Cedarville University Retirement Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1: Description of the Plan

The following description of the Cedarville University Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined-contribution supplemental plan sponsored by Cedarville University (University) for the benefit of its employees. Students who are employed by the University are generally excluded from participation in the Plan. Participants are eligible to participate in the Plan upon employment.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended. Teachers Insurance and Annuity Association (TIAA) serves as the issuer of the TIAA Traditional Annuity Contract held by the Plan. College Retirement Equities Fund (CREF) serves as the issuer of CREF variable annuities held by the Plan. TIAA, TIAA-CREF Trust Company, FSB, Voya Retirement Insurance and Annuity Company (Voya), The Variable Annuity Life Insurance Company (VALIC), GuideStone Financial Resources (GuideStone) and Pacific Life serve as the custodians of most nonannuity assets and as recordkeepers of the Plan.

Contributions

Participants may make elective deferral contributions up to the limits prescribed by law. Participants who have attained age 50 and/or have 15 years of service before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employees who have one year of experience, worked 1,000 hours and are at least 21 years of age are also eligible for a discretionary employer matching contribution of 2 percent when the employee contributes 4 percent to the Plan.

The University contributes 8 percent of the annual compensation of all eligible employees to the Plan. Additionally, the University may make matching discretionary contributions. If participants contribute 4 percent of their compensation to the Plan, the University will make an additional 2 percent contribution to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Investment Account Options

Investment account options available include various annuity accounts, a pooled separate account and mutual funds. Each participant has the option of directing their contributions into any of the investment account options selected by the University and may change the allocation to the extent permitted by the individual agreements.

Notes to Financial Statements

December 31, 2020 and 2019

Participant Accounts

Each participant's account is credited with the University's contributions, participant's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's account. All amounts in participant accounts are participant-directed.

Vesting

Participants are immediately vested in the University's and their contributions plus actual earnings thereon.

Payment of Benefits

Upon retirement, reaching age 62, or termination of service due to death, or disability, participants with account balances greater than \$5,000 generally receive payments in the form of a lifetime annuity or if married as a joint and survivor annuity. Other forms of payment are available, provided that the participant and spouse, if married, waive the annuity form of payment. Participants with vested account balances of \$5,000 or less will receive a single lump-sum payment.

In April 2020, the Plan Sponsor (Company) implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Participant Loans and Plan Loans

Participants may borrow the lesser of \$50,000 or 50 percent of the participant's account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Principal and interest are paid at a frequency no less than quarterly over a maximum of five years (with certain exceptions for loans used to acquire a principal residence).

In April 2020, the Plan Sponsor (Company) adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Cedarville University Retirement Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Participants with accounts at Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF) or the Variable Annuity Life Insurance Company (VALIC), may apply for a Plan loan directly from TIAA-CREF or VALIC. Plan loans of \$122,000 and \$193,000, as of December 31, 2020 and 2019, respectively, are not considered assets of the Plan and, therefore, are not included in notes receivable from participants on the statements of net assets available for benefits. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.00 percent to 5.55 percent.

Loan Collateral Account

When a participant enters into a VALIC loan agreement, the principal amount, plus the first quarter's interest and potential surrender charge are transferred from the participant's investment options to a loan collateral account. The loan collateral account earns interest at a contractually guaranteed minimum interest rate. The balance is equal to outstanding principal plus interest, less repayments. Principal and interest are paid quarterly by the participants directly to VALIC. As repayments are made, funds are released from the loan collateral account back to the participant's investment options.

Plan Termination

Although it has not expressed an intention to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan is funded by individually controlled TIAA, CREF, Voya, VALIC, GuideStone and Pacific Life investments. Contributions are allocated to the various investment options based on the individual participant elections.

