INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Clark Group 401(k) Profit Sharing Plan and Trust
McAllen, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Clark Group 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2020

Note 1 – Description of the Plan

The following description of the Clark Group 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established January 1, 2002. It covers, immediately upon employment, all employees of Charles Clark Chevrolet (the "Company") and Clark Knapp Motor Co. who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective as of January 1, 2020 and will require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus, Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

Contributions - Participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals each payroll period. Each year the Company determines the formula for the discretionary matching contribution. For the years ended 2020 and 2019, the matching contribution was of an amount equal to 10 percent of salary deferral up to the first 5 percent deferred. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of (a) Plan losses and (b) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferrals, including catch up contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service, subject to a six-year graded vesting schedule. Participants will always, however, be 100% vested in the Company's matching contributions if the participant is employed on or after their normal retirement age (65 years old) or upon termination due to death or as a result of becoming disabled.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of 50 percent of their vested account balance or $50,000, and the loan must be in the form of a signed note with a reasonable and definite repayment schedule. The loan must provide at least quarterly payments under a level amortization schedule and Participant is required to enter into

payroll deductions or repaid by the participant to the Company. In no instance may the term of the loan exceed five years unless the loan qualifies as a home loan, as defined by the Plan. Home loans may not exceed thirty years. The loans are secured by the vested balance in the participant's account and bear interest varying between 4.25 – 6.50 percent, which is commensurate with the local prevailing rate as determined by the Plan administrator.

Payment of Benefits - Upon termination of service due to death, retirement, disability, or other reasons, a participant receives a mandatory lump-sum distribution if the vested account balance does not exceed $5,000. If the vested account balance exceeds $5,000, the participant may choose the method of distribution as specified in the Plan agreement.

Forfeited Accounts - At December 31, 2020 and 2019, forfeited non-vested accounts totaled $8,704 and $7,306, respectively. Forfeitures are used first to pay reasonable Plan expenses and then used to reduce future employer contributions. Plan expenses paid by forfeitures totaled $0 for the years ended December 31, 2020 and 2019, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Financial Statement Presentation - The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates - In preparing the financial statements, the Plan administrator is required to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividends date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits - Benefits are recorded when paid.

Operating Expenses - Expenses of maintaining the Plan are paid by the Plan to the extent of forfeited non-vested accounts; the excess is paid by the Company. The Plan will assess against an individual Participant's account certain Plan expenses that are incurred by, or are attributable to, a particular Participant based on the use of a particular Plan feature.

Date of Management's Review - Subsequent events were evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Interest-bearing cash: Recorded at cost, which approximates fair value.

Mutual Funds: Valued at a daily calculated NAV and is traded at the settlement price established each day by the board of trade or exchange on which they are traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019. Classification within the fair hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2020	Total	Fair Value Measurements at Reporting Date Using: Level 1
Mutual funds	$ 3,789,800	$ 3,789,800
Interest-bearing cash	345,720	345,720
Total investments at fair value	$ 4,135,520	$ 4,135,520

December 31, 2019	Total	Fair Value Measurements at Reporting Date Using: Level 1
Mutual funds	$ 4,232,290	$ 4,232,290
Interest-bearing cash	249,008	249,008
Total investments at fair value	$ 4,481,298	$ 4,481,298

The Company evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Transfers between levels are evaluated for their significance based upon the nature of the investment and size of the transfer relative to the net asset available for benefits.

Note 4 – Related Party Transactions

The Plan fully absorbs and is responsible for administrator fees, which totaled $2,569 for the Plan year ended December 31, 2020. Forfeitures are used first to pay reasonable Plan expenses. The Company fully absorbs the remaining administrative expenses which totaled $19,063 for the Plan year then ended. These transactions are exempt party-in-interest transactions.

Certain employees of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6 – Tax Status

The Internal Revenue Service has determined and informed the Company by letters dated November 26, 2001, March 31, 2008 and March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7 – Excess Contributions Payable

At December 31, 2020 and 2019, payables of $31,079 and $16,107, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note 8 – Concentrations

At December 31, 2020, all investments of the Plan are in mutual funds or in a money market account placed with Fidelity Management Trust Company, the trustee of the Plan.

