Report on the Financial Statements

We have audited the accompanying financial statements of the Western & Southern Financial Group Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2020 and 2019, and the changes in its financial status for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

Western & Southern Financial Group Pension Plan (the Plan) is a noncontributory defined benefit plan that covers substantially all employees and provides for retirement benefits that are integrated with Social Security payments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Information about the Plan Agreement, the vesting and benefit provisions, and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the plan document and the Summary Plan Description. Copies of these documents are available from The Western and Southern Life Insurance Company (the Company), the Plan's sponsor.

During 2020, the Company entered into a group annuity contract to pay for certain benefit payments of the Plan. As reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020, the Plan transferred \$38,699,200 of pension obligation to the Company to be paid under the group annuity contract. The actuarial present value of accumulated plan benefits as of December 31, 2020, has been adjusted for this transfer. See Note 4.

Eligibility and Vesting

An eligible employee becomes a participant in the Plan immediately after attaining 1,000 hours of service in the consecutive 12-month period from hire date and after attaining age 21. Active participants become fully vested at five years of service.

2. Summary of Significant Accounting Policies

Basis of Presentation

The following describes the significant accounting policies followed in the preparation of these financial statements, which have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Deposit Administration Contract

The Plan's assets are managed under the terms of a deposit administration contract with the Company, which provides for a non-pooled separate account. The separate account is maintained exclusively for the Plan. Earnings on separate account assets are credited to the Plan. All benefit payments are made directly by the Plan.

Investment Valuation and Income Recognition of Non-Pooled Separate Account

The Plan's deposit administration contract with the Company is valued as follows:

The investments in the non-pooled separate account are held at the fair value. The other assets and other liabilities in the non-pooled separate account primarily consist of accrued investment income, receivables for securities sold, payable for securities purchased, collateral held under securities lending arrangements, and a liability to return collateral under securities lending arrangements. The other assets and liabilities are carried at the historical cost basis which approximates fair value due to their short-term duration. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Western & Southern Financial Group Pension Plan
Notes to Financial Statements
December 31, 2020 and 2019

The following is a description of the valuation techniques and inputs used for each major class of the Plan's assets measured at fair value. There generally have been no changes in the methodologies used in 2020 and 2019:

Debt securities: The fair values of U.S. Treasury securities and obligations of U.S. government corporations and agencies have been determined utilizing inputs from publicly quoted prices obtained from third-party pricing services. The fair values of all other debt securities have been determined through inputs from third-party pricing services utilizing market observable inputs. Less liquid private placement securities and auction rate securities trading in less liquid or illiquid markets with limited or no pricing information are valued using either broker quotes or by discounting the expected cash flows using current market-consistent rates applicable to the yield, credit quality, and maturity of each security.

Equity securities: The fair values of actively traded equity securities have been determined utilizing publicly quoted prices obtained from third-party pricing services. The fair values of certain equity securities for which no publicly quoted prices are available have been determined through the use of third-party pricing services utilizing market observable inputs. Actively traded mutual funds are valued using the net asset values (NAV) of the funds.

Collective trust: The fair value of this fund has been estimated at NAV, which is based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. NAV is used as a practical expedient in determining the fair value of the Plan's interest in the collective trust. This practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments related to the collective trust and units are redeemable at NAV. There are no notice period requirements for the redemption of the investment.

Partnerships/joint ventures: The fair values of private equity investments have been determined using available sales prices, the NAV of the funds or internal valuation methodologies appropriate for the specific assets. The NAV of the funds are used as practical expedients in determining the fair value of the Plan's interests in the funds. The Sponsor validates the fair value assessment based on the funds' audited financial statements, when they become available, by reconciling the audited numbers to the Plan's accounting records. The Plan invests in private equity funds that primarily make direct and indirect venture capital and buyout investments. The fair value of the real estate partnership investment has been determined utilizing internal valuation methodologies appropriate for the asset. The unfunded commitment to private equity partnerships with the underlying characteristics of equity funds was \$17,347,151 and \$21,246,476 at December 31, 2020 and 2019, respectively.

Collateral held under securities lending arrangements: Collateral held under securities lending arrangements is primarily invested in cash equivalents which are valued at the NAV of the shares held by the Plan at year-end.

Western & Southern Financial Group Pension Plan
Notes to Financial Statements
December 31, 2020 and 2019

Other assets: Other assets primarily consist of a money market fund; also included are net payable/receivable for securities, investment income due and accrued, and other liabilities. The money market fund fair value has been determined utilizing publicly quoted prices obtained from third-party pricing services.

