In 2020, the Plan adopted provisions of the CARES and SECURE Acts, which are summarized in Note 11.

Participant Contributions – An eligible Participant may authorize the Company to withhold one percent up to one hundred percent of eligible compensation not to exceed the annual limits established by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant. However, participants shall not be permitted to direct the investment of their elective deferral contributions or rollover contributions into the Plan Sponsor's common stock except for a one time election granted on the effective date of the Plan.

Employer Contributions – The Plan Sponsor makes a safe harbor match up to 4% of compensation for all eligible employees. In addition, the Plan Sponsor, at its discretion, may make qualified non-elective contributions to eligible participants, allocated in proportion to their respective compensation. During the year ended December 31, 2020, the Plan Sponsor made discretionary contributions of **$331,683**. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's safe harbor and profit sharing contribution and, (b) Plan earnings, and charged with certain administrative expenses, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are invested in accordance with investment directions provided to the Recordkeeper by each participant.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and a participant may only have two receivables outstanding at any point in time. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through regular payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Vesting – Participants are immediately vested in their contributions and their safe harbor employer contributions plus actual earnings thereon. Vesting in the Plan Sponsor's profit sharing contributions plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or by payment in a series of substantially equal installments over the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Absent election, participant balances less than $1,000 as of the date of termination are distributed in accordance with the Plan provisions. If a distribution is to be made whose balance is their ESOP stock account and ESOP dividend account, the Plan Administrator may require that such distribution be made in annual installments over a five year period, plus one additional year (but not more than five additional years) for each $195,000 by which the value of the account exceeds the foregoing threshold.

Under the provisions of the Plan, the Plan Sponsor may be obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During 2020, the Plan Sponsor did not repurchase any shares from participants. During 2019, the Plan Sponsor repurchased 367 shares of common stock for $512,332.

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved. A hardship withdrawal is available under limited circumstances, which the participant must document.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts are used to first reduce future employer contributions and then administrative expenses. At December 31, 2020 and 2019, forfeited nonvested accounts totaled **$46,333** and $66,168, respectively. During 2020, **$45,180** was forfeited by participants who withdrew from the Plan and **$66,168** was used to reduce employer contributions and **$477** was used to pay administrative expenses. The account earned **$1,630** in interest during 2020.

1. DESCRIPTION OF THE PLAN (continued)

Administrative Expenses – Plan expenses are charged to the Plan and paid using forfeited funds, if applicable. Fees associated with specific transactions (loans, distributions, etc.) and quarterly administrative fees are charged to the participant as incurred. All fees are deducted from the participant's account as those fees are assessed.

Put Option – Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Plan Sponsor can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights on Employer Stock – The Plan Sponsor shall direct the Trustee as to the manner in which voting, dissenter's or other rights of securities held by the Trust are to be exercised, except that each Participant may direct the vote of shares of the Plan Sponsor Common Stock allocated to his ESOP Accounts if such shares are to be voted with respect to any merger, consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all of the assets of any trade or business of the Plan Sponsor, and such other issues as may be required by regulations adopted by the Secretary of the Treasury. In the event that a Participant fails to exercise such voting rights in accordance with the rules adopted by the Plan Sponsor under this section, the Plan Sponsor may direct the vote of such shares. The Plan Sponsor may adopt rules and procedures to facilitate the exercise of such voting rights. If a Participant fails to exercise such voting rights in accordance with the rules adopted by the Plan Sponsor under this section, the Plan Sponsor shall not direct the vote of such shares.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the employer stock into investments which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any share previously diversified. In the 6th year, the percentage changes to 50%. Participants who elect to diversify have the option to receive a cash distribution or transfer to another investment offered in the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer profit sharing contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are reported on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, appraisers and custodians. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – The Plan investments consist primarily of the Plan Sponsor's common stock and mutual funds, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investments and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the mutual funds and common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Funding Policy – It is the policy of the Plan Sponsor to deposit the participants' withheld contributions within the ERISA required time limit which is the earliest date you can segregate deferrals from general assets.