Note 9 – Information Prepared and Certified by Trustees

The following information included in the accompanying financial statements and supplemental schedule of assets as of and for the years ended December 31, 2020 and 2019 was obtained from data that has been prepared and certified to as complete and accurate by the trustees, Fidelity Management Trust Company and Sentry Life Insurance Company:

	2020	2019
Mutual funds	$ 3,789,800	$ 4,232,290
Interest-bearing cash	345,720	249,008
Notes receivable from participants	166,867	250,610
Net gain from Pooled Separate Accounts	-	77,813
Net gain from registered investment companies	228,021	266,747
Investment and interest income	236,617	299,769
Other income	-	770

Note 10 – Reconciliation of Financial Statements to Form 5500

Financial information regarding contributions on Form 5500 is reported on the cash basis; the financial statements are prepared using the accrual method of accounting.

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 4,276,882	$ 4,724,578
Employer's contribution receivable	(332)	(459)
Participants' contributions receivable	(5,242)	(8,318)
Excess contribution payable	31,079	16,107
Net assets available for benefits per Form 5500	$ 4,302,387	$ 4,731,908

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per Schedule H of Form 5500:

	Year Ended December 31, 2020
Net decrease in net assets available for benefits per the financial statements	$ (447,696)
Decrease in employer's contributions receivable	127
Decrease in participants' contributions receivable	3,076
Increase in excess contribution payable	14,972
Net loss per Form 5500	$ (429,521)

Note 11 – Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, market, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The effects of COVID-19 may negatively impact significant estimates and exacerbate a vulnerability due to certain concentrations.

Note 12 – Subsequent Events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The COVID-19 outbreak has triggered volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve and is unknown as of the date of this report.

As permitted by the CARES Act, the Plan adopted the provision to allow participants to take a coronavirus-related distribution up to $100,000 (not to exceed the participant's account balance) from their retirement plan through December 30, 2020. These distributions are not subject to the 10% early withdrawal penalty and the individuals are permitted to either report the full distribution as income in 2020 or as income ratably over a three-year period. While plans may immediately adopt and implement these provisions, formal plan amendments are not required until the end of the last day of the plan year beginning on or after January 1, 2022. The plan administrator has expressed its intent to amend the Plan before December 31, 2022.

Note 13 – Recent Pronouncements

In August 2018, the FASB issued *ASU 2018-13 Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"), to streamline the disclosure requirements of ASC Topic 820 - Fair Value Measurement. ASU 2018 removes certain disclosure requirements, including the valuation process for Level 3 fair value measurements, and adds certain quantitative disclosures around Level 3 fair value measurements. This ASU is effective for annual reporting periods beginning after December 15, 2019. The Plan adopted ASU 2018-13 as of January 1, 2020. The standard had no material impact on its financial statements and related disclosures.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Clark Group 401(k) Profit Sharing Plan and Trust
McAllen, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Clark Group 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of the Plan

The following description of the Clark Group 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established January 1, 2002. It covers, immediately upon employment, all employees of Charles Clark Chevrolet (the "Company") and Clark Knapp Motor Co. who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective as of January 1, 2020 and will require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus, Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

Contributions - Participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals each payroll period. Each year the Company determines the formula for the discretionary matching contribution. For the years ended 2020 and 2019, the matching contribution was of an amount equal to 10 percent of salary deferral up to the first 5 percent deferred. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of (a) Plan losses and (b) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective deferrals, including catch up contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service, subject to a six-year graded vesting schedule. Participants will always, however, be 100% vested in the Company's matching contributions if the participant is employed on or after their normal retirement age (65 years old) or upon termination due to death or as a result of becoming disabled.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of 50 percent of their vested account balance or $50,000, and the loan must be in the form of a signed note with a reasonable and definite repayment schedule. The loan must provide at least quarterly payments under a level amortization schedule and Participant is required to enter into

payroll deductions or repaid by the participant to the Company. In no instance may the term of the loan exceed five years unless the loan qualifies as a home loan, as defined by the Plan. Home loans may not exceed thirty years. The loans are secured by the vested balance in the participant's account and bear interest varying between 4.25 – 6.50 percent, which is commensurate with the local prevailing rate as determined by the Plan administrator.

Payment of Benefits - Upon termination of service due to death, retirement, disability, or other reasons, a participant receives a mandatory lump-sum distribution if the vested account balance does not exceed $5,000. If the vested account balance exceeds $5,000, the participant may choose the method of distribution as specified in the Plan agreement.

