of eligible compensation. Participants who are automatically enrolled in the Plan have the option to cease contributions and withdraw funds contributed to the Plan within 90 days of the first automatic deferral. Participants may also opt out of the automatic deferral feature, change deferral percentages, or elect to not participate in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's matching and profit-sharing contributions vest 50% after one year of service and are fully vested after two years of service. A participant also becomes fully vested upon attaining normal retirement age, death, or total and permanent disability.

Benefit Payments

The Plan provides for benefit payments upon termination of service due to death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount, in installments or direct rollover into an individual retirement account or another qualified plan. The normal retirement age is the date a participant reaches the age of 65.

In-Service Withdrawals

Participants may elect disbursement of all or part of the elective deferral portion of their account balance upon the attainment of age 59 ½. Employer contributions may not be disbursed until the attainment of age 65, unless the participant is fully vested in the employer contributions and has attained the age of 59 ½. Participants may also withdraw their rollover contribution account balance at any time.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's account under certain circumstances. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless they are used to purchase a primary residence. Following the enactment of the CARES Act, qualifying participants could borrow 100,000 or 100% of the participants' vested accounts for those loans established from March 27, 2020, through September 22, 2020. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest at the date of loan application. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses
The Plan pays most of the administrative expenses associated with the administration of the Plan. Certain administrative expenses are paid by the Company.

Forfeitures
Forfeitures of non-vested account balances are used to reduce Company contributions or pay plan expenses. Forfeitures, including gains thereon, totaled $17,135 and $3,792 during 2020 and 2019, respectively. Forfeited non-vested accounts totaled $8,806 and $2,030 at December 31, 2020 and 2019, respectively. The Company applied $10,359 and $9,036 of forfeitures to reduce Company matching contributions and Plan expenses during 2020 and 2019, respectively.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participant accounts would become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments
The Plan's investments in pooled separate accounts and common collective trust funds are stated at fair value using the net asset value (NAV) per share practical expedient. The Plan's investment in its guaranteed investment contract is a fully benefit-responsive investment contract stated at contract value as reported by Ameritas. Purchases and sales are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Risks and Uncertainties
Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The United States is presently in the midst of a pandemic related to a virus, commonly known as COVID-19. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board Accounting Standards Codification 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

Benefit Payments
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as distributions based on the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRC recorded as a liability with a corresponding reduction to participant contributions.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, particularly given the economic disruptions and uncertainties associated with the ongoing COVID-19 pandemic, and such differences may be significant.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Ameritas, the custodian of the Plan, and is included in the accompanying financial statements and supplemental schedule:

	2020	2019
Investments, at fair value	$ 25,845,308	$ 22,494,573
Investment, at contract value	$ 3,771,002	$ 2,856,782
Net appreciation in fair value of investments	$ 2,892,815	$ 3,649,961
Notes receivable from participants	$ 508,244	
Interest income on notes receivable from participants	$ 28,145	
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2020 and 2019.

Common collective trusts and pooled separate accounts are valued at fair value using the NAV per share practical expedient, which is derived from the market value of the underlying investments. There are no restrictions on redemption of the common collective trusts and pooled separate accounts. There are no unfunded commitments. The NAVs of the funds are calculated and posted daily by the custodian. The investment strategies of these accounts are to invest in global and domestic equities and fixed income investments with the goal of producing returns primarily through appreciation of assets, interest and dividends.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in different fair value measurements at the reporting date.

5. GUARANTEED INVESTMENT CONTRACT

Plan investments include a traditional fully-benefit responsive investment contract with Ameritas that is reported at contract value. Ameritas maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

5. GUARANTEED INVESTMENT CONTRACT (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligation, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC of the failure of the trust to be tax exempt under section 501(a) of the IRC
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts and a guaranteed contract managed by Ameritas, the custodian of the Plan. Therefore, transactions involving these securities qualify as party-in-interest transactions. Additionally, transactions involving notes receivable from participants qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Plan operates under a volume submitter plan developed by Ameritas. The IRS has determined and informed Ameritas, by letter dated September 30, 2014, that the written form of the underlying volume submitter plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain items are classified differently between the financial statements and Form 5500. The following is a reconciliation of total net assets available for benefits per the financial statements to total net assets available for benefits per Form 5500 as of December 31:

	2020	2019
Net assets available for benefits, per the financial statements	$ 30,105,998	$ 25,725,819
Excess contributions payable in the current year, paid in the following year	18,556	96,185
Net assets available for benefits, per Form 5500	$ 30,124,554	$ 25,822,004

The following is a reconciliation of the Plan's change in net assets available for benefits per the financial statements to the change in net assets available for benefits per Form 5500 for the years ended December 31:

	2020	2019
Change in net assets available for benefits, per the financial statements	$ 4,380,179	$ 4,814,352
Excess contributions payable in the current year, paid in the following year	18,556	96,185
Excess contributions payable in the prior year, paid in the current year	(96,185)	(82,018)
Change in net assets available for benefits, per Form 5500	$ 4,302,550	$ 4,828,519

9. SUBSEQUENT EVENTS

Effective January 1, 2021, the Plan was restated to include a qualified automatic contribution arrangement safe harbor provision. Matching safe harbor contributions will equal 100% of the first 1% of a participant's salary deferral plus 50% of a participant's salary deferral between 1% and 6%. Safe harbor contributions are vested at 0% until two years of service, at which point participants become 100% vested. A participant also becomes fully vested in safe harbor contributions upon attaining normal retirement age, death, or total and permanent disability.

Effective January 1, 2021, the Plan was restated to remove the service requirement for eligibility, whereby employees are eligible to participate in the Plan solely upon the attainment of age twenty-one. Participants will be enrolled as soon as administratively feasible upon meeting the eligibility requirements.

Effective January 1, 2021, the Plan was restated to change the automatic salary deferral feature whereby the Company automatically withholds 3% of an eligible participant's compensation. The automatic deferral amount for these participants remains at 3% for the first two Plan years, with an increase of 1% at the beginning of each Plan year thereafter, up to a maximum of 10% of eligible compensation.

9. SUBSEQUENT EVENTS (Continued)

Effective January 1, 2021, the Plan was amended to reduce the number of trustees to three, which includes two members of management and NBT Bank.

Subsequent events have been evaluated through October 11, 2021, which is the date the financial statements were available to be issued.
