Participants may voluntarily contribute a percentage of their pre-tax and post-tax annual eligible compensation as limited by the Internal Revenue Code (the Code) and as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

Employer Contributions:

The Company may make a matching contribution equal to a percentage of participants' elective deferral contributions. The Company may also make a discretionary non-elective contribution to the Plan. This contribution would be allocated to all employees eligible to contribute to the Plan. There were no employer contributions for the years ended December 31, 2020 and 2019.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings, and is charged with an allocation of administrative expenses, as required. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Vesting:

Participants are fully vested at all times in amounts attributable to their voluntary contributions, rollover contributions, and qualified non-elective contributions, including actual earnings thereon. For all other contributions, a participant will receive partial vesting of 20% per year between years two through six and will be 100% vested after six years of service.

Notes Receivable from Participants:

Participants may borrow from their account a minimum of $500 up to a maximum of $50,000, not to exceed 50% of the value of their vested interest in their account. Loans are repaid over a period not to exceed five years except when the use of proceeds is for the purchase of a primary residence, for which the term may be up to 25 years. The loans are secured by the balance in the participant's account and bear interest at a rate available for similar loans from a commercial institution. Current notes receivable outstanding have interest rates ranging from 4.25% to 6.00%. Principal and interest are paid ratably through payroll deductions. Participants may not have more than two outstanding loans at any one point, only one of which may be a primary residence loan.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reason (all as defined), a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance, or to receive annual or more frequent installments over a period not to extend beyond the life expectancy of the participant, or beneficiary. The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 ½ as defined in the Plan.

Coronavirus Aid, Relief and Economic Security (CARES) Act:

On March 27, 2020, Congress passed the CARES Act, which included numerous employee benefit plan provisions to assist plan sponsors and participants. The Plan implemented the following provisions:

- Special distributions to qualified individuals who are impacted by the virus to withdraw up to $100,000 from their retirement accounts without penalty beginning on or after January 1, 2020 and before December 31, 2020.
- Increased the available loan amount to the lesser of $100,000 or 10% of the participant's vested account.
- Extended the period for loan repayments, if applicable, up to one year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of the assets and liabilities at the date of the financial statements and the reported amounts of the income and expense during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions in accordance with the provisions of the Plan. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Participant Contributions Payable:

Excess contributions payable represent payments due to certain active participants to return excess contributions in order to satisfy the relevant nondiscrimination provisions of the Plan. The Plan distributes the excess contributions to applicable participants in February of each year.

Payment of Benefits:

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Administrative Expenses:

Administrative services and other normal expenses incurred in connection with administering the Plan have been charged to the Plan. The Company provides certain accounting and administrative services to the Plan at no charge which are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassifications:

Certain 2019 amounts have been reclassified to conform to the 2020 presentation. Such reclassifications had no material effect on the financial statements.

Subsequent Events:

Management has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

NOTE 3 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In early March 2020, there was a global outbreak of COVID-19 that resulted in an economic downturn, changes in global supply and demand, and the temporary closure of non-essential businesses in many states. In connection with the outbreak, the Plan Sponsor continues to monitor its potential impact, which may materially impact the Plan's portfolio value. Due to uncertainties surrounding COVID-19, the full impact of the outbreak and the scope of any cumulative adverse impact on the Plan's portfolio cannot be fully determined at this time and largely depends on the ongoing severity, duration and spread of COVID-19.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest and dividends, and net investment gain on collective trust fund for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company (MATC) (the trustee of the Plan).

NOTE 5 – FAIR VALUE MEASUREMENTS:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore, Level 1.

Collective Trust Fund: Valued at the net asset value (NAV) of shares of a bank collective trust held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities' liquidations will be carried out in an orderly business manner.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued):

Certain events may limit the ability of the Plan to transact at contract value with the collective trust fund (for example, partial or complete termination of the Plan or its merger with another plan, plant closings, layoffs, bankruptcy, members, early retirement incentives, certain transfers of assets from the collective trust fund) and may also limit the ability of the collective trust fund to transact at contract value with the participants. Plan management believes that the occurrence of events that would cause the collective trust fund to transact at less than $1 per unit is not probable.

The collective trust fund's one-year total return was 2.34% for 2020 and 2.89 % for 2019. The thirty-day effective yield, also known as the crediting interest rate, was 2.11% as of December 31, 2020 and 2.77 % as of December 31, 2019. The one-year total return and the thirty-day effective yield are net of the annual investment management fee of 0.62% in 2020 and 0.63 % in 2019. The crediting interest rate is calculated on a daily basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

December 31, 2020:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,034,488	$ -	$ -	$ 9,034,488
Collective trust fund measured at NAV (a)	-	-	-	571,876
Total investments at fair value	$ 9,034,488	$ -	$ -	$ 9,606,364

December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,008,137	$ -	$ -	$ 8,008,137
Collective trust fund measured at NAV (a)	-	-	-	649,856
Total investments at fair value	$ 8,008,137	$ -	$ -	$ 8,657,993

(a) Certain investments that were measured using the NAV per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued):

Net Asset Value (NAV) Per Share:

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share practical expedient as of December 31, 2020 and 2019:

	Fair Value		Unfunded	Redemption	Redemption
	2020	2019	Commitment	Frequency (b)	Notice Period
Collective trust fund	$ 571,876	$ 649,856	$ -	Daily	None

(b) Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

The objective of the fund is to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment.

Change in Fair Value Levels:

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 at the end of the reporting period. For the years ended December 31, 2020 and 2019, there were no significant transfers between Level 1 and Level 2 and no transfers into or out of Level 3.

NOTE 6 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds and a collective trust managed by MATC as the trustee, as defined by the Plan, and therefore, these transaction qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, including any employer contributions.

NOTE 8 – TAX STATUS:

The Plan is being operated under a prototype non-standardized profit-sharing plan and trust agreement, which received an Internal Revenue Service (IRS) opinion letter stating that the form of the prototype is acceptable under Section 401(a) of the Code. The Plan has not submitted for a determination letter. However, the plan administrator believes that the Plan, as written, is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RECONCILIATION TO FORM 5500:

The differences between these financial statements and the Form 5500, if any, are immaterial.
