NOTE 1 - DESCRIPTION OF PLAN

The following description of the Sandvik 401(k) Retirement Plan (the "Plan") provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan sponsored by Sandvik, Inc. (the "Company") and administered by the Sandvik 401(k) Retirement Plan Administrator. The Plan became effective January 1, 2007. Each employee covered under the Plan is eligible upon completion of 90 days of service and will be automatically enrolled in the Plan at 6%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute from 2% to 75% of their annual compensation to the Plan on a pre-tax or Roth basis and 2% to 6% on an after-tax basis. Total participant contributions cannot exceed 75% of compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes a matching contribution equal to 50% of the first 6% of pre-tax and after-tax contributions. The matching contribution cannot exceed 3% of a participant's compensation. The Company also made an automatic contribution of 5% of eligible compensation to each eligible employee in the Plan for the 2020 plan year. Contributions are also subject to certain limitations imposed by the Internal Revenue Code. Catch-up contributions of $6,000 are permitted for participants greater than 50 years old.

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of the Company's contributions and Plan earnings, and charged with an allocation of Plan gains (losses) and withdrawals. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their account in the Plan. A participant can borrow a minimum of $1,000 or a maximum of $50,000 or 50% of his or her vested account balance, whichever is less. Effective June 1, 2020 and through September 22, 2020, participants may borrow up to a maximum of $100,000 or 100% of his or her vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the rate of prime plus 1%. All loans are amortized over no more than five years, except those loans used to purchase a primary residence. Loan interest rates ranged from 4.25% to 9% at December 31, 2020 and 2019.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. The CARES Act includes several provisions that affect benefit plans. The Plan has adopted some of the optional changes permitted by the CARES Act including allowing impacted participants to freeze their 401(k) loan repayments through the remainder of 2020 and restart loan repayments in 2021.

Payment of Benefits: On termination of service due to death, disability, retirement, or separation from service, the normal form of benefit is a lump-sum payment equal to the value of the participant's account. Participants are also allowed to make withdrawals of their rollover contributions at any time. For qualifying emergencies, after-tax (limited to once every twelve months) and employer contributions (limited to once every twelve months) are available for withdrawal. For participants who have attained the age of 59½, all or a portion of the participants' accounts are available for withdrawal at any time. In the event of financial hardship, as defined, a participant may have available for withdrawal all employee-directed contributions as well as employer contributions. The minimum hardship withdrawal amount is $500, and the number of hardships a participant may receive during the calendar year is two.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

As noted above, the Plan has adopted some of the optional changes permitted by the CARES Act including allowing eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic and permitting individuals to stop receiving 2020 required minimum distributions.

Pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act enacted in December 2019 and effective January 1, 2020, the age at which required minimum distributions must begin was increased from 70½ to 72 for participants born after July 1, 1949.

Investments: Participants direct the investment of their individual accounts into various investment options offered by the Plan. During 2020, the Plan changed the retirement date 2005 - 2060 investment options from mutual funds to collective trusts.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Value of Investments and Investment Income: The investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Risks and Uncertainties: The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Payment of Benefits: Benefit payments are recorded when paid.

NOTE 3 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee, T. Rowe Price Trust Company. This information has not been audited by independent accountants.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments held as underlying investments by the Plan as of December 31, 2020 and 2019.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trusts: The fair values of the interest in collective trusts are based upon the net asset values of such funds. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements at December 31, 2020 Using	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total
Collective Trust Funds*	$ -	$ 357,472,413
Mutual Funds	302,048,389	302,048,389
Total	$ 302,048,389	$ 659,520,802

	Fair Value Measurements at December 31, 2019 Using	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total
Stable Value Collective Trust Fund*	$ -	$ 65,360,753
Mutual Funds	525,356,926	525,356,926
Total	$ 525,356,926	$ 590,717,679

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the total investments at fair value of the Plan as of December 31, 2020 and 2019, as previously presented.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain investments held by the Plan as of December 31, 2020 and 2019 are shares of mutual funds issued by an affiliate of T. Rowe Price Trust Company and a collective trust funds issued by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the Trustee of the Plan, and therefore, these investments qualify as party-in-interest investments. Notes receivable from participants and the payment of investment management fees also reflect party-in-interest transactions.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated August 2, 2017 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is designed and is being operated in accordance with the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 7 - PLAN MERGERS

On January 2, 2020, related to the Company's acquisition of Wetmore Tool & Engineering Co., the Wetmore Tool & Engineering Co. 401(k) Profit Sharing Plan was merged into the Plan, and participants of that plan became Plan participants. Approximately $3.8 million in assets were merged into the Plan as a result of this merger.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 11, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, the automatic contribution increased from 5% to 6%.

Effective January 13, 2021, related to the Company's acquisition of Melin Tool Company, Inc., the Melin Tool Company, Inc. 401(k) Plan was merged into the Plan, and participants of that plan became Plan participants. Approximately $3.7 million in assets were merged into the Plan as a result of this merger.

Effective July 1, 2021, related to the Company's divestiture of the Sandvik Materials Technology division, approximately $76.2 million in assets were spun off from the Plan into a newly created Sandvik Materials Technology 401(k) Plan.