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2020 and 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Adoption of New Accounting Standard – In August 2018, the FASB issued ASU No. 2018-13, "*Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement."* The ASU amends certain disclosure requirements of ASC 820. The ASU removes the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modifies the disclosure for investments in certain entities that calculate net asset value as a practical expedient to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. The ASU clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. ASU No. 2018-13 was effective as of the 2020 plan year. The Plan has adopted the ASU and noted no material change to its financial statement disclosures.

3. PARTY-IN- INTEREST TRANSACTIONS

For the year ended December 31, 2020, the Plan paid fees to Pentegra Financial Services, Inc., Recordkeeper, for services in the amount of **$47,118**. Various indirect investment expenses were paid from the participant investment earnings as described in Form 5500 Schedule C. In 2020, all other plan administrative fees were paid directly by the Plan Sponsor. These transactions are considered party-in-interest transactions due to the nature of the relationship between the Plan and the recoredkeeper. Notes receivable from participants also qualify as party-in-interest transactions.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations, information prepared and certified by a bank or insurance company, which is regulated, supervised and subject to periodic examination by a state or federal agency, need not be audited. The Plan Sponsor has received certification from the Trustee of the fair value of the Plan's portfolio as of December 31, 2020 and 2019, and on interest income, dividend income, and the cost and fair value of the Plan transactions made during the year ended December 31, 2020. The fair value and activity for year ended December 31, 2020 related to the Plan Sponsor's common stock held by the Plan is not included in the certification by Reliance Trust Company. See Note 10 for more details on the Plan Sponsors common stock. The Plan's financial statements and supplemental schedule have been prepared based upon this certified information. No auditing procedures were performed with respect to the information certified as complete and accurate to the best of their knowledge and belief by the Trustee.

6. INCOME TAX STATUS

The IRS has determined and informed the Plan Administrator by a letter dated August 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Trustee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. FIDELITY COVERAGE

The Plan Administrator is exempt from the bonding requirements of ERISA for the years ended December 31, 2020 and 2019, as they meet the applicable exemption requirements.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification 820 ("FASB ASC 820"), "*Fair Value Measurements and Disclosures"*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The Plan Administrator determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Plan Administrator uses unobservable inputs when observable inputs are not available. Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Money Market and Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund – Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Plan Sponsor Common Stock – The fair value of the Plan Sponsor's common stock is based upon an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. Ultimately, the discounted cash flow analysis by application of the dividend discount model provided the best basis for establishing the fair market value. The analysis was grounded in the guidelines presented in Internal Revenue Ruling 59-60, which provides guidance on how to value stock of corporations where market quotations are not available. The appraiser took into account the nature and history of the business, historical and projected cash flow and net earnings, profitability and market value ratios, market comparability, dividend paying capacity, and applicable discounts and premiums. The valuation process involves Plan management selecting an independent appraisal firm that has sufficient Bank valuation experience. The Plan Sponsor's management accumulates the data for the appraisal from the Plan Sponsor financial statements that are subsequently subjected to a financial statement audit. The appraiser prepares a valuation report, the Board of Directors discusses it in detail and approves. The results of this process are documented in Board of Director minutes.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
December 31, 2020				
Plan sponsor common stock	**$ -**	**$ -**	**$ 501,952**	**$ 501,952**
Interest bearing money market funds	**11,301**	**-**	**-**	**11,301**
Mutual Funds	**6,812,754**	**-**	**-**	**6,812,754**
Total assets in the fair value hierarchy	**6,824,055**	**-**	**501,952**	**7,326,007**
Investments measured at net asset value*				**867,644**
Total investments at fair value				**$ 8,193,651**
December 31, 2019				
Plan sponsor common stock	$ -	$ -	$ 478,720	$ 478,720
Interest bearing money market funds	18,006	-	-	18,006
Mutual Funds	5,670,083	-	-	5,670,083
Total assets in the fair value hierarchy	5,688,089	-	478,720	6,166,809
Investments measured at net asset value*				600,758
Total investments at fair value				$ 6,767,567