Forfeited Accounts - At December 31, 2020 and 2019, forfeited non-vested accounts totaled $8,704 and $7,306, respectively. Forfeitures are used first to pay reasonable Plan expenses and then used to reduce future employer contributions. Plan expenses paid by forfeitures totaled $0 for the years ended December 31, 2020 and 2019, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Financial Statement Presentation - The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates - In preparing the financial statements, the Plan administrator is required to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividends date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits - Benefits are recorded when paid.

Operating Expenses - Expenses of maintaining the Plan are paid by the Plan to the extent of forfeited non-vested accounts; the excess is paid by the Company. The Plan will assess against an individual Participant's account certain Plan expenses that are incurred by, or are attributable to, a particular Participant based on the use of a particular Plan feature.

Date of Management's Review - Subsequent events were evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Interest-bearing cash: Recorded at cost, which approximates fair value.

Mutual Funds: Valued at a daily calculated NAV and is traded at the settlement price established each day by the board of trade or exchange on which they are traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019. Classification within the fair hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2020	Total	Fair Value Measurements at Reporting Date Using: Level 1
Mutual funds	$ 3,789,800	$ 3,789,800
Interest-bearing cash	345,720	345,720
Total investments at fair value	$ 4,135,520	$ 4,135,520

December 31, 2019	Total	Fair Value Measurements at Reporting Date Using: Level 1
Mutual funds	$ 4,232,290	$ 4,232,290
Interest-bearing cash	249,008	249,008
Total investments at fair value	$ 4,481,298	$ 4,481,298

The Company evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Transfers between levels are evaluated for their significance based upon the nature of the investment and size of the transfer relative to the net asset available for benefits.

Note 4 – Related Party Transactions

The Plan fully absorbs and is responsible for administrator fees, which totaled $2,569 for the Plan year ended December 31, 2020. Forfeitures are used first to pay reasonable Plan expenses. The Company fully absorbs the remaining administrative expenses which totaled $19,063 for the Plan year then ended. These transactions are exempt party-in-interest transactions.

Certain employees of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6 – Tax Status

The Internal Revenue Service has determined and informed the Company by letters dated November 26, 2001, March 31, 2008 and March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7 – Excess Contributions Payable

At December 31, 2020 and 2019, payables of $31,079 and $16,107, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note 8 – Concentrations

At December 31, 2020, all investments of the Plan are in mutual funds or in a money market account placed with Fidelity Management Trust Company, the trustee of the Plan.

Note 9 – Information Prepared and Certified by Trustees

The following information included in the accompanying financial statements and supplemental schedule of assets as of and for the years ended December 31, 2020 and 2019 was obtained from data that has been prepared and certified to as complete and accurate by the trustees, Fidelity Management Trust Company and Sentry Life Insurance Company:

Increase in excess contribution payable	14,972
Net loss per Form 5500	$ (429,521)

Note 11 – Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, market, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The effects of COVID-19 may negatively impact significant estimates and exacerbate a vulnerability due to certain concentrations.

Note 12 – Subsequent Events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The COVID-19 outbreak has triggered volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve and is unknown as of the date of this report.

As permitted by the CARES Act, the Plan adopted the provision to allow participants to take a coronavirus-related distribution up to $100,000 (not to exceed the participant's account balance) from their retirement plan through December 30, 2020. These distributions are not subject to the 10% early withdrawal penalty and the individuals are permitted to either report the full distribution as income in 2020 or as income ratably over a three-year period. While plans may immediately adopt and implement these provisions, formal plan amendments are not required until the end of the last day of the plan year beginning on or after January 1, 2022. The plan administrator has expressed its intent to amend the Plan before December 31, 2022.

Note 13 – Recent Pronouncements

In August 2018, the FASB issued *ASU 2018-13 Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"), to streamline the disclosure requirements of ASC Topic 820 - Fair Value Measurement. ASU 2018 removes certain disclosure requirements, including the valuation process for Level 3 fair value measurements, and adds certain quantitative disclosures around Level 3 fair value measurements. This ASU is effective for annual reporting periods beginning after December 15, 2019. The Plan adopted ASU 2018-13 as of January 1, 2020. The standard had no material impact on its financial statements and related disclosures.
