401(k) Retirement and Savings Plan
Notes to the Financial Statements
December 31, 2020 and 2019

A. PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the Advanced Lighting Technologies 401(k) Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan’s provisions.

General - The Plan was adopted by Advanced Lighting Technologies, LLC and its controlled group of domestic subsidiaries (collectively the “Company” and “Plan Sponsor”) effective July 1, 1984 and was most recently restated effective July 21, 2014. The Plan is a defined contribution plan covering all eligible employees of the Company. There are no age or service requirements for employee contributions, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Participants may make voluntary pre-tax or post-tax (“Roth”) contributions not to exceed the lower of 60% of their aggregate compensation, as defined, or the limit as determined by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan allows for an employer safe harbor matching contribution equal to 100% of the first 3% of each participant’s eligible compensation and 50% of each participant’s next 2% of eligible compensation. The Plan also allows for discretionary non-elective contributions, based on hours of service, to be determined by the Board of Directors each Plan year. No non-elective contributions were made in 2020.

Participant Accounts - A separate account is maintained for each participant. Each participant’s account is credited with the participant’s contributions, rollover contributions, employer contributions, and Plan earnings or losses as defined by the Plan agreement.

The Plan provides for the participants to direct their investments, at their discretion, into any combination of available investment funds. Participants may change their options at any time.

Vesting - Participants are immediately vested in all of their contributions and the Company’s safe harbor matching and qualified non-elective contributions, plus actual earnings or losses thereon. Vesting in the employer discretionary non-elective contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Note Receivable from Participants - Participants may borrow from their account up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. Any loan must be for a minimum of \$1,000. Loan terms range from one year to five years unless used for the purchase of a primary residence, in which case longer terms are permitted. The loans are secured by the balance in the participant’s account and bear interest at a reasonable rate based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan agreement.

Notes to the Financial Statements
December 31, 2020 and 2019

Payment of Benefits - Upon termination of service, a participant may elect to receive either a lump-sum or periodic installment amount equal to the value of the participant's vested interest. If the participant's account balance is less than \$5,000, the Plan Administrator may direct the trustee to make a lump-sum distribution of the account balance. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their vested benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions and for in-service distributions to participants who have attained age 59½.

Forfeitures - Forfeitures are used to pay Plan administrative costs and to reduce future contributions by the Company. For each of the years ended December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately \$3, respectively. During 2020, no forfeitures were used to reduce plan administration expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value as reported by Fidelity, the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust, administered by Fidelity as of December 31, 2020 and 2019, representing investments in mutual funds and a common/collective trust fund. Investments of participant's contributions and the Company's contributions into these funds are at the direction of each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019, respectively. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, upon a distributable event the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits - Plan benefits are recorded when paid.

Plan Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid by the Plan (net of reimbursements from the service agreement discussed in Note E). Fees attributable to loans and distributions are paid by the participants. Investment related expenses are included in net appreciation in fair value of investments. All other expenses of maintaining the Plan are paid by the Company.

C. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee of the Plan.

Fidelity has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

Fidelity has certified to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2020.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the FASB guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Notes to the Financial Statements
December 31, 2020 and 2019

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2020	
	Level 1	Total
Mutual funds	\$ 20,265,530	\$ 20,265,530
Total assets in the fair value hierarchy	20,265,530	20,265,530
Investments measured at net asset value (a)	-	971,158
Investments at fair value	<u>\$ 20,265,530</u>	<u>\$ 21,236,688</u>

	December 31, 2019	
	Level 1	Total
Mutual funds	\$ 18,105,743	\$ 18,105,743
Total assets in the fair value hierarchy	18,105,743	18,105,743
Investments measured at net asset value (a)	-	678,472
Investments at fair value	<u>\$ 18,105,743</u>	<u>\$ 18,784,215</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund	\$ 971,158	\$ -	Daily	Up to 12 Months

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund	\$ 678,472	\$ -	Daily	Up to 12 Months

- (a) In accordance with the FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

E. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Service Agreement (“SA”) between the Company and Fidelity. Fidelity receives revenue from certain mutual fund service providers for services Fidelity provides to the funds.

Fidelity remits the revenue to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, \$19,645 was applied to pay Plan administrative expenses. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. FEDERAL INCOME TAX STATUS

The Plan has adopted a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter, dated March 31, 2014 (see Note K), from the IRS. The opinion letter states that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (“IRC”) for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Net income per Form 5500	<u>\$ 2,490,634</u>

J. PLAN AMENDMENTS

Effective April 21, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 21, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

K. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2021, the date that the Plan's annual financial statements were available to be issued.

Effective April 23, 2021, the Plan adopted the restated Fidelity volume submitter plan document. The restated volume submitter opinion letter was issued by the IRS on June 30, 2020.

