The Plan is a defined contribution plan established on December 1, 1985 by Steinway Musical Properties, Inc., predecessor to Steinway Musical Instruments, Inc. (the "Company"), for the purpose of providing the employees of the Company's piano divisions with certain retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees at the following companies participate in the Plan as of December 31, 2020:

- Steinway Musical Instruments, Inc.
- Steinway, Inc.
- The O.S. Kelly Company

Eligibility

All employees of the Company, except for union employees and leased employees, are eligible to participate in the Plan at age 18 and may begin to make elective deferrals on the first day of the month following eligibility.

Participant contributions

Eligible participants may make voluntary pre-tax contributions through salary reductions from 1% to 100% of their annual pre-tax compensation, limited to the maximum amount allowable under the provisions of the IRC ($19,500 in 2020). The Plan also allows for participants to defer funds into a "Roth" 401(k) deferral. These deferrals are subject to federal income taxes, and the maximum allowable contribution is $19,500 combined between both the Roth and pre-tax deferral. Further, participants who are 50 years of age or older as of December 31, 2020, may contribute an additional "catch up" contribution ($6,500 in 2020). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a money market fund as investment options for participants. The Plan allows rollover contributions from other qualified plans, as defined in the plan document.

Note 1 **Description of Plan (continued)**

Employer contributions

The Plan permits discretionary Company contributions. The Company made a discretionary contribution of $943,705 (net of $27,880 of forfeitures used) related to the Plan year ended December 31, 2020, which was deposited into the Plan during the year ending December 31, 2021. In addition, the Company may make certain additional qualified non-elective contributions ("QNEC"). The Company did not make a QNEC for the year ended December 31, 2020.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company contribution portion of their accounts plus actual earnings thereon is 100% vested after three years of credited service.

Participants' accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with their respective contribution and its allocation of (a) Company discretionary contributions and (b) Plan earnings or losses. Allocations of Company contributions are based on the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the plan year.

Payment of benefits

Upon termination of employment, retirement, attainment of age 59 ½, death or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum or installment payments, in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions. Further, withdrawals from the Plan before leaving the Company are available for special "hardship" reasons, attainment of age 55, and certain other conditions, as defined in the plan document. Distributions to participants are recorded when paid.

During the year ended December 31, 2020, the Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. A CARES Act distribution allows certain eligible participants to take a coronavirus related distribution up to $100,000 from the Plan retroactive to January 1, 2020 and through December 30, 2020. The Plan has not been formally amended to reflect these provisions. Plan amendments related to coronavirus related distributions must be adopted by December 31, 2022.

Forfeitures

The Plan provides that forfeitures, the unvested portion of Company contributions for terminated participants, will serve to reduce the Plan's administrative expenses or future Company contributions. The Company used the forfeiture account to reduce Company contributions by $26,415 during the year ended December 31, 2020. The forfeiture account balance was $27,886 and $26,348 as of December 31, 2020 and 2019, respectively.

Note 1 **Description of Plan (continued)**

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of $1,000 and a maximum of $50,000. Loans are subject to approval by the plan administrator and the interest rate is set periodically to be in line with current market rates for similar types of loans. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through automatic payroll deductions.

During the year ended December 31, 2020, the Plan adopted the loan provisions of the CARES Act, effective for qualified participant loans on or after March 27, 2020 and before September 23, 2020. The CARES Act provided Plan participants with the option to borrow 100% of their vested account balance, up to a maximum of $100,000. Participants also have the option of suspending loan payments due between March 27, 2020 and December 31, 2020 for up to one year, however, originally scheduled payments must resume beginning on January 1, 2021. The Plan has not been formally amended to reflect these provisions. Plan amendments related to participant loans taken under the CARES Act must be adopted by December 31, 2022.

Cash reserves

Certain money market and mutual fund expenses, which are charged by the mutual fund companies to the individual participants (e.g. 12b-1, sub transfer agent), are recaptured by the Plan and held in a cash reserve account. These funds are then used to pay for expenses of the Plan that benefit the Plan participants, as approved by the IRS, the Department of Labor and ERISA. As of December 31, 2020 and 2019, the balance in this fund amounted to $13,648 and $23,909, respectively. During the year ended December 31, 2020, recapture funds totaled $62,373 and are included in other income in the accompanying statement of changes in net assets available for benefits.

Note 2 **Summary of significant accounting policies**

The following is a summary of the significant accounting policies followed by the Plan.

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the Unites States of America.

Note 2 **Summary of significant accounting policies (continued)**

Investment valuation and income recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 8 for discussions of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the plan year or at the time of purchase during the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or the Plan, after taking into account forfeitures and recaptured transaction fees.

Fair value

Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 8).

Subsequent events

The Plan has evaluated subsequent events through October 6, 2021, which is the date the financial statements were available to be issued.

Note 3 **Information certified by the Plan's trustee**

Certain information related to investments and cash disclosed in the accompanying financial statements and supplemental schedule, including investments and cash held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends and other income for the year ended December 31, 2020, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Note 4 **Related party transactions**

The Company provides certain accounting, recordkeeping and administrative services to the Plan for which it receives no compensation. Certain Plan investments are managed by Fidelity Investments Institutional Brokerage Group ("Fidelity"). Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were $15,205 for the year ended December 31, 2020.

Note 5 **Tax status**

The Plan operates under a volume submitter plan. The plan administrator believes and represents that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Plan termination**

The Plan may be amended or terminated, in whole or in part, by the Company, subject to the provisions set forth in ERISA. In the event of any termination of the Plan, the accounts of all participants immediately become fully vested and the Plan assets are distributed in accordance with the terms of the Plan.

Note 7 **Risks and uncertainties**

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities in general are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could, in the near term, materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8 **Fair value measurements**

Accounting standards require that financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Note 8 **Fair value measurements (continued)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

Common collective trusts: Valued based on the underlying unit value of the assets held. The trusts invest in listed equities and certain fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial assets at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 43,258,179	$ -	$ -	$ 43,258,179
