NOTE 1 - DESCRIPTION OF PLAN

The following description of the Patrick Industries, Inc. 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Patrick Industries, Inc. and its participating subsidiaries (the "Company" or the "employer") who have worked at least 90 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended.

Contributions: Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan and subject to certain limitations. The Plan allows for participant deferral "catch-up" contributions in excess of legal limits for participants who have attained age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes matching contributions equal to 5% of the first 6% of participants' deferral contributions. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. During the year ended December 31, 2020, no profit sharing contribution was authorized. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service at the rate of 25% per year.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Investment Options: Each participant may direct their accounts in any of the investment options available under the Plan.

Payment of Benefits: On termination of service due to retirement, death or disability, a participant may elect to receive either a lump-sum or direct rollover amount equal to the value of the participant's vested interest in his or her account, or monthly installments over the participant's life expectancy.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates that are determined by the trustee of the Plan.

Plan Amendment: Effective March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Cares Act (CARES Act) was signed into law which included provisions affecting certain retirement Plan sponsors and participants. The Plan has not been formally amended to adopt provisions of the CARES Act as it is not required to do so until December 31, 2022 however, the Company has implemented applicable provisions as allowed. Provisions implemented by the Company include providing for coronavirus-related distributions up to $100,000 (aggregate of distributions from all eligible plans). The Company also implemented temporary changes to the loan policy such as increasing the maximum threshold to the lesser of $100,000 (increased from $50,000), or the greater of $10,000 or 100% (increased from 50%) of the present value of the participant's vested account balance.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions. During the year ended December 31, 2020, forfeitures of $115,400 were used to reduce employer contributions to the Plan. The remaining balances of forfeitures available to offset future matching contributions as of December 31, 2020 and 2019 were $222 and $50,916, respectively.

Administrative and Investment Management Expenses: Investment management fees are paid by the Plan to investment managers and these expenses are reflected in the financial statements as a reduction of the return on the Plan's investments. Loan origination fees associated with notes receivable from participants and certain other record-keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES(Continued)

Since March 2020, the COVID-19 pandemic ("pandemic") has had a significant impact on the global economy. As the situation continues to evolve, the Plan Sponsor is closely monitoring the impact of the pandemic on all aspects of the Company's business and the plan, including how it impacts customers, subcontractors, suppliers, vendors, and investments. Most of the Plan Sponsor's operations are considered critical and essential businesses, making its projects generally exempt from stay-at-home in its markets. The ultimate impact of the coronavirus on the Plan and the Company will depend on continued future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain it or treat its impact, among others.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS

Stable value collective trust funds: The fair value of participation units in the stable value collective trusts are based upon the net asset value of such funds as reported by the fund manager. The funds' objectives are to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The funds invest in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enter into "wrapper" contracts issued by third-parties and invest in cash equivalents represented by shares in a money market fund. The collective trusts provide for daily redemptions by the Plan at reported net asset value, with no advance notice requirement.

Investments measured at fair value on a recurring basis, categorized by nature of underlying investments, are summarized below:

	Fair Value Measurements at December 31, 2020, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 63,476,494	$ 63,476,494	$ -	$ -
Stable value collective trust funds*	5,012,189	-	-	-
	$ 68,488,683	$ 63,476,494	$ -	$ -

	Fair Value Measurements at December 31, 2019, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 54,522,930	$ 54,522,930	$ -	$ -
Stable value collective trust funds*	3,064,017	-	-	-
	$ 57,586,947	$ 54,522,930	$ -	$ -

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated interest and dividend income, net appreciation in fair value of investments and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds mutual funds issued by Fidelity Investments, Inc., an affiliate of FMTC. FMTC is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees and investment management fees to FMTC qualify as party-in-interest transactions. Notes receivable from participants and investment advisory services from Guidance Investments are also considered party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype plan document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 9 – SUBSEQUENT EVENTS

Management has performed their analysis through October 12, 2021, which was the date that the financial statements were available to be issued and has determined that aside from the matters discussed below, there are no subsequent events to disclose.

In July 2021, the Company match formula was updated to equal 50% on the first 3% of participants' deferral contributions and 75% on the next 2% of participants' deferral contributions.

