Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation, which automatically increases 1% per year up to 20% of eligible compensation.

The Company made discretionary matching contributions in 2020 and 2019. These amounts were determined in 2020 and 2019 as 100% of the first 4% of pretax income contributed by participants. The Company may also contribute profit sharing amounts as determined by the Company's board of directors; however, no such profit sharing contributions were made in 2020 or 2019. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. If no election is made, deferrals are invested in the appropriate Vanguard Target Retirement Fund, based upon the participant's age. The Plan currently offers mutual funds with a variety of investment objectives and a stable value fund as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the plan (continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after two years of credited service.

Payment of benefits - On termination of service due to death, disability, or retirement a participant or their beneficiary may receive the value of the participant's vested interest in his or her account as a lump sum distribution. Participants may also withdraw amounts from their accounts under certain defined conditions.

Forfeited accounts - At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$23,974 and \$35,416, respectively. These accounts are available to reduce future employer contributions, pay Plan expenses or to restore participants' individual accounts as defined. Forfeitures in the amount of \$21,076 and \$9,104 were used to pay administrative expenses of the Plan during the years ending December 31, 2020 and 2019, respectively.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain administrative expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits while other administrative fees are paid from forfeited non-vested accounts and are included in administrative expenses. In addition, certain servicing fees for mutual funds that are not managed by the trustee are charged directly to the participant's account and are also included in administrative expenses. All other investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(2) Summary of significant accounting policies (continued)

Recently issued accounting pronouncements - In 2020, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2018-13, "*Fair Value Measurement - Disclosure Framework (Topic 820)*". The updated guidance improves the disclosure requirements on fair value measurements and is effective for fiscal years beginning after December 15, 2019 with early adoption is permitted. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company (Vanguard), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,972,754	\$ -	\$ -	\$ 19,972,754
Investments measured at NAV ^{(a)(b)}				1,627,354
Investments at fair value	<u>\$ 19,972,754</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,600,108</u>

(4) Fair value measurements (continued)

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,237,574	\$ -	\$ -	\$ 17,237,574
Investments measured at NAV ^{(a)(b)}				1,326,850
Investments at fair value	<u>\$ 17,237,574</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,564,424</u>

(a) In accordance with Subtopic 820-10, the stable value common collective trust that was measured at net asset value per share has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The stable value common collective trust listed above is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

(5) Related party transactions

Certain Plan investments are shares of mutual funds and units of a collective trust fund managed by an affiliate of Vanguard. Vanguard is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

Vanguard provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MAS) between the Company and Vanguard. Vanguard receives revenue from mutual fund service providers for services Vanguard provides to the funds. This revenue is used to offset certain amounts owed to Vanguard for its administrative services to the Plan.

If the revenue received by Vanguard from such mutual fund service providers exceeds the amount owed under the MSA, Vanguard remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020 and 2019 there were no excess amounts. The Plan or Company may make payments to Vanguard for administrative expenses not covered by revenue sharing.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the trustee of \$25,114 and \$10,722 for the years ended December 31, 2020 and 2019, respectively, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

NOTES TO FINANCIAL STATEMENTS

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(7) Tax status

The Internal Revenue Service (IRS) has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed Vanguard of such in a letter dated May 28, 2014. The plan administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the coronavirus outbreak (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID 19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statements of changes of net assets available for benefits.

(9) **Delinquent participant contributions**

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets. While the Company remitted all participant contributions to the Plan, contributions of \$302 were not remitted within the required time period for the year ended December 31, 2019. The Company remitted these delinquent employee contributions, including lost earnings, during 2020.

(10) **Subsequent events**

The Plan has evaluated subsequent events through July 20, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
