NOTE A.--DESCRIPTION OF PLAN

The following description of the Toy Investments, Inc. (dba Toysmith (Company or Sponsor) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) plan originally established by the Company effective January 1, 1996 and most recently amended effective January 1, 2019 for regulatory updates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees, other than leased employees and residents of Puerto Rico who are 18 or older. The entry date is the first day of the month following completion of eligibility requirements.

During 2020, the Plan enacted several provisions from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distributions allowed Plan participants to withdraw up to $100,000 due to adverse financial consequences from COVID-19 between January 1, 2020 and December 31, 2020. Participants had the option to repay the distribution over a three-year period, and taxes on the distribution could be spread over three years. The CARES Act allowed for new loans issued through September 22, 2020 up to the lesser of $100,000 or 100% of the participant's account. In addition, loan repayments between March 27, 2020 and December 31, 2020 could be re-amortized or suspended up to one year upon the participant's request. See also Note M.

Contributions: The Plan is funded by eligible employee participant elective deferrals of their salaries which may be up to 90% of annual compensation, to the maximum allowed by law. Additionally, the Plan is funded by discretionary Company matching contributions and nonelective contributions at the option of the Company's board of directors. All participants that are eligible to make deferral contributions may designate all or any portion as Roth elective deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Contributions are subject to certain limitations. For the year ended December 31, 2020, the Company matched the lesser of 50% of elective deferrals or 2.5% of eligible compensation, but as a result of uncertainties surrounding COVID, the Company temporarily suspended the elective deferrals during April, May, and June 2020.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with participant contributions, allocations of the Company's contributions, and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service at a rate of 20% per year after one year. A participant is 100% vested after six years of credited service or upon retirement, death, total disability or termination of the plan. See Note H for Partial Plan Termination for 2020 and impact on vesting.

Retirement: The normal retirement date is the date the participant reaches age 65. There is no early retirement.

Notes Receivable from Participants: Participants may borrow from their accounts, a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. They may receive only one loan each calendar year, limited to two outstanding loans at any given time. A participant may not refinance an existing loan or obtain an additional loan for the purpose of paying off any existing loan. A loan setup fee of $75 is deducted from the participant's account for each new loan processed. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. CARES Act loan provisions were allowed for 2020.

All loans must be repaid in equal payments through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond ten years from the date of the loan. If a loan is not repaid within its stated period, it will be treated as a taxable distribution to the participant.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant or their beneficiary will receive a lump sum distribution of their account. If the balance of the vested account is less than $1,000, payment will be made in a lump sum as soon as administratively feasible. If the balance is less than $5,000 but greater than $1,000, without other elections, it will be automatically rolled over into an IRA set up for the participants' benefit. In service distributions are allowed at age 59 ½ or for a qualified reservist in accordance with the provisions of the Plan. Hardship distributions are allowed in accordance with the provisions of the Plan. CARES Act distributions were allowed for 2020.

NOTE A.--DESCRIPTION OF PLAN (Continued)

Investment Options: Participants direct their contributions and account balances in investment options with Fidelity Investments. The Plan sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

Forfeitures: Upon termination, participants' non-vested account balances are forfeited. Forfeitures may be used to reduce the employer contributions; any remaining forfeitures will be used to offset Plan administration expenses. For the year ended December 31, 2020, $34,296 was forfeited from non-vested accounts. The Plan used forfeitures of $31,792 during the Plan year ended December 31, 2020 to pay a portion of employer contribution. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $2,897 and $2, respectively.

Plan Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and not included in these financial statements. Fees relating to administration of notes receivable from participants and for certain withdrawals are charged directly to the participant's account and are included in administration expenses. Investment related expenses are deducted from each funds' earnings and are included in net appreciation (depreciation) in fair value of investments.

Recent Accounting Pronouncement: In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"), which removes, modifies and adds certain disclosure requirements of Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement. ASU 2018 13 is effective for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2019, with the additional disclosures required to be applied prospectively and the modified and removed disclosures required to be applied retrospectively to all periods presented. The Plan adopted ASU 2018-13 effective January 1, 2020, and the adoption did not have a material impact on the Plan's disclosures.