* In accordance with Subtopic ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Level 3 – Gains and Losses

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the Plan Sponsor's common stock for the years ended December 31:

	2020	2019
Plan Sponsor common stock:		
Balance, beginning of year	**$ 478,720**	$ 975,683
Investment income	**-**	-
Unrealized gains relating to instruments still held at the reporting date	**23,232**	15,369
Purchases (sales) issuances and settlements, net	**-**	(512,332)
Balance, end of year	**$ 501,952**	$ 478,720

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2020, are reported net of unrealized depreciation in fair value of investments. The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020, there were no transfers into or out of Level 3.

9. STABLE VALUE COLLECTIVE TRUST FUND

The investment objective of the collective trust is to provide a guarantee of both principal and interest for participants upon withdrawal which it pursues by investing in diversified bond portfolio funds. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The Fund is not FDIC-insured, may lose value and is not guaranteed by a bank or other financial institution.

10. INVESTMENT IN PLAN SPONSOR'S COMMON STOCK

The Plan's investments in First Sonora Bancshares, Inc. Common Stock at December 31, are as follows:

	2020	2019
Price per share	**$ 1,426**	$ 1,360
Number of shares outstanding	**352**	352
Total fair value	**$ 501,952**	$ 478,720

The following presents investment income related to the Plan Sponsor's common stock at December 31, 2020:

Interest and dividends on employer stock	**$ 7,616**
Net change in fair value of employer stock	**23,232**
Total investment income on employer stock	**$ 30,848**

11. CARES AND SECURE ACTS

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was enacted. The CARES Act provides immediate and temporary relief for eligible retirement plans and their participants who were adversely impacted by COVID-19. The provisions of the CARES Act was to allow affected participants to: take coronavirus-related distributions and loans, penalty-free, up to $100,000, and up to 100% of the vested account balance; defer loan repayments until December 31, 2020; and temporarily suspend required minimum distributions. The Plan operationally has adopted certain participant loan and withdrawal provisions of the CARES Act that are effective for portions of the 2020 Plan Year in order to provide relief to participants affected by COVID-19. To comply with the CARES Act, the Plan will be amended on or before December 31, 2022, or such later date as the Secretary of the Treasury may prescribe, to reflect the changes made to the Plan.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things: an increase in the age limit for required minimum distributions from 70½ to 72; removed the requirement to have a six-month suspension period on Elective Deferrals (and after-tax contributions) following a hardship distribution; and allowing various electronic communications. The Plan operationally has adopted the required provisions of the SECURE Act that are effective beginning with the 2020 Plan Year. To comply with the SECURE Act, the Plan will be amended on or before December 31, 2022, or such later date as the Secretary of the Treasury may prescribe, to reflect the changes made to the Plan.

12. COVID-19 RISKS AND UNCERTAINTIES

On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency in response to the spread of coronavirus disease 2019 ("COVID-19"). The COVID-19 pandemic and subsequent global recession are having significant effects on global markets, supply chains, businesses, and communities. The extent to which the pandemic will impact the Plan will depend on future developments, which are highly uncertain and cannot be predicted or estimated.

13. SUBSEQUENT EVENTS

The Plan Administrator has performed a review of subsequent events through October 8, 2021, which is the date the financial statements were available for issuance, and concludes there were no events or transactions occurring during this period that required recognition or disclosure in the financial statements except as noted below. Any events occurring after this date have not been factored into the financial statements being presented.

Effective January 1, 2021, during the annual election period, qualified participants may elect to sell up to 25 percent of the fair market value of their ESOP account and transfer such amount to other available investment types within their account.