401(k) Retirement and Savings Plan
Notes to the Financial Statements
December 31, 2020 and 2019

A. PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the Advanced Lighting Technologies 401(k) Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan’s provisions.

General - The Plan was adopted by Advanced Lighting Technologies, LLC and its controlled group of domestic subsidiaries (collectively the “Company” and “Plan Sponsor”) effective July 1, 1984 and was most recently restated effective July 21, 2014. The Plan is a defined contribution plan covering all eligible employees of the Company. There are no age or service requirements for employee contributions, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Participants may make voluntary pre-tax or post-tax (“Roth”) contributions not to exceed the lower of 60% of their aggregate compensation, as defined, or the limit as determined by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan allows for an employer safe harbor matching contribution equal to 100% of the first 3% of each participant’s eligible compensation and 50% of each participant’s next 2% of eligible compensation. The Plan also allows for discretionary non-elective contributions, based on hours of service, to be determined by the Board of Directors each Plan year. No non-elective contributions were made in 2020.

Participant Accounts - A separate account is maintained for each participant. Each participant’s account is credited with the participant’s contributions, rollover contributions, employer contributions, and Plan earnings or losses as defined by the Plan agreement.

The Plan provides for the participants to direct their investments, at their discretion, into any combination of available investment funds. Participants may change their options at any time.

Vesting - Participants are immediately vested in all of their contributions and the Company’s safe harbor matching and qualified non-elective contributions, plus actual earnings or losses thereon. Vesting in the employer discretionary non-elective contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Note Receivable from Participants - Participants may borrow from their account up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. Any loan must be for a minimum of \$1,000. Loan terms range from one year to five years unless used for the purchase of a primary residence, in which case longer terms are permitted. The loans are secured by the balance in the participant’s account and bear interest at a reasonable rate based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan agreement.

December 31, 2020 and 2019

Payment of Benefits - Upon termination of service, a participant may elect to receive either a lump-sum or periodic installment amount equal to the value of the participant's vested interest. If the participant's account balance is less than \$5,000, the Plan Administrator may direct the trustee to make a lump-sum distribution of the account balance. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their vested benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions and for in-service distributions to participants who have attained age 59½.

Forfeitures - Forfeitures are used to pay Plan administrative costs and to reduce future contributions by the Company. For each of the years ended December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately \$3, respectively. During 2020, no forfeitures were used to reduce plan administration expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value as reported by Fidelity, the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust, administered by Fidelity as of December 31, 2020 and 2019, representing investments in mutual funds and a common/collective trust fund. Investments of participant's contributions and the Company's contributions into these funds are at the direction of each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019, respectively. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, upon a distributable event the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits - Plan benefits are recorded when paid.

Plan Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid by the Plan (net of reimbursements from the service agreement discussed in Note E). Fees attributable to loans and distributions are paid by the participants. Investment related expenses are included in net appreciation in fair value of investments. All other expenses of maintaining the Plan are paid by the Company.

C. INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee of the Plan.

Fidelity has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

Fidelity has certified to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2020.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the FASB guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Notes to the Financial Statements
December 31, 2020 and 2019

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2020	
	Level 1	Total
Mutual funds	\$ 20,265,530	\$ 20,265,530
Total assets in the fair value hierarchy	20,265,530	20,265,530
Investments measured at net asset value (a)	-	971,158
Investments at fair value	<u>\$ 20,265,530</u>	<u>\$ 21,236,688</u>

	December 31, 2019	
	Level 1	Total
Mutual funds	\$ 18,105,743	\$ 18,105,743
Total assets in the fair value hierarchy	18,105,743	18,105,743
Investments measured at net asset value (a)	-	678,472
Investments at fair value	<u>\$ 18,105,743</u>	<u>\$ 18,784,215</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund	\$ 971,158	\$ -	Daily	Up to 12 Months

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund	\$ 678,472	\$ -	Daily	Up to 12 Months

- (a) In accordance with the FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

E. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Service Agreement (“SA”) between the Company and Fidelity. Fidelity receives revenue from certain mutual fund service providers for services Fidelity provides to the funds.

Fidelity remits the revenue to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, \$19,645 was applied to pay Plan administrative expenses. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. FEDERAL INCOME TAX STATUS

The Plan has adopted a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter, dated March 31, 2014 (see Note K), from the IRS. The opinion letter states that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (“IRC”) for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Net income per Form 5500	<u>\$ 2,490,634</u>

J. PLAN AMENDMENTS

Effective April 21, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 21, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

K. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2021, the date that the Plan's annual financial statements were available to be issued.

Effective April 23, 2021, the Plan adopted the restated Fidelity volume submitter plan document. The restated volume submitter opinion letter was issued by the IRS on June 30, 2020.