NOTE B.--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B.--SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit allowances has been recorded as of December 31, 2020 and 2019.

Payment of Benefits: Benefits are recorded when paid.

NOTE C.--CERTIFIED INFORMATION

Certain information related to notes receivable from participants and investments disclosed in the accompanying financial statements and supplemental schedule, including notes receivable from participants and investments held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest and dividend income, as well as interest income from notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee and custodian of the Plan).

NOTE D.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE D.--FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,661,045	$ -	$ -	$ 8,661,045
Total investments at fair value	$ 8,661,045	$ -	$ -	$ 8,661,045

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,716,344	$ -	$ -	$ 11,716,344
Total investments at fair value	$ 11,716,344	$ -	$ -	$ 11,716,344

NOTE E.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by the trustee and custodian, Fidelity Investments; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE F.--TAX STATUS

On March 31, 2014, the IRS stated that the volume submitter profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE F.--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

See Note H.

NOTE H.--PARTIAL PLAN TERMINATION

As a result of a reduction of the Company's workforce due to COVID-19, the Plan experienced a partial plan termination for the 2020 plan year. Under the IRC, a partial plan termination may occur if at least 20% of eligible Plan participants are terminated by the Company within the applicable period. When a partial plan termination occurs, full vesting in the employer's contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the Plan provisions. There were eleven affected participants who were not already 100% vested and were made fully vested in all contributions.

NOTE I.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate risk, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE I.--RISKS AND UNCERTAINTIES (Continued)

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The COVID-19 outbreak has resulted in widespread and continuing impacts on the global economy. Financial and credit markets have experienced and may continue to experience significant volatility and turmoil which may impact the fair values of Plan assets. The extent to which COVID-19 impacts the Plan's financial position and results will depend on future developments, which are highly uncertain and cannot be predicted.

NOTE J.--RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 8,786,995	$ 11,844,569
Excess contributions payable	-	9,855
Net assets available for benefits per the Form 5500	$ 8,786,995	$ 11,854,424

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2020, to Form 5500:

	2020
Net decrease in net assets per financial statements	$ (3,057,574)
Corrective distribution of prior year excess contribution	(9,855)
Net decrease in net assets per the Form 5500	$ (3,067,429)

Amounts classified as excess contributions were accrued on the financial statements as of December 31, 2019 but were reported on Form 5500 for the year ended December 31, 2020.

NOTE K.--EXCESS CONTRIBUTIONS

Contributions received from participants for the years ended December 31, 2020 and 2019, are net of payments of $0 and $9,855, respectively, made subsequent to each year end to certain active participants to return them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2019.

NOTE L.--OPERATIONAL ERRORS AND NONEXEMPT TRANSACTIONS

Compensation

During 2021, for the year ended December 31, 2020, it was discovered that an error was made related to the definition of eligible compensation used for salary deferrals. As a result, the Plan Sponsor will make a qualified non-elective contribution (QNEC) to the affected participant account in order to remedy the errors in accordance with prescribed IRS and DOL methods. The error resulted in $200 of additional contributions during 2021. Lost earnings, are being calculated and will be deposited into the affected participant accounts during 2021.

Eligibility

During 2021, for the year ended December 31, 2020, it was discovered one participant was improperly included in the Plan before meeting eligibility requirements. In accordance with prescribed IRS and DOL methods, $225 of employer match and salary deferrals in total was forfeited and returned, respectively, from this participant's account during 2021, including excess earnings as applicable.

NOTE M.--SUBSEQUENT EVENTS

Effective January 1, 2021, the Plan was amended and restated to add a safe harbor nonelective employer contribution equal to 3% of participant's eligible compensation for the plan year. Additionally, the plan amendment and restatement formally adopted the statutory provisions of recently enacted legislation that included provisions to reduce restrictions surrounding hardship withdrawals which included, removing loan requirements prior to hardship withdrawals, made earnings on participant accounts available for hardship withdrawal, and removed provisions suspending participant contributions to the plan for six months following a hardship withdrawal.

Effective March 8, 2021, the Plan was amended to modify vesting requirements so that Employer matching contributions and non-elective contributions are immediately 100% vested.

Plan management has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.
