Profit Sharing Plan & Trust

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1 - Description of Plan

The following description of MicroTechnologies LLC 401(K) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan non-standardized adoption agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan, established January 1, 2020, is a defined contribution plan permitting eligible employees of MicroTechnologies LLC and Defined Technology Products LLC (collectively, the Company) to participate upon obtaining three months of service and 21 years of age. Collectively bargained employees and non-resident aliens are not eligible to participate in the Plan.

Mid Atlantic Trust Company is the Plan's custodian and is responsible for holding Plan assets. Paychex is the Plan's record keeper. Certain members of management serve as the authorized plan representative and plan administrator.

Participant Contributions

Participants are automatically enrolled into the Plan with a 6% deferral, unless they opt-out as defined by the Plan's provisions. Participants may make salary reduction contributions up to 92% of pretax annual compensation subject to the limitations of the IRC, as defined in the Plan.

The Plan allows participants to make Roth 401(k) contributions. The additional Roth contribution does not allow total employee's contribution to the Plan above the dollar limits of 401(k) contribution for the year.

Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution. Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon.

Company Contributions

The Company contributes a matching amount equal to 50% of each participant's contribution up to the first 6% of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2020, the Company made matching contributions of $147,588. Participants are 100% vested in the Company's matching contributions upon entering the Plan.

In addition, the Company may make discretionary profit-sharing contributions to the Plan as determined by the Company's Board of Directors. For the year ended December 31, 2020, no discretionary profit-sharing contributions were made. Company's profit-sharing contributions vest at a 20% rate once two years of service are met, increasing 20% every year until fully vested at six years of service. Participants also become fully vested on the date they become totally disabled (as defined by the Plan) or death.

Investment Options

Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions across these options in any proportion they wish and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1 - Description of Plan, Continued

Payment of Benefits
Participants are eligible for retirement benefits upon attaining the age of 65 or an in-service distribution at the age of 59½. Upon termination of service due to death, disability or retirement, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum, partial payments, or periodic payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect a direct rollover distribution. However, if the total value of the vested balance is $5,000 or less, the entire vested balance will be distributed in a lump sum payment. Benefit payments to participants are recorded.

Participant Accounts
Each participant's account is credited with the participant's salary deferral contribution, rollovers (transfers in from other qualified plans), the Company discretionary matching contribution (if any), and allocations of (a) Company discretionary profit-sharing contributions (if any), (b) Plan earnings, (c) realized and unrealized gains and losses on investments, and (d) an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant can only have one loan outstanding at any time. All loans must be approved by the Plan administrator and will bear interest at a rate commensurate with local prevailing rates. Interest rates on participant loans ranged from 4.25% to 6.25%. Loans are secured by the balance in the participant's account and require periodic payments and are due through September 1, 2025.

Forfeited Accounts
Terminating participants forfeit the non-vested portion of the participants' employer contributions. Forfeitures may be used to reduce the administrative expenses first; any remaining amounts are used to reduce the company's contributions to the Plan. For the year ended December 31, 2020, no forfeitures were used to reduce the Plan's administrative expenses and no forfeitures were applied to reduce the Company's contributions to the Plan. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $3 and $-0-, respectively.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting under U.S. Generally Accepted Accounting Principles (GAAP).

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2 – Summary of Significant Accounting Policies – Continued

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in the net appreciation in fair value of investments. All administrative expenses are paid with the assets of the Plan, unless paid by the Company, at its discretion. If not paid by the Company, administrative expenses are required to be paid by the Plan. All such costs and expenses will, unless allocable to the accounts of particular participants, be charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may be directed by the Company. Certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan.

Fair Value of Financial Instruments
Accounting Standards Codification 820, Fair Value Measurements (ASC 820) establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. ASC 820 provides a three-tiered fair value hierarchy with Level 1 representing quoted prices for identical assets or liabilities in an active market and Level 3 representing a valuation methodology based on unobservable inputs significant to the fair value measurement. Under ASC 820, Level 2 valuation methodologies include: 1) quoted similar assets or liabilities in an active market, 2) quoted identical or similar assets or liabilities in an inactive market, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. The Plan discloses its financial instruments at fair value. For the registered investment companies, quoted market prices are the basis for the fair value of investment securities. Market values are determined using the last reported sales price on the last business day of the Plan year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Income Recognition
In accordance with the policy of stating investments at current market value, net realized and unrealized appreciation and depreciation are reflected in the statement of changes in net assets available for plan benefits. Earnings and interest from investments are recorded as earned using the accrual method of accounting. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties
The Plan provides for investments in financial instruments that are exposed to risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and materially affect the amounts reported in the statements of net assets available for benefits.

The investment information in Note 3 and the amounts included in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019 and the statement of changes in net assets available for benefits for the year ended December 31, 2020 for investments, interest, the net appreciation in the fair value of investments and all amounts in the supplemental schedule of assets held for investment at end of year at December 31, 2020 were provided and certified as complete and accurate by the custodian.

NOTE 5 – Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Management evaluated the Plan's tax positions under guidance from the Financial Accounting Standards Board and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