The following description of the Patrick Industries, Inc. 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Patrick Industries, Inc. and its participating subsidiaries (the "Company" or the "employer") who have worked at least 90 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended.

Contributions: Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan and subject to certain limitations. The Plan allows for participant deferral "catch-up" contributions in excess of legal limits for participants who have attained age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes matching contributions equal to 5% of the first 6% of participants' deferral contributions. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. During the year ended December 31, 2020, no profit sharing contribution was authorized. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service at the rate of 25% per year.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Investment Options: Each participant may direct their accounts in any of the investment options available under the Plan.

Payment of Benefits: On termination of service due to retirement, death or disability, a participant may elect to receive either a lump-sum or direct rollover amount equal to the value of the participant's vested interest in his or her account, or monthly installments over the participant's life expectancy.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates that are determined by the trustee of the Plan.

Plan Amendment: Effective March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Cares Act (CARES Act) was signed into law which included provisions affecting certain retirement Plan sponsors and participants. The Plan has not been formally amended to adopt provisions of the CARES Act as it is not required to do so until December 31, 2022 however, the Company has implemented applicable provisions as allowed. Provisions implemented by the Company include providing for coronavirus-related distributions up to $100,000 (aggregate of distributions from all eligible plans). The Company also implemented temporary changes to the loan policy such as increasing the maximum threshold to the lesser of $100,000 (increased from $50,000), or the greater of $10,000 or 100% (increased from 50%) of the present value of the participant's vested account balance.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions. During the year ended December 31, 2020, forfeitures of $115,400 were used to reduce employer contributions to the Plan. The remaining balances of forfeitures available to offset future matching contributions as of December 31, 2020 and 2019 were $222 and $50,916, respectively.

Administrative and Investment Management Expenses: Investment management fees are paid by the Plan to investment managers and these expenses are reflected in the financial statements as a reduction of the return on the Plan's investments. Loan origination fees associated with notes receivable from participants and certain other record-keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES(Continued)

Since March 2020, the COVID-19 pandemic ("pandemic") has had a significant impact on the global economy. As the situation continues to evolve, the Plan Sponsor is closely monitoring the impact of the pandemic on all aspects of the Company's business and the plan, including how it impacts customers, subcontractors, suppliers, vendors, and investments. Most of the Plan Sponsor's operations are considered critical and essential businesses, making its projects generally exempt from stay-at-home in its markets. The ultimate impact of the coronavirus on the Plan and the Company will depend on continued future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain it or treat its impact, among others.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 4 - FAIR VALUE MEASUREMENTS

Stable value collective trust funds: The fair value of participation units in the stable value collective trusts are based upon the net asset value of such funds as reported by the fund manager. The funds' objectives are to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The funds invest in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enter into "wrapper" contracts issued by third-parties and invest in cash equivalents represented by shares in a money market fund. The collective trusts provide for daily redemptions by the Plan at reported net asset value, with no advance notice requirement.

Investments measured at fair value on a recurring basis, categorized by nature of underlying investments, are summarized below:

	Fair Value Measurements at December 31, 2020, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 63,476,494	$ 63,476,494	$ -	$ -
Stable value collective trust funds*	5,012,189	-	-	-
	$ 68,488,683	$ 63,476,494	$ -	$ -

	Fair Value Measurements at December 31, 2019, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 54,522,930	$ 54,522,930	$ -	$ -
Stable value collective trust funds*	3,064,017	-	-	-
	$ 57,586,947	$ 54,522,930	$ -	$ -

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated interest and dividend income, net appreciation in fair value of investments and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds mutual funds issued by Fidelity Investments, Inc., an affiliate of FMTC. FMTC is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees and investment management fees to FMTC qualify as party-in-interest transactions. Notes receivable from participants and investment advisory services from Guidance Investments are also considered party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype plan document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 9 – SUBSEQUENT EVENTS

Management has performed an analysis of the activities and transactions subsequent to December 31, 2020 to determine the need for any adjustments to or disclosure within the financial statements for the year ended December 31, 2020. Management has performed their analysis through October 12, 2021, which was the date that the financial statements were available to be issued and has determined that aside from the matters discussed below, there are no subsequent events to disclose.

In July 2021, the Company match formula was updated to equal 50% on the first 3% of participants' deferral contributions and 75% on the next 2% of participants' deferral contributions.
