1. DESCRIPTION OF PLAN

The following description of the Thos. S. Byrne, Inc. 401(k) Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Thos. S. Byrne, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan allows eligible employees to defer compensation and share in employer contributions, to save and invest for retirement.

All employees of the Company who are at least 21 years of age are eligible to participate in the Plan, except for union employees, non-resident aliens, and leased employees. For purposes of receiving allocations of employer contributions (matching and discretionary) under the Plan, employees are eligible to participate on the first day of the month subsequent to the month of hire, as defined, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by a committee (the "Plan Administrator") appointed by the Board of Directors of the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports.

Professional Capital Services, LLC was the third-party administrator and record keeper of the related participant accounts and AdvisorTrust, Inc. was responsible for the custody and management of the Plan's assets until December 1, 2020. On December 1, 2020, the Plan transferred third-party administrator and record keeper duties to Principal Life Insurance Company and custody of the Plan's assets to Principal Trust Company.

Contributions

Each year, participants may contribute up to 100 percent of annual compensation, as defined in the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. At the Participant's election, these may be either "traditional" before-tax or "Roth" after-tax 401(k) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions to each eligible participant in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation, but do not exceed 5% of the participant's compensation.

The Company may make discretionary matching and profit sharing contributions to the Plan each year to be determined annually at the discretion of the Board of Directors.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and discretionary contributions, as well as the participant's share of the Plan's investment income, appreciation, and any related administrative expenses. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their elective contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 100% vested after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Plan, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, less the balance of any outstanding loans. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%. Currently, the loan interest rate is determined by the Custodian using the Prime interest rate in effect at the time of the loan plus 1.00%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, may elect to receive a single lump-sum payment in cash, or may elect to receive installments. However, a participant with an account balance of $5,000 or less may only receive a single lump-sum payment in cash. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Benefits are recorded when paid. Benefits that have been approved, but not paid prior to December 31, 2020 and 2019 totaled $- and $51,758, respectively.

Forfeited Accounts

Forfeited non-vested accounts totaled $- and $46 at December 31, 2020 and 2019, respectively. Forfeited balances of terminated participant's non-vested accounts may be used to reduce future employer contributions or to pay plan expenses. In 2020 and 2019, forfeited non-vested accounts totaling $46 and $4,605 were used to pay plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company on the Plan's behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Delinquent participant receivables are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis.

Investment Valuation and Income Recognition

Investments stated at fair value include registered investment company funds, interest-bearing cash (money market account), pooled separate account and collective investment trusts represent investments with various investment managers. Changes in fair value are reflected in operations. The respective fair values are based on the market value of the underlying investments, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in common/collective trusts and pooled separate accounts are valued at the unit value as reported by the investment managers at year-end. Interest and other income is recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan has entered into investment contracts with Principal. Principal maintains certain investments in pooled separate accounts. Assets of these contracts are invested in shares of the specific funds elected in the contract application. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal. Each of the pooled separate accounts invests either in domestic stocks, fixed securities or in single mutual funds which are generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the domestic stocks, fixed securities and single mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the net asset value. The investment contracts may impose certain restrictions on the Plan and may be subject to circumstances (such as early termination of the contracts, lay-offs, plan termination, etc.) that impact the ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value was not probable.

The Principal Guaranteed Option ("PGO") is a fully-benefit responsive group annuity contract issued by Principal. Principal is the contract issuer and is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. Principal maintains the contributions in a general account. The account is credited with contributions received plus earnings on the underlying investments and charged for benefit payments, participant withdrawals, transfers and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The PGO is included in the financial statements at contract value as reported to the Plan by Principal. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. The methodology for calculating the interest crediting rate is defined in the contract. Such interest rates are continuously reviewed and reset as needed on a semiannual basis. The interest rate credited during December 2020 was 1.60%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) An employer-level termination of the Plan's interest in the Principal Guaranteed Option, (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Currently, Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that also limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Risks and Uncertainties

The Plan provides for investments with different investment strategies. These investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Recently Adopted Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Codification Topic 820. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The Plan adopted ASU 2018-09 as of January 1, 2020, which did not result in any determinable change to the fair value hierarchy presentation.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* This ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the elimination, modification to, and addition to certain disclosures about recurring or nonrecurring fair value measurements under Topic 820. The Plan adopted ASU 2018-13 as of January 1, 2020, and the effects were not material.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

3. FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2020 and 2019, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Registered investment company funds: Valued at the NAV of shares held by the Plan at year end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year-end.