^(a) These are private funds investing primarily in domestic fixed income securities and partnerships with the underlying characteristics of equity that primarily make direct and indirect venture capital and buyout investments. For private fund investments, the Plan has the right to redeem its limited partnership investments at their NAV. The Plan has no future funding commitments associated with the investments. For limited partnership investments, the Plan does not have the right to redeem its limited partnership investment at its NAV. Instead, the Plan receives distributions as the underlying assets of the fund are liquidated. It is estimated that the underlying assets of the partnerships will be liquidated over approximately 1 to 20 years.

^(a) These are private funds investing primarily in domestic fixed income securities and partnerships with the underlying characteristics of equity that primarily make direct and indirect venture capital and buyout investments. For private fund investments, the Plan has the right to redeem its limited partnership investments at their NAV. The Plan has no future funding commitments associated with the investments. For limited partnership investments, the Plan does not have the right to redeem its limited partnership investment at its NAV. Instead, the Plan receives distributions as the underlying assets of the fund are liquidated. It is estimated that the underlying assets of the partnerships will be liquidated over approximately 1 to 20 years.

Notes to Financial Statements
December 31, 2020 and 2019

The non-pooled separate account loaned \$24,620,870 and \$52,975,817 of various corporate debt securities, and common stocks as part of a securities lending program administered by Deutsche Bank (the custodian) as of December 31, 2020 and 2019, respectively. The following presents the breakout by investment classification of the fair value of the securities on loan:

	December 31	
	2020	2019
Corporate debt	\$ 1,604,140	\$ 4,577,975
Common stocks	23,016,730	48,397,842
Total loaned securities	<u>\$ 24,620,870</u>	<u>\$ 52,975,817</u>

The non-pooled separate account requires collateral in the amount of 102% of fair value of the applicable securities loaned. The non-pooled separate account monitors the fair value of the underlying securities as compared with the related receivable or payable, including accrued interest, and requests additional collateral as necessary. The non-pooled separate account maintains effective control over all loaned securities, and therefore, continues to report such securities as invested assets. The non-pooled separate account records an offsetting liability for the obligation to return the collateral. The Plan had \$25,130,508 and \$54,175,384 of collateral held in short term overnight repurchase agreements as of December 31, 2020 and 2019, respectively.

The non-pooled separate account contains \$17,496 and \$277,384 of other liabilities at December 31, 2020 and 2019, respectively. The other liabilities consist primarily of amounts payable for securities purchased and other transfers to general account.

At December 31, 2020 and 2019, the non-pooled separate account owned \$148,655,395 and \$105,944,390, respectively, of mutual funds administered by Touchstone Advisors, Inc., a wholly owned subsidiary of the Company, which represents 12.68% and 9.75% of the net assets available for benefits, respectively. At December 31, 2020 and 2019, the non-pooled separate account's investment in partnerships and joint ventures with underlying characteristics of bonds administered by Fort Washington Investment Advisors was \$177,074,067 and \$169,965,940, respectively, which represents 15.11% and 15.63% of the net assets available for benefits, respectively. At December 31, 2020 and 2019, the non-pooled separate account owned \$36,798,421 and \$35,366,751 respectively, of partnerships and joint ventures with underlying characteristics of equity administered by Fort Washington Investment Advisors, which represents 3.14% and 3.25% of the net assets available for benefits, respectively. Fort Washington Investment Advisors is a wholly owned subsidiary of the Company.

Actuarial Present Value of Accumulated Benefits

Accumulated benefits are those estimated future periodic payments attributable under the Plan's provisions for services rendered by employees to the valuation date. Accumulated benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries and

Western & Southern Financial Group Pension Plan
Notes to Financial Statements
December 31, 2020 and 2019

presently active employees or their beneficiaries. The accumulated benefits for active employees are based on retirement credits, which they have accumulated as of the valuation date.

Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated benefits, determined by an independent actuary, is the amount which results from applying actuarial assumptions to adjust accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements for death, disability, withdrawal, and retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations were:

Life expectancy of current beneficiaries of deceased participants	Pri-2012 Contingent Survivor Mortality with modified scale MP-2020
Life expectancy of all other participants	Pri-2012 Total Employee and Retiree Mortality with modified scale MP-2020
Retirement age assumption	Company experience rate which averages age 64
Assumed rate of return on investments	7.25% in 2020 (7.25% in 2019)

The Plan's mortality assumption for plan participants, including future mortality improvements, is generally derived from tables published by the Society of Actuaries (SOA). In 2020, the SOA released an updated mortality modified improvement scale (MP-2020). In 2019, the SOA released tables for current beneficiaries of deceased participants (Pri-2012 Contingent Survivor Mortality) and all other participants (Pri-2012 Total Employee and Retiree Mortality). The Plan incorporated the new tables and the modified improvement scale into the December 31, 2020 and 2019, benefit obligations, respectfully.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits. Actuarial assumptions are reviewed on an annual basis.

