CM3, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2020 (audited) and 2019 (compiled)

1. Description of plan

The following description of the CM3, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan established by CM3, Inc. (the "Company") under the provision of Section 401(a) of the IRC, which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company who have completed three months of service, as defined, are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Eligible employees may contribute up to 75 percent of their pretax annual compensation as defined by the Plan, subject to the IRC limits of \$19,500 and \$19,000 in 2020 and 2019, respectively. Participants who attain the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the plan. Participant contributions are remitted weekly and employer matching contributions are remitted monthly.

Participant accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions as well as allocations of plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Each participant's account is increased or decreased for its share of the change in the fair value of each fund in which it has invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of plan – continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer matching contributions and the earnings thereon is based on years of continuous service. A participant vests according to the following schedule:

Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Plan administration

John Hancock Life Insurance Company (U.S.A.) is the third-party administrator and recordkeeper of the Plan and is responsible for the custody and management of the Plan's assets.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan nor is the Company reimbursed for any related expenses incurred by it.

Payment of benefits

Upon termination of service, participants with a vested account balance in excess of \$5,000 may elect to defer distribution of their vested balance and remain in the Plan or elect to withdraw up to 100% of such balance. Vested participant balances less than \$5,000 will be distributed upon termination. In addition, a participant may elect to distribute all or a portion of vested account balances upon attainment of age 59 ½ or all or a portion of elective deferrals for financial hardship. A participant may elect to withdraw his or her rollover account at any time.

Forfeited accounts

Forfeitures may be used to reduce future employer matching contributions or pay administrative fees. During 2020, forfeitures of \$323 and \$538 were used to reduce employer matching contributions and administrative fees, respectively. During 2019 forfeitures of \$7,253 were used to reduce employer matching contributions and administrative fees.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan does not hold any direct investments in fully benefit-responsive investment contracts as of December 31, 2020 and 2019.

Accounting Standards Updates

On January 1, 2020, The Plan adopted ASU 2018-13 *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements on fair value measurements. The adoption of this new guidance does not have a material impact on the Plan's financial statements.

On January 1, 2020, The Plan adopted ASU 2020-03 *Codification Improvements to Financial Instruments*, which clarifies that all entities are required to provide fair value option disclosures. The adoption of this new guidance does not have a material impact on the Plan's financial statements.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines investment valuation based on information provided by John Hancock Insurance Company (U.S.A.). See Note 4 for discussion of fair value measurements.

2. Summary of significant accounting policies - continued

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits. Other fees, including professional fees, are paid by the Company.

Payment of benefits

Benefits are recorded when paid.

Subsequent event evaluation

Management has evaluated events through October 13, 2021, which is the date the financial statements were available to be issued.

During the year ended December 31, 2020, the Company failed to withhold elective participant deferrals from bonus compensation. The Company has initiated the process to make corrective contributions to the Plan on behalf of the participants (see Note 10).

No other subsequent events were identified for recognition or disclosure at December 31, 2020.

3. Plan amendments

On January 1, 2020, a merger of CM3, Inc. and 3R Mechanical, Inc. was finalized with CM3, Inc. being the surviving Company. The Plan was amended in December 2019, effective January 1, 2020, allowing former 3R Mechanical, Inc. employees to carryover time of service from 3R Mechanical, Inc. for the purposes of determining eligibility and vesting.

The Plan did not implement or adopt the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, which allowed the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020, and before December 31, 2020. The CARES Act also temporarily waived the required minimum distribution provisions.

3. Plan amendments - continued

The Plan has also been impacted by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which delays the commencement date for required minimum distributions, increases the maximum deferral rate, and allows for participation of long-term part-time employees. The optional features within the act are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology are observable market based inputs or unobservable inputs that are corroborated by market data.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair value measurements - continued

At December 31, 2020 and 2019, the Plan's investments were held by John Hancock Insurance Company (U.S.A.), and related financial information was certified as complete and accurate (see Note 9). The following table sets forth by level, within the fair value hierarchy, the Plan's Investments at fair value as of December 31, 2020 and 2019:

Investments at Fair Value as of December 31, 2020 (audited)

Investment Category	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 2,581,567</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,581,567</u>

Investments at Fair Value as of December 31, 2019 (compiled)

Investment Category	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 2,649,140</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,649,140</u>

5. Related-party transactions and party-in-interest transactions

At December 31, 2020 and 2019, Plan investments included mutual funds managed by John Hancock Life Insurance Company (U.S.A.). These transactions qualified as exempt party-in-interest transactions.

Administrative fees related to the third-party administrator, recordkeeper's administration of the Plan are paid by the Plan.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

7. Tax status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax filings generally are subject to potential examination by various taxing authorities for three years from the date of filing. As such, the Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan has experienced heightened market risk and volatility associated with the COVID-19 pandemic which began in March 2020. This could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

9. Information prepared and certified by the qualified institution

John Hancock Insurance Company (U.S.A.) provided certifications that apply to the investments on the Statements of Net Assets Available for Benefits and the investment income on the Statement of Changes in Net Assets Available for Benefits. John Hancock Insurance Company (U.S.A.) certified the financial information as complete and accurate in accordance with 29 CFR Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Investments, at Fair Value:		
Mutual Funds	\$ 2,581,567	\$ 2,649,140
Investment Income (Loss)	\$ 359,719	\$ 424,228

10. Failure to withhold elective participant contributions

During the year ended December 31, 2020, the Company failed to withhold elective participant contributions from bonus compensation. Subsequent to year end, the Company began the process of correcting contributions on behalf of the participants. The Company has determined that each participant is entitled to a corrective contribution equal to 50% of the amount that should have been deferred on the participant's bonus compensation. The corrective contributions of \$1,671 are reflected on the statements of net assets available for benefits as an employer's contribution receivable and are included with employer contributions on the statement of changes in net assets available for benefits.

11. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020, to Form 5500. There were no reconciling items for the year ended December 31, 2019.