Collective investment trust: Valued at the NAV of units held by the Plan at year end, as reported by the managers of the common/collective trusts. The underlying investments held in the collective trust funds consist of actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities which are intended to maintain a constant NAV. These funds have no redemption restrictions or unfunded commitments.

Pooled separate account: Valued at the NAV of units held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Registered investment company funds	$ 1,895,304	$ -	$ -	$ 1,895,304
Collective investment trust	8,582,786	-	-	8,582,786
Pooled separate accounts	348,764	-	-	348,764
Total investments at fair value	$ 10,826,854	$ -	$ -	$ 10,826,854

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019:

Total investments at fair value	$ 9,459,486	$ -	$ -	$ 9,459,486

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2020	2019
Investments, at fair value:		
Registered investment company funds	$ 1,895,304	$ 9,356,025

Interest-bearing cash	-	103,461
Investments, at contract value:		
Guaranteed income account	47,406	-
Total investments	10,874,260	9,459,486

Interest and dividends	205,864	248,952
Total investment income	$ 1,560,828	$ 1,751,203

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information in the accompanying financial statements and supplemental schedule.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through October 2039. Payments include interest at a reasonable and fair rate based on the prevailing rates charges by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan.

Participant notes earned interest of $4,554 and $5,182 for the years ending December 31, 2020 and 2019, respectively.

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2020 and 2019, there were no reportable transactions, loans or leases in default or uncollectible, investment assets acquired and disposed of within the Plan year, or non-exempt transactions with parties-in-interest that would require disclosure under DOL Rules and Regulations.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodians and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time by notifying the Plan Administrator and Custodian. In the event of Plan termination, participants would become fully vested and accounts would be distributed in accordance with the provisions of ERISA and the IRC.

9. TAX STATUS

Prior to December 1, 2020, the Plan had adopted the Professional Capital Services Basic Plan Document No. P-02, a volume submitter 401(k) and profit sharing plan. The Internal Revenue Service ("IRS") issued an opinion letter dated November 30, 2014 stating the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC.

In connection with the amending and restating of the Plan, effective December 1, 2020, the Plan adopted the Principal Financial Group Basic Plan Document No. 02, which is a prototype non-standardized profit sharing plan with Cash or Deferred Arrangement. The IRS has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter that the Plan meets the qualification requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500 for the years ended December 31,

	2020	2019
Net assets available for benefits per the financial statements	$ 11,101,787	$ 9,607,908
Benefits payable per Form 5500	-	(51,758)
Net assets available for benefits per Form 5500	$ 11,101,787	$ 9,556,150
Net increase in net assets available for benefits per the financial statements	$ 1,493,879	$ 1,184,018
Change in benefit payments	51,758	(51,758)
Net increase in net assets available for benefits per Form 5500	$ 1,545,637	$ 1,132,260

11. CHANGE IN PLAN OPERATIONS

Effective January 1, 2019, certain operational defaults for the Plan were updated to be in accordance with final regulations of the Bipartisan Budget Act of 2018 with regard to the hardship distribution rules applicable to 401(k) plans. These changes which included (1) elimination of the six-month hardship suspension period, (2) elimination of the requirement for a participant to first take available plan loans prior to a hardship withdrawal, and (3) allowance of additional contribution types and their earnings to be included in the hardship calculation. Formal amendments to the Plan document for these changes in plan operations will be executed prior to the deadline set forth by the IRS Rev. Proc. 2020-9, which is December 31, 2021 for pre-approved plans.

12. GLOBAL PANDEMIC

In December 2019, a novel strain of coronavirus disease ("COVID-19") was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized the outbreak as a pandemic. This pandemic has caused significant economic uncertainty and volatility in the financial markets. As a result, the Plan's investment portfolio has incurred significant changes in fair value. Because the values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity and participants' account balances cannot be reasonably determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.
