FRICKER'S USA LLC, 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note 1-Description of plan

The following description of the Fricker's USA LLC, 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, which was amended and restated effective November 15, 2020, is a defined contribution plan covering substantially all employees (other than highly compensated employees) of Fricker's USA, LLC (the Company or Plan Sponsor) and Fricker's Maintenance Company, LLC who have attained the age of twenty-one and completed three consecutive months of service. Employees may begin participating on the first day of the month on or after the day they have satisfied all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to Internal Revenue Service (IRS) maximum limits of pre-tax annual compensation to a traditional 401(k) or after-tax compensation to a Roth 401(k), as defined in the Plan. The Plan provides a formula for qualified matching contributions at the discretion of the Company, as well as qualified non-elective contributions at the discretion of the Company's governing body. In addition, the Plan provides for a discretionary profit-sharing contribution annually as determined by the Company. There were no profit sharing or non-elective contributions for the year ended December 31, 2020.

Rollover contributions

The Plan may also accept eligible rollover contributions and transfers at the discretion of the Plan Administrator. Rollover contributions shared in income and earnings under the terms of the Plan, but no employer contributions were made with respect to any rollover contributions.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Company's contributions and Plan earnings. Participants direct the investments of their accounts among the investment options offered by the Plan. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their funds a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding balance. Only two outstanding notes receivables are permitted at any time. Notes from a participant's Roth deferral portion of their account are not permitted. Notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1 percent at the inception of the loan. Principal and interest is paid ratably through bi-weekly payroll deductions.

FRICKER'S USA LLC, 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2020 and 2019

Note 1—Description of plan—continued

Payment of benefits

Upon termination of service, retirement, disability or death, the balance in the participant's individual account is distributed to the participant or their beneficiary. Disbursement of these amounts will be made through installment payments or in a lump sum amount equal to the vested value of their account in-service distributions can be taken upon reaching age 59½, but are limited to the participants vested balance. If the vested amount of the participant's account is \$1,000 or less, it will be paid out automatically in one lump-sum payment.

Vesting

Participants are immediately vested in their elective deferral, qualified matching, and qualified non-elective contributions, plus actual earnings thereon. Participants are vested in Company discretionary profit-sharing contributions based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1 year	0%
1 year but less than 2 years	20%
2 years but less than 3 years	40%
3 years but less than 4 years	60%
4 years but less than 5 years	80%
5 years or more	100%

Forfeitures

Upon termination any unvested portion is forfeited. Forfeited accounts are used to reduce plan administrative fees or allocated to reduce future employer contributions. Forfeited non-vested accounts totaled \$6,765 and \$4,781 at December 31, 2020 and 2019, respectively.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their account balances.

Note 2—Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred. Benefits payments are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

FRICKER'S USA LLC, 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2020 and 2019

Note 2—Summary of significant accounting policies—continued

Contributions

Participant salary deferrals and employer contributions are included in income during the period the related salary is earned.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

Recordkeeping fees and certain other administrative expenses are paid by participants and the Plan Sponsor pays all remaining administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Administrator and certified by the Ascensus Trust Company, the Trustee of the Plan. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Note 4—Fair value measurements—continued

Mutual Funds – valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with Securities Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds – valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

Description	Total	Fair Value Measurements at December 31, 2020 Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 2,179,907	\$ 2,179,907	\$ 0	\$ 0

		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 1,671,091	\$ 1,671,091	\$ 0	\$ 0

Note 5—Income tax status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter, dated January 1, 2018, from the IRS that the prototype plan as designed qualifies for federal income tax-exempt status. The Plan has not individually sought a determination from the IRS on its qualification status. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5—Income tax status—continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Related party transactions and party in interest transactions

Certain Plan investments, held for the year ended December 31, 2020 are shares of registered investment companies managed by the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the Trustee amounted to \$705 for the year ended December 31, 2020.

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Delinquent participant contributions

As required by ERISA, the Company is required to segregate employee contributions and repayments on notes receivable from participants to the Plan from its general assets as soon as administratively feasible. The Company failed to remit to the Plan's trustee certain employee contributions and repayments of notes receivable from of approximately \$320,521 within the period prescribed by the Department of Labor's regulations during plan years between 2017 and 2019. The contributions and notes receivable from participants repayments were remitted to the Plan during 2021.
