General – The Plan is a defined contribution plan established by the Company under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan was initially effective January 1, 2009 and most recently restated October 8, 2020. The Plan covers all eligible employees who attained age 21 and completed three consecutive months of eligibility service in the Company. The Plan is administered by the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The CARES Act took immediate effect and contains several provisions that temporarily impact qualified plans, including a new hardship withdrawal option and a loan payment pause option. The Company incorporated these provisions into the Plan effective March 27, 2020.

Administration – The Company is the Plan sponsor. The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan Administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Participants' Contributions – Participants may elect to contribute pre-tax or Roth elective deferrals contributions from 0% to 92% of compensation in increments of 1% and dollar amounts permissible under the Internal Revenue Code ("IRC") not to exceed certain limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All contributions are participant directed and are subject to certain Internal Revenue Service ("IRS") limitations.

Employer Contributions - The Company makes non-discretionary safe harbor employer matching contributions where the Company matches 100% of the first 4% of employee deferrals. Also, the Company make discretionary employer profit sharing contributions. For each Plan year the employer may contribute an amount to be determined from year to year. For receiving employer profit sharing contributions participant need to complete at least 500 hours of service during the year Plan year and is employed on the last day of the Plan year. Also, the Company contributes qualified nonelective contributions which are to be determined from year to year. The Company contributed $456,459 in total employer matching contributions for the year ended December 31, 2020.

Participant Accounts – Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, and an allocation of the Plan's earnings. Each participant's account is charged with participant withdrawals and an allocation of Plan loss and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% to 6.50%, which is determined based on the rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through bi-weekly payroll deductions. Participant loans must be repaid within a period of five years, unless such loan is for the purchase of the participant's primary residence, in which case loan repayment can be in excess of five years.

Note 1—Description of the Plan (continued)

Vesting – All participants' contributions, earnings thereon, and employer safe harbor matching contribution are fully vested. Vesting in the employer profit sharing contribution is based on years of service. Each participant's vesting schedule is as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Hardship Withdrawals – Hardship withdrawals are permitted under the plan and participant are permitted to withdraw only from pre-tax elective deferrals.

In-Service Withdrawals – Participants are permitted to request for in-service distributions after attaining 59½ years and eligible to withdraw both participants elective deferrals and employer contributions.

Payment of Benefits – Upon termination of service, death, disability, or attainment of retirement age, or a proven financial hardship, a participant may receive a lump-sum payment equal to the vested value of their account. Upon separation of service, a participant with a vested account balance over $5,000 may receive the value of the vested interest in his or her account as a lump or partial-sum distribution. For participants who separate with account balances of more than $1,000 but less than $5,000, the Plan Sponsor may direct a participant's fund to an Individual Retirement Account established in the participant's name. Any participant vested account balances under $1,000 will be paid out as a lump-sum distribution upon separation. Participants may also take distributions prior to termination of employment if the participant has attained age 59½. For amounts withdrawn under financial hardship prior to age 59½, certain income tax penalties may apply.

Forfeitures – Forfeitures of terminated participants' nonvested accounts are used to reduce future Company contributions and pay administrative expenses of the Plan. As of December 31, 2020 and 2019, forfeiture balances available were $-0- for both the years. As of December 31, 2020, no forfeitures were used to reduce future Company contributions and pay administrative expenses of the Plan.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are based on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Investment Valuation and Income Recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Note 2—Summary of significant accounting policies (continued)

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation on those investments.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan documents.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the coronavirus ("COVID-19"), economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 3—Information prepared and certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the "Trustee," has certified to the completeness and accuracy of the following data included in the accompanying financial statements:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in fair value of investments, dividends, other income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020.

Note 3—Information prepared and certified by the Trustee (unaudited) (continued)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurements

The Financial Accounting Standards Board ("FASB") ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Money Market Fund – This investment is a public investment vehicle valued using NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Custodian, establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market fund is classified within Level 2 of the valuation hierarchy.

Note 4—Fair value measurements (continued)

The Plan believes its valuation method is appropriate and consistent with those of other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. See Note 2 for additional information.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020 (Audited)			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	$ 5,730,530	$ -	$ -	$ 5,730,530
Money market fund	-	223,528	-	223,528
Total investments, at fair value	$ 5,730,530	$ 223,528	$ -	$ 5,954,058

	2019 (Compiled)			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds	$ 3,574,324	$ -	$ -	$ 3,574,324

Note 5—Party-in-interest transactions

Certain administrative expenses are paid to both the Trustee of the Plan and the recordkeeper, Paychex, Inc., for the year ended December 31, 2020. These transactions qualify as party-in-interest transactions. These administrative expenses amounted to $27,381 for the year ended December 31, 2020.

Notes receivable from participants qualify as party-in-interest transactions.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify, or terminate the Plan without the consent of any participant or beneficiary, subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become 100% vested in their accounts.

Note 7—Tax status

The Company adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement. The prototype plan received a favorable opinion letter from the IRS on April 10, 2014 which stated that the prototype plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not received a determination letter specific to the Plan itself, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan also has no income subject to unrelated business income tax and therefore continues to be tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Subsequent events

The Plan has evaluated subsequent events through October 12, 2021, which is the date the financial statements were available to be issued.