Administrative Expenses

Administrative expenses presented in the statements of changes in net assets available for benefits are allocated costs of services provided or paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. Funding Policy

The Company contributes amounts necessary on an actuarial basis to provide the Plan with assets sufficient to meet the future benefit obligations of the Plan. The contributions are designed to fund the Plan's normal service costs on a current basis and to fund accrued benefit costs arising from qualifying service before the establishment of the Plan. Earnings on investments of the Plan serve to reduce future contributions and to provide benefits under the Plan. The Plan has met the ERISA minimum funding requirements.

The required employer contribution is calculated based on data at the end of the plan year. No pension contribution was required in 2020 or 2019.

4. Accumulated Benefits

A comparison of the total actuarial present value of accumulated benefits is presented below as of the end of each plan year is as follows:

	December 31	
	2020	2019
Actuarial present value of accumulated benefits:		
Vested benefits:		
Active participants	\$ 157,570,528	\$ 162,082,295
Retired participants currently receiving payments	455,024,229	451,671,524

Total actuarial present value of accumulated benefits, end of year	<u>\$ 666,948,996</u>	<u>\$ 677,492,019</u>

^(a) Change in actuarial assumptions can be attributed to morality table changes discussed in Note 2.

^(b) See Note 1 Description of Plan for discussion of the transfer.

5. Termination Priorities

In the event the Plan terminates, all benefits accrued by participants, retired or former participants, and beneficiaries to the extent then funded, will be nonforfeitable. Upon any such termination of the Plan, the assets of the Plan shall first be allocated among the current, retired, and former participants and their beneficiaries, in the order prescribed under Title IV of ERISA. Whether a particular participant's accumulated benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets of the Plan and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 20, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions and is currently undergoing an examination by the Internal Revenue Service for the year ended December 31, 2019. Management does not anticipate that any changes which might result from this audit would be material to the Plan.

7. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

The Plan and the Company are exposed to risk associated with the ongoing outbreak of the novel coronavirus ("COVID-19") and are actively monitoring developments through governmental briefings and the relevant health authorities. The effects of the outbreak on the Plan and the Company are uncertain and difficult to predict, as the situation continues to evolve. Risks to the Plan include (but are not limited to) lower investment returns on pension plan assets and the disruption of business operations due to changing work environments for employees and business partners. The Plan and the Company have business continuity plans in place to mitigate the risks posed to business operations by disruptive incidents such as these.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Prescribed Funding/PBGC Assumptions and Methods

The following assumptions and methods are prescribed by ERISA.

Funding interest rates

For 2020 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	2.79%	3.64%
Second Segment Rate	3.92%	5.21%
Third Segment Rate	4.38%	5.94%
Effective Interest Rate	4.06%	5.38%

For 2019 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	2.28%	3.74%
Second Segment Rate	3.81%	5.35%
Third Segment Rate	4.46%	6.11%
Effective Interest Rate	4.02%	5.53%

* Used for maximum tax-deduction and PBGC premium purposes.

** Used for minimum funding and benefit restriction purposes.

Mortality

Mortality tables mandated by current legislation as specified in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2019-26, applied on a static basis.

Actuarial cost method

The Funding Target is the present value of accrued benefits based on compensation and service to date. The Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected plan administrative expenses to be paid from plan assets during the year.

WESTERN & SOUTHERN FINANCIAL GROUP PENSION PLAN

EIN/PN: 31-0487145 / 004

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (continued)

Non-Prescribed Funding Assumptions and Methods

The following assumptions were selected by the plan's enrolled actuary. The asset valuation method was selected by the plan sponsor with the actuary's advice and is an acceptable method under PPA. The retirement and withdrawal rates were based on anticipated future experience. Actual experience is reviewed each year and compared to the assumption. Changes are then made, as appropriate, based on this review. These assumptions remain appropriate given historic gain and loss experience of the plan.

Salary increases

Asset valuation method

The Actuarial Value of Assets is market value as of the valuation date, including discounted receivable contributions, reduced by 2/3 and 1/3 of the gain/(loss) in the prior 2 years, respectively. The gain/(loss) for each period is determined as the actual return on market value during the period less the expected return on market value based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third Segment Rate. The resulting value is constrained to be within a corridor of 90% to 110% of market value, including discounted receivable contributions.

