NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Harold A. Steuber Enterprises, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan which was established on July 1, 1976 to provide retirement benefits for employees of Harold A. Steuber Enterprises, Inc. (the "Company").

The Plan covers all eligible employees who are not leased employees, union employees, or non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and certain provisions of the Internal Revenue Code ("IRC"). Employees must be 18 years of age and have completed one year of employment with the Company to be eligible to participate in the Plan. The Plan's trustee is responsible for the oversight of the Plan. The Company has appointed an investment committee which is responsible for determining the appropriateness of the Plan's investment offerings, monitoring investment performance and reporting to the Plan's trustee.

The Plan has appointed a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Plan appointed America United Life Insurance Company, a OneAmerica company ("AUL"), the insurance company, to provide administrative and custodial services.

Effective April 7, 2020, the Plan implemented the distribution and loan provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. These provisions were applicable for qualified Plan participants and included an increase in maximum loan amounts to the lesser of the participant's account balance or $100,000 for a loan issued through September 22, 2020; the ability of qualified participants who had Plan loan repayments due in 2020 to defer such repayments beyond December 31, 2020; and a new coronavirus-related distribution up to $100,000 in 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution ("RMD") to waive such distribution. In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). The Plan's trustee intends to amend the Plan agreement to incorporate these provisions under which the Plan is currently operating as necessary prior to the December 31, 2022 deadline. Written amendments to the plan document, which the Plan adopted to reflect these operational changes, will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions – Participants may make voluntary pre-tax and post-tax ("Roth") contributions to the Plan. A participant's annual combined pre-tax and Roth contributions to the Plan may not exceed 100% of the participant's annual compensation, limited to $19,500 for the year ended December 31, 2020. Additionally, participants who have attained 50 years of age before the end of the Plan year, are eligible to make catch-up contributions of up to $6,500 for 2020. Participants may also make "rollover" contributions representing distributions from other qualified retirement plans.

Employer Contributions – The Plan sponsor makes "safe harbor" employer contributions amounting to 3% of participants' eligible compensation. The Company may also make an annual discretionary profit sharing contribution at the option of the Company's board of directors, subject to limitations imposed by applicable provisions of the IRC.

An employee is eligible to receive an allocation of the annual discretionary profit sharing contribution if he/she is employed with the Company on the last day of the year and has been credited with at least 1,000 hours of service during the year. Employees who terminate employment during the year after attaining normal retirement age, becoming disabled or due to death are also eligible to receive the annual discretionary profit sharing contribution. No profit sharing contribution was made for the 2020 plan year.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, the Company's safe harbor employer contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions, if any, and earnings thereon is based on the participant's number of years of credited service over a six-year graded vesting schedule.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of their account balance into various funds or an investment contract offered by the Plan.

Notes Receivables from Participants – Participants may borrow from their vested account balance provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. Interest rates are determined by the plan administrator, based on the prime rate plus 1%, and remain fixed throughout the life of the loan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivables from Participants (Continued) – As discussed above, pursuant to the CARES Act, the maximum loan amount for qualified participants was increased for loans issued between March 27, 2020, and September 22, 2020. Additionally, qualified participants could request a delay of note repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was re-amortized and included any interest accrued during the period of delay.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in the form of a lump-sum payment or installment payments. If a terminated participant's account balance below $5,000, and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account as designated by the Plan administrator. Normal retirement is 65 years of age. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached 59½ years of age. A participant who has reached 55 years of age may also elect to receive certain pre-retirement distributions if the participant has completed at least five years of participation in the Plan or the amount has been in the participant's account for at least two years.

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the SECURE Act enacted in December 2019. For a portion of 2020, coronavirus-related distributions up to $100,000 per participant were permitted pursuant to the CARES Act.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts are applied to reduce employer contributions and fund administrative expenses. As of December 31, 2020 and 2019, forfeited non-vested accounts amounted to $52,240 and $62,141, respectively. The Plan used forfeitures of $52,240 to offset employer contributions for the 2020 plan year in 2021. The Plan used forfeitures of $62,141 to offset employer contributions for the 2019 plan year contributed in 2020. No forfeitures were used in 2020 to reduce administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan investment committee determines the valuation policies utilizing information provided by the investment advisor and insurance company. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020. Loans which become delinquent are recorded as deemed distributions to the participant in the period they become delinquent, in accordance with the terms of the Plan.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Concentrations – Three and four funds represent 44% and 58% of total investments at December 31, 2020 and 2019, respectively. Investments in target date funds amounted to approximately 70% and 66% of Plan investments as of December 31, 2020 and 2019, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the Plan's valuation methodologies at December 31, 2020 or 2019.

Certain investments held by the Plan at December 31, 2020, are pooled separate accounts. Investments in pooled separate accounts holding mutual funds are valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by AUL, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts holding mutual funds do not have unfunded commitments and are currently not subject to withdrawal limitations.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In accordance with fair value measurement guidance, investments in pooled separate accounts holding mutual funds that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy.

These valuation methods may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2020 and 2019:

Pooled Separate Accounts Holding Mutual Funds		Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2020	$	12,993,291	N/A	Daily	Daily
December 31, 2019	$	11,272,876	N/A	Daily	Daily

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the insurance company of Plan assets, has certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the Statements of Net Assets Available for Benefits and in Note 3 as of December 2020 and 2019, and the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment income and income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract, the Guaranteed Interest Account with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no unfunded commitments as of December 31, 2020.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for this fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with AUL. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contact with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contact, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. Upon termination, a market-value adjustment may apply.

NOTE 6 – TAX STATUS

The Plan adopted the OneAmerica Financial Partners Inc. prototype plan, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, stating that the prototype plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes is reported in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7 – RELATED PARTY TRANSACTIONS

The investment transactions are executed by AUL, the insurance company as defined by the Plan. These transactions qualify as party-in-interest transactions, which are exempt from the ERISA prohibited transaction rules.

AUL provides certain administrative services to the Plan pursuant to a service agreement. AUL receives revenue from certain mutual fund service providers for services AUL provides to the funds. This revenue is used to offset certain amounts owed to AUL for its administrative services to the Plan. Because these expenses are paid through a revenue sharing arrangement, they are included in net appreciation or depreciation in fair value of investments.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

As a result of the COVID-19 pandemic, the Company downsized its workforce in 2020, resulting in a partial plan termination. Accordingly, all affected employees became 100% vested in their account balances.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds and investment contract offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 8, 2021, the date the Plan's financial statements were available to be issued.
