GENESIS HEALTHCARE SYSTEM
401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Genesis HealthCare System 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a salary deferral provision subject to Section 401(K) of the Internal Revenue Code. The Plan is sponsored by Genesis HealthCare System (the “Company”) and has been adopted by the following for profit corporations: Professional PRN, LLC, d.b.a. Northside Home Infusion Service, CareEquip, LLC d.b.a. Northside Pharmacies, Carelife, LLC, and Genesis Medical Group, LLC (non-physician participants only). In 2019, the Plan was amended to include all employees of the Company upon their date of hire, excluding non-residential aliens, Puerto Rican Employees, physician employees and other employees covered by another plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan’s investment offerings, monitors the Plan’s investment performance, and reports to the Plan’s Board of Trustees.

Contributions

Each year, participants may contribute up to 50% of pretax and/or after-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set for 2% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The Plan includes a provision to increase the participant’s contribution 1% annually until the contribution percentage reaches 10%, unless the participant elects to stop the automatic increases. The Company makes matching contributions for participating employees with at least one year of service (and, prior to February 2019, with over 800 hours of compensated time) in the completed year. Matching contributions are based on years of service and limited to 5% of compensation that a participant contributes to the Plan. For the years ended December 31, 2020 and 2019, the Company’s match percentages are as follows: 1 but less than 5 years of service, 20% match; 5 but less than 10 years of service, 40% match; 10 or more years of service, 60% match. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant’s contributions and allocations of (a) the Company’s contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in all contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at 1% above the Prime interest rate (4.25% and 5.75% at December 31, 2020 and 2019, respectively), as defined in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions. See Note 10 which describes temporary provisions adopted due to the CARES Act.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's interest in his or her account, installments, or ad hoc distributions sufficient to satisfy required minimum distributions. A participant may also withdraw all or part of his or her account once they reach age 59 ½ or due to hardship. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Upon termination or retirement, if a participant's account balance is \$1,000 or less, it will be automatically paid as a lump-sum.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

GENESIS HEALTHCARE SYSTEM
401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that may affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee and custodians, and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping, are paid by the Company and are excluded from these financial statements. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated by Plan management through October 13, 2021, which is the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Trust Company, the trustee of the Plan, and The Prudential Insurance Company of America, United of Omaha Life Insurance Company, and Nationwide Life Insurance Company, the custodians of the Plan.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following as of December 31, 2020 and 2019:

Assets at Fair Value at December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$12,106,659	\$ -	\$ -	\$ 12,106,659
Total assets in the fair value hierarchy	<u>\$12,106,659</u>	<u>\$ -</u>	<u>\$ -</u>	12,106,659
Investments measured using NAV as a practical expedient (a):				
Pooled separate accounts				1,423,210
Investments at fair value				<u>\$ 13,529,869</u>

Assets at Fair Value at December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,939,403	\$ -	\$ -	\$ 8,939,403
Total assets in the fair value hierarchy	<u>\$ 8,939,403</u>	<u>\$ -</u>	<u>\$ -</u>	8,939,403
Investments measured using NAV as a practical expedient (a):				
Pooled separate accounts				952,275
Investments at fair value				<u>\$ 9,891,678</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

For the years ended December 31, 2020 and 2019, the Plan did not hold any Level 2 or Level 3 assets.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019, respectively:

2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Mid-cap (a)	\$ 95,302	N/A	Daily	None
Large-cap (b)	-	N/A	Daily	None
International (c)	-	N/A	Daily	None
Direct filing entities	1,327,908			
	<u>\$1,423,210</u>			
2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Mid-cap (a)	\$ 105,567	N/A	Daily	None
Large-cap (b)	7,418	N/A	Daily	None
International (c)	4,293	N/A	Daily	None
Direct filing entities	834,997			
	<u>\$ 952,275</u>			

- (a) The pooled separate accounts in this category primarily invest in U.S. stocks of various sizes and styles, giving it a middle-of-the-road profile. Investments from this category typically fall between \$1 billion - \$8 billion and represent 20% of the total capitalization of the U.S. equity market.
- (b) The pooled separate accounts in this category seek long-term growth by primarily investing in common stocks of U.S. companies with large market capitalization. Investments from this category are normally from stocks within the top 70% of the capitalization of U.S. equity market.
- (c) The pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies with large market capitalization. Investments are normally diversified across different countries and regions of the world.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has entered into fully benefit-responsive investment contracts with The Prudential Insurance Company of America (Prudential), and with United of Omaha Life Insurance Company (United of Omaha). Prudential and United of Omaha maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the issuers, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Prudential and United of Omaha, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Prudential Trust Company, the trustee of the Plan, and The Prudential Insurance Company of America, United of Omaha Life Insurance Company, and Nationwide Life Insurance Company, the custodians of the Plan, and, therefore, these transactions and associated administrative expenses qualify as party-in-interest transactions. UBS Financial Services, Inc., provides investment management and consulting services based on commission and is paid by the Plan.

Additionally, the Plan holds party-in-interest receivables of \$280,214 and \$264,689 as of December 31, 2020 and 2019, respectively, in the form of notes receivable from participants.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8: TAX STATUS

The Prudential Insurance Company of America, sponsor of the prototype plan, has obtained an opinion letter dated April 29, 2014, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan sponsor adopted this restated prototype plan document on July 1, 1993. The Plan was amended February 1, 2020 and July 1, 2020. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax period in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

NOTE 10: CARES ACT

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act had an impact on several matters and the Plan adopted the following provision:

- Temporary loan repayment deferrals allowed qualified Plan participants with Plan loan repayments to defer such payments between March 27, 2020 and until December 31, 2020 for one year. In such cases, the participant's note would be reamortized and include any interest accrued during the period of delay.

The Plan has not formalized an amendment regarding the adoption of provisions related to the CARES Act as of December 31, 2020. Under the terms of the CARES Act, adoption of a formalized amendment is not required until December 31, 2022.