	Actuary's Assumption	Third Segment Rate	Reflecting PPA Limit
2020 Expected Return	7.25%	5.94%	5.94%
2019 Expected Return	7.50%	6.11%	6.11%

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the economic and demographic assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report.

Summary of Changes from the January 1, 2019 Valuation

- The funding segment rates have been updated as specified in IRS Reg. 1.430(h)(2)-1. These rates are constrained in accordance with HATFA. This change increased the Funding Target by approximately \$28 million.
- The mortality assumption was updated according to the projection specified in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2019-26, applied on a static basis. This change decreased the Funding Target by approximately \$0.5 million.
- Expected Return on asset assumption had been decreased from 7.5% to 7.25% based on internal analysis done by the plan sponsor. This change had no impact on the current funding results.

Eligibility

An employee who has completed 1,000 hours of service during the first year of employment or during any subsequent anniversary year, attained age 21, and completed one year of employment is eligible on the earlier of January 1 or the first of the month which is six (6) months after all these conditions are satisfied.

Transition Group: Participants in the Plan at December 31, 2010 whose age and service are at least 70. This group continues the formula in effect at December 31, 2010 through December 31, 2015. This group is also eligible for the Social Security Temporary Annuity benefit if they retire on or before December 31, 2012.

Effective January 1, 2011 associates who work at various investment subsidiaries become eligible. They are granted Years of Membership commencing January 1, 2010.

Employee Contributions

None.

Definitions for Benefit Computations

Plan Year

The twelve (12) consecutive month period beginning January 1 and ending on December 31.

Computation Period

The initial twelve (12) consecutive month period beginning on the Employee's first date of employment and each subsequent 12-month period beginning on the anniversary of the Employee's first date of employment.

Year of Service

An Employee shall receive one (1) Year of Service for each Computation Period during which he works 1,000 or more Credited Hours.

Years of Membership

Effective January 1, 2011, an Employee shall receive one (1) Year of Membership for each calendar year during which he works at least 52 times the number of hours in a full-time regular work week. If an Employee completes less hours, a pro rata portion will be credited.

Compensation

The amount paid to an Employee by a Participating Employer for his services as such, including base salary, commissions, payment for company rule days, overtime and shift differential pay, and legion awards, but excluding pay in lieu of vacation time, moving and expense allowances, accrued credits, Security Plan allowance, any extra compensation for special services, bonuses and the cost to the Participating Employer of other incentive plans or employee benefits. Compensation shall also include Compensation not paid to an employee but credited on behalf of an Employee to a plan that qualifies under Section 125 or Section 401(k) of the Code. Highest Compensation is the largest average during 5 consecutive years in the 10-year period before termination.

Termination Benefits

Eligibility

Completion of five (5) years of service.

Benefit through December 31, 2010 (December 31, 2015 for members of the Transition Group)

The monthly benefit earned to date of termination with payments commencing at his or her normal retirement date. The benefit is determined based on anticipated Years of Membership at Normal Retirement Date, multiplied by the ratio of Years of Membership prior to termination date to anticipated Years of Membership at Normal Retirement Date. The Social Security Benefit offset assumes level earnings from date of termination until age 65.

Benefit after December 31, 2010 (December 31, 2015 for members of the Transition Group)

The monthly benefit earned to date of termination with payments commencing at his or her normal retirement date. The benefit is based on Years of Membership at date of termination and the benefit formula described above under Normal Retirement.

A participant may elect early commencement at age 55 if he had completed 15 years of service at date of termination. Such benefit is reduced 6% per year before age 65.

Pre-retirement Death Benefits

Prior to Earliest Retirement Age

Eligibility

If a member dies after becoming vested, but before retiring, his surviving spouse is entitled to a pre-retirement death benefit.

The amount which would be payable if the participant terminated on his/her date of death, elected payment at the earliest eligibility for early retirement in the form of a qualified joint and survivor annuity, and died prior to the first payment.

Voluntary After-Tax Account

Prior to 1997, participants in the Lafayette Life Insurance Company Pension Plan were eligible to make voluntary after-tax contributions to the Plan. Participants can elect to withdraw all or part of their after-tax account balance at any time without impact to any other benefits provided by the Plan.

Gerber Life

Active former employees of Gerber Life as of January 1, 2019 became participants in the Western & Southern Financial Group Pension Plan on that date. Gerber Life employees receive vesting service credit for their prior employment with Gerber Life. Benefits under this plan first begin to accrue as of January 1, 2019.

Summary of Changes from the January 1, 2019 Valuation
