NOTE 1 - DESCRIPTION OF PLAN

The following description of the Bacardi U.S.A., Inc. & Affiliates 401(k) Savings and DC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established on October 1, 2004 for the benefit of the employees of Bacardi U.S.A., Inc. and Affiliates (the "Company"). The Plan is a defined contribution plan covering employees of Bacardi U.S.A., Inc., Bacardi-Martini Product Development Corp., Tradall Americas, Inc., Bacardi Global Brands, Inc., Bacardi Martini Inc., Bacardi Business Solutions Inc., Leblon LLC., and Bacardi Bottling Corporation. There are no age or service requirements for participation in the Plan, however, employees must complete one year of service and be age 21 or older to participate in the employer matching and profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2014, participants hired prior to October 1, 2004 are entitled to the same employer contributions as participants hired on or after October 1, 2004. Thus, in addition to being eligible for the employer matching contributions as currently provided by the Plan, all participants will be eligible to receive an automatic non-matching employer contribution equal to five percent of eligible compensation provided they have attained at least age 21, completed one year of service, and remain employed as of the plan year end.

Contributions: All employees are allowed to contribute up to 75% of their compensation, as defined in the Plan. Unless otherwise elected, participants are automatically enrolled into the Plan at a deferral rate of 5%. The contribution is subject to Internal Revenue Code ("IRC") limitations. The maximum contribution allowed during 2020 was $19,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Once an employee reaches one year of service and has attained age 21, the Company will provide a matching contribution of 100% of the first 3% and 50% of the next 2% that an employee contributes to the Plan, and the Company will also provide a non-elective employer contribution equal to 5% of the employee's eligible compensation for employees hired before January 1, 2020, and 3% for employees hired after January 1, 2020, as defined. A discretionary amount determined by the Company may also be contributed each year. There were no discretionary contributions by the Company for the plan year ended December 31, 2020.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, b) Plan earnings, and c) forfeitures of employer matching, non-elective and discretionary contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions, the employer match contribution, plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 25% per year starting the second year.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant accounts involved with the transfer from the 401(k) Savings Plan for Employees of Bacardi U.S.A., Inc. and Affiliates on September 1, 2010 were fully vested at the time of the transfer.

Forfeitures: Forfeitures may be used to offset administrative expenses and future employer contributions to the Plan. During 2020, approximately $0 of forfeitures were used to offset employer contributions to the Plan. The balance of forfeitures available to offset future employer contributions as of December 31, 2020 and 2019 was $213,883 and $224,869, respectively.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits: Participant's benefits will be paid in the form of a lump sum payment. A beneficiary may receive a death benefit in the form of either a lump sum payment or installment payments. Participants are allowed to take in-service withdrawals upon attainment of age 59 ½ or for hardship purposes.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Transfer: Effective January 1, 2020 the Patron Spirits Company 401(k) Profit Sharing Plan merged into the Plan. As a result of the merger, net assets of $23,308,007 was transferred into the Plan.

Reclassification: Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Event: Plan management has evaluated subsequent events for the recognition and disclosure through October 13, 2021, which is the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest income from notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company the custodian of the Plan. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at December 31, 2020 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Collective Trusts*	$ -	$ -	$ -	$ 214,301,271
Mutual Funds	331,952	-	-	331,952
Total	$ 331,952	$ -	$ -	$ 214,633,223

	Fair Value Measurements at December 31, 2019 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Collective Trusts*	$ -	$ -	$ -	$ 168,524,055
Mutual Funds	300,514	-	-	300,514
Total	$ 300,514	$ -	$ -	$ 168,824,569

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others. The Plan holds certain investments managed by Vanguard Fiduciary Trust Company (Vanguard). Vanguard is the custodian of the Plan and, therefore, these transactions and the Plan's payment of fees to Vanguard qualify as party-in-interest transactions. Participant loans held by the Plan are also considered party-in-interest transactions. Some administrative expenses of the Plan are paid directly by the Company.

(Continued)

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) issued an opinion letter dated May 28, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the prototype, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.
