INDEPENDENT AUDITOR'S REPORT

The Plan Participants and the Plan Administrator
SHS 403(b) Plan
Williamsport, Pennsylvania

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the SHS 403(b) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the custodians as of and for the year ended December 31, 2020, that the information provided to the Plan administrator by the custodians is complete and accurate.

As discussed in Note 2, prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, the Plan sponsor has not maintained, and the custodians did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements and supplemental schedule. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Disclaimer of Opinion
Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule
The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2019 Financial Statements
The financial statements of the Plan as of December 31, 2019 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, the custodians of the Plan. Their report, dated September 30, 2020 indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodians, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the other auditors were unable to apply sufficient audit procedures to determine the extent to which the financial statements may have been affected by these conditions.

Report on Form and Content in Compliance With DOL Rules and Regulations - 2020
The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SHS 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the SHS 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution 403(b) plan established for the benefit of the employees of Susquehanna Health System (the System), the Plan Sponsor. The System and the University of Pittsburgh Medical Center (UPMC) completed an affiliation between the organizations, and the System was renamed UPMC Susquehanna. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). State Street Bank and Trust Company and Transamerica Financial Life Insurance Company serve as custodians of the Plan, and Transamerica Retirement Solutions Corporation (Transamerica) serves as the recordkeeper.

The Plan was amended to freeze all elective contributions, matching contributions and retirement income contributions (effective December 31, 2017); cease all new loans to participants (effective December 1, 2017); and cease all future transfers to the Plan (effective December 21, 2017). Additionally, effective December 31, 2017, entrance into the Plan was frozen. Participants continue to have access to their accounts and continue to receive earnings on their investments.

Participant Accounts - Effective after the plan freeze at December 31, 2017, each participant's account is credited with allocations of plan earnings and charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants were immediately vested in their contributions and rollover contributions, as defined by the Plan document, plus actual earnings thereon. Vesting in the System's matching and nonelective contribution portions of their accounts plus actual earnings thereon is based on years of service. A participant became 100% vested after three years of credited service, as defined in the Plan document. Participants became fully vested, regardless of vesting table, upon attainment of normal retirement age. Effective January 1, 2018, the accounts of certain participants, as defined in the Plan document, became fully vested.

Notes Receivable From Participants - Prior to the freeze, a participant could borrow from his or her account up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance. Loan terms could not exceed five years, unless the loan was for the purchase of a principal residence, in which case the loan repayment term could not exceed 20 years. Loans are collateralized by the percentage of the participant's vested account balance equal to the amount borrowed, divided by the vested account balance. The interest rate for these loans was fixed for the life of the loan. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits - Upon termination of service, participants with account balances that do not exceed $1,000 will receive a lump-sum distribution. Participants with account balances equal to or greater than $1,000 but not exceeding $5,000 will have their balance directly rolled over to an individual retirement account as designed by the Plan administrator, unless the participant elects a direct distribution or other eligible direct rollover. Participants with account balances exceeding $5,000 may elect to receive either a lump-sum amount equal to the value of his or her account or periodic installments, not to exceed the life expectancy of the participant or the participant's beneficiary.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Withdrawals other than for termination are permitted under certain circumstances as defined by the Plan. The Plan permits in-service and hardship withdrawals. During 2020, the Plan elected to adopt the hardship provision associated with the Coronavirus Aid, Relief and Economic Security Act, under which the additional 10% tax for early withdrawals is waived for hardship distributions related to participants who experienced adverse financial consequences as a result of COVID-19. Participants who meet one of these requirements may withdrawal up to $100,000, may spread the tax on the income due to the distribution over three years and may repay the amount to the Plan over the next three years.

Transfers - Effective April 1, 2018, the Plan permits fully vested eligible participants who participate in the UPMC 403(b) Retirement Savings Plan and/or the UPMC 401(a) Retirement Savings Plan to elect a plan-to-plan transfer to those plans, provided that the participant has no outstanding loans under the Plan. Transfers out of the Plan were $5,717,247 in 2020.

