The Dupps Company 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Dupps Company 401(k) Plan which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD Ameritrade Trust Company and Matrix Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that TD Ameritrade Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2019 through March 31, 2020, and Matrix Trust Company held the Plan's investment assets and executed investment transactions from April 1, 2020 through December 31, 2020. The plan administrator has obtained a certification from the custodians as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following brief description of The Dupps Company 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of The Dupps Company (the "Company"). Employees are eligible for participation in the form of pre-tax contributions and Roth elective deferrals after they have completed thirty days of employment and reached age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company automatically enrolls an employee in the Plan as soon as the employee meets the eligibility requirements, unless the Company obtains a waiver of participation from the employee. The Company has set the auto enrollment contribution level at 3% of compensation.

Contributions

Participants may contribute a percentage of their annual compensation and dollar amount permissible under Section 402(g) of the Internal Revenue Code (IRC) not to exceed the limits of Code Sections 401(k), 404 and 415. Participants may choose to invest funds, in multiples of 1%, in various investment categories comprising the Plan. The Company may make a discretionary matching contribution to be made at the discretion of the Board of Directors of the Company in proportion to the participants' relative before-tax contribution.

There may be a limit placed on the percent of compensation deferred by certain participants. The Company determines that the salary deferral percentage, the Company matching percentage, and the total defined contribution percentage comply with several tests as prescribed by law. The Company elected to make discretionary contributions of \$502,058 and matching contributions of \$414,145 for the plan year ended December 31, 2020.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (b) plan earnings and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after two years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% at the date of loan issuance. The term of the loan is not to exceed five years, unless the loan is used to acquire a dwelling unit. Principal and interest is paid through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or in installments. Direct rollovers may also be made into an IRA or into a new employer's plan. Balances under \$1,000 may be automatically distributed without the participant's consent.

Forfeiture accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$5,957 and \$22,840, respectively. These accounts will be used to reduce future company contributions. Also, in 2020, Company contributions were reduced by \$17,002 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In 2020, the Plan changed custodian from TD Ameritrade Trust Company to Matrix Trust Company (collectively the "custodians"). Accordingly, the custodians have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2020; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the daily closing price as reported by the registered investment companies. Funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the TD Ameritrade Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts. It is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. TAX STATUS:

The Company adopted a defined contribution volume submitter plan and trust with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended. While the Company has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

7. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain plan investments are shares of mutual funds, common collective trusts and money market account managed by TD Ameritrade. TD Ameritrade Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Company has elected to pay certain administrative expenses of the Plan and provides certain administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan.

8. RISK AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PLAN TRANSFER ROLLOVER CONTRIBUTIONS:

During 2018, the Plan Sponsor approved an amendment to terminate the Dupps Company Retirement Plan effective September 1, 2018. Upon termination, the trust associated with the Dupps Company Retirement Plan was dissolved and all participants or beneficiaries in that plan received a distribution of benefits during 2019, in a form elected by the participant or beneficiary. All participants or beneficiaries were provided the option to have their account balance rolled into any qualified plan (including the Plan) or IRA, or receive a lump sum distribution. An aggregate of \$4,155,920 was rolled into the Plan during the year ended December 31, 2019. In addition, the Dupps Company Retirement Plan was overfunded at the effective date of termination. As a result, an aggregate of \$792,761 was deposited into the Plan during the year ended December 31, 2019. These funds will be used to reduce future Company discretionary and matching contributions. During 2020, \$427,066 was used to reduce Company discretionary and matching contributions.

10. PLAN OPERATIONS IMPACTED BY COVID-19:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans during 2020. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document. The Company elected not to adopt the optional provisions of the CARES Act.