Cedarville University Retirement Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

The TIAA Fully Benefit-Responsive Traditional Annuity is recorded at contract value. The TIAA, VALIC and Voya Nonbenefit-Responsive Traditional Annuity contracts are recorded at fair value. Fair value, as reported to the Plan by TIAA, VALIC and Voya, represents contributions made under the contract, plus interest at the contract rate, less funds to pay withdrawal benefits and administrative expenses. The investment contract with TIAA, VALIC and Voya contain liquidity restrictions that require withdrawals and transfers from the investment contracts to other investment options available to the Plan to be spread over a period of ten annual installments or five annual installments for withdrawals after a participant's termination of employment.

The nonbenefit-responsive contract is recorded at fair value, which approximates contract value as estimated by TIAA, VALIC and Voya. At December 31, 2020 and 2019, the fair value of the nonbenefit-responsive contracts at TIAA, VALIC and Voya totaled \$5,281,569 and \$5,078,655, respectively. At December 31, 2020 and 2019, the contract value of the benefit-responsive contracts totaled \$2,749,359 and \$2,565,785, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer of the TIAA Traditional Annuity. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

TIAA Stable Value Fund

The TIAA Stable Value Fund is a fixed rate group annuity contract and investment product offered by TIAA, an insurance company. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1 percent and 3 percent (before deductions for contract fees) with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA Board of Trustees. Additional amounts of interest are not guaranteed for periods other than the periods for which they are declared. The TIAA Stable Value Fund is immediately liquid to a participant for withdrawals and transfers and does not have withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's "equity wash" provisions). In addition, transfers into the TIAA Stable Value Fund may not be made for 30 days following a transfer out. The TIAA Stable Value Fund is a benefit-responsive contract. At December 31, 2020 and 2019, the contract value of the fully benefit-responsive contract totaled \$1,114,441 and \$247,627, respectively.

CREF Variable Annuity Accounts

Participants purchase accumulation units in the variable annuity contracts and their value is calculated daily. Variable annuity accounts, except for the money market account, are recorded at their estimated fair value, which is based upon the underlying value of the assets.

Cedarville University Retirement Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Mutual Funds

Quoted market prices, if available, are used to value investments. TIAA-CREF, Voya, VALIC, GuideStone and Pacific Life mutual funds are valued at the market quoted net asset value (NAV) of shares held by the Plan at year-end.

Pooled Separate Accounts

Pooled separate accounts are valued at the NAV per accumulation unit of the investment as provided by the insurance company. The NAV of these accounts is based on the underlying assets owned by the fund, minus liabilities, divided by the units outstanding. The NAV is not a publicly quoted price in an active market. The NAV is used as a practical expedient to estimate the fair value of pooled separate accounts. There are no unfunded commitments or redemption notice periods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended.

The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not currently provide that service for 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, is not subject to tax.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Plan or University, at the University's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period ending date.

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2020

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements are primarily attributable to classification differences.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Notes to Financial Statements

December 31, 2020 and 2019

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2020. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Valuation Process

Fair value determinations for Level 3 measurements of securities are the responsibility of the Business Office. The Business Office contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Business Office challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States of America.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompany statements of net assets available for benefits using significant unobservable (Level 3) inputs for the years ended December 31, 2020 and 2019:

	Fixed Annuity Contracts

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements:

	Fair Value at December 31, 2020	Valuation Technique	Unobservable Inputs	Range (Weighted- Average)
Fixed Annuity Contracts	\$ 5,281,569	Discounted cash flow	Contractual interest rate	2.00% - 3.75%

Fixed Annuity Contracts	\$ 5,078,655	Discounted cash flow	Contractual interest rate	3.00% - 3.75%

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	Fair Value	December 31, 2020 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	\$ 2,987,500	N/A	Daily	None
	Fair Value	December 31, 2019 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	\$ 2,970,672	N/A	Daily	None

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan invests in various funds of the Plans' recordkeeper and custodian, and fees for trust and management services paid by the Plan to this recordkeeper were \$354,995 and \$251,081 for 2020 and 2019, respectively.

The University provides certain administrative services at no cost to the Plan.

Notes to Financial Statements

December 31, 2020 and 2019

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 8: Subsequent Events

Subsequent events have been evaluated through October 13, 2021, which is the date the financial statements were available to be issued.