Forfeitures - Participants who leave the System and incur a break in service forfeit the nonvested portion of their accounts. Such forfeitures are used to offset Plan expenses. There were no forfeitures available at December 31, 2020 and 2019 and the Plan did not use any forfeitures during the year ended December 31, 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Annual Reporting Requirements - Prior to January 1, 2009, the custodians maintained records at a contract, not a plan level, and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the System nor the custodians have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employers prior to January 1, 2009. As a result, the completeness and accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

Use of Estimates - The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements and Note 5 for the discussion of fully benefit-responsive investment contracts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded upon a distributable event.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are paid by either the Plan or the System as provided by the Plan document. Fees related to benefit payments are charged directly to the participant's account and are included in administrative expenses. Administrative expenses also include investment related expenses, audit fees, and consulting fees.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at fair value, fully benefit-responsive investment contracts at contract value and notes receivable from participants at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends and interest on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, the custodians of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENT

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

  – Quoted prices for similar assets and liabilities in active markets

  – Quoted prices for identical or similar assets or liabilities in markets that are not active

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 205,331,376	-	-	$ 205,331,376
Total assets at fair value	$ 205,331,376	-	-	$ 205,331,376

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 205,309,142	-	-	$ 205,309,142
Total assets at fair value	$ 205,309,142	-	-	$ 205,309,142

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The following represents the contract value of traditional investment contracts held by the Plan:

	2020	2019
Insurance Company/General Account	$ 176,138	$ 251,438
Standard Stable Asset Fund I	28,346,203	28,557,373
	$ 28,522,341	$ 28,808,811

Insurance Company/General Account

The Plan holds a nonparticipant-directed investment contract with Transamerica Financial Life Insurance Company (TFLIC), which is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The declared crediting rate is reset annually and will never be below 1.25%.

The guaranteed investment contract is fully benefit-responsive, therefore contract value is the relevant measurement. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The Plan may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Suspension of the contract might limit the ability of the Plan to transact at contract value with the contract issuer, however the Plan administrator does not believe the occurrence of this event is probable.

Certain events might allow TFLIC, the issuer, to terminate the contract and settle at an amount different from contract value. Such events include: (1) deposits required under the terms of the contract are not received by TFLIC, or (2) TFLIC determines it can no longer provide benefits under the contract because of a change in the Plan.

Standard Stable Asset Fund I

The Plan holds a fully benefit-responsive investment contract with Standard Insurance Company (Standard), which maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate guaranteed to the Plan. The declared crediting rate is reset quarterly and will never be below 1%.

The guaranteed investment contract is fully benefit-responsive, therefore contract value is the relevant measurement. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations, which may be affected by future economic and regulatory developments. The Plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value with participants is probable.

NOTE 6 - RELATED-PARTY AND -PARTY-IN-INTEREST TRANSACTIONS

The Plan holds a fully benefit responsive investment contract that is issued and managed by one of the custodians Additionally, the Plan holds loans to participants, which are secured by the participant's account balances.

Certain administrative expenses were paid directly by the System for which it is not reimbursed. Certain administrative functions are performed by officers or employees of the System. No such officers or employees received compensation from the Plan.

These transactions qualify as party-in-interest transactions, however they are exempt from the prohibited transaction rules under ERISA.

NOTE 7 - PLAN TERMINATION

The System has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their entire account.

NOTE 8 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to confirm with sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 235,008,903	$ 235,510,426
Less: Notes receivable from participants deemed Distributed	(977,438)	(1,012,040)
Net assets available for benefits per the Form 5500	$ 234,031,465	$ 234,498,386

The following is a reconciliation of the net increase in net assets available for benefits prior to net assets transferred out per the financial statements for the year ended December 31, 2020, to the Form 5500:

Net increase in net assets available for benefits prior to net assets transferred out per the financial statements	$ 5,215,724
Change in notes receivable from participants deemed distributed	34,602
Net increase prior to net assets transferred out per Form 5500	$ 5,250,326

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or available to be issued. Management has evaluated subsequent events through October 13, 2021, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to disclosures in the financial statements.
