Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE A - DESCRIPTION OF PLAN

The following description of the RACI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a 401(k) feature covering all eligible employees of Retina Associates of Cleveland, Inc. (the Company, Plan Administrator, and Plan Sponsor) who are at least 21 years old and are not covered by a collective bargaining agreement. Employees of the Company are eligible to contribute to the Plan on the first day following the completion of six months of service. Employees of the Company are eligible to receive an employer profit sharing contribution as of the first day of the Plan year during which they complete 1,000 hours during one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) passed in December 2019 and delayed the commencement date for required minimum distributions. A written amendment to the Plan to reflect this operational change will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

The Coronavirus Aid, Relief, and Economic Security Acts (the CARES Act) passed in March 2020 and allowed certain eligible individuals to receive coronavirus-related distributions and suspended required distributions. A written amendment to the Plan to reflect this operational change will be adopted at a later date in accordance with applicable laws and IRS guidance.

Contributions

Each year, participants may elect to defer 100% of pre-tax compensation as defined by the Plan. The Plan provides for a discretionary employer profit sharing contribution, which was \$781,511 for the year ended December 31, 2020. During 2021, forfeitures of \$46,480 were applied to the 2020 profit sharing contribution. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary profit sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution plus actual earnings thereon is based on years of continuous service after two years at a rate of 20% per year. A participant is 100% vested after six years of credited service.

Payment of Benefits

Benefits are payable to participants or their beneficiaries upon attaining age 59½ or upon the termination, retirement, disability, or death of the participant. Additionally, a participant who has attained age forty-eight and has completed seven years of service may request a distribution from their profit sharing contribution account provided it is 100% vested. The participant will receive a lump-sum distribution based on the participant's account valuation on the date of distribution. If the value of the vested benefits credited to the participant's account is \$5,000 or less at the time of termination, the entire amount will be automatically distributed to the participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Sponsor.

Active participants may request hardship withdrawals from their elective deferral account balances, subject to Plan provisions.

Forfeited Accounts

Forfeitures may be used to reduce the Company's discretionary profit sharing contributions to the Plan or pay Plan administrative expenses. Unallocated forfeiture balances as of December 31, 2020 and 2019 were \$51,512 and \$4,067, respectively. Forfeitures used to reduce 2019 employer contributions during the year ended December 31, 2020 were \$3,764.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note D for discussion of fair value measurements.

RACI 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Revenue Sharing

Revenue sharing income represents the portion of investment management fees provided to the Plan from the investment fund manager to offset the cost of services provided to the Plan. Revenue sharing, which is included as a component of investment income (expenses) on the statement of changes in net assets available for benefits, was \$43,736 for the year ended December 31, 2020.

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the custodians from the Company. Any contributions attributable to the Plan year but not received by the custodians by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Income Taxes

The IRS has determined and informed the Company by a letter dated July 17, 2017 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2021, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2020 and 2019, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2020 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

RACI 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2020 and 2019 are summarized below:

	Level 1	
	2020	2019
Mutual funds	\$ 13,478,626	\$ 11,784,574

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual funds are valued at the net asset values of shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (GW) totaling \$445,304 and \$507,733 at December 31, 2020 and 2019, respectively. Contributions from the Plan are maintained in GW's general account. Under the contract, the Plan owns a promise by the issuer to pay interest at crediting rates, which are set based on the earnings of certain underlying assets of GW and market conditions. Participant principal and interest are fully guaranteed by the entire general account assets of GW. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Interest crediting rates are reset quarterly.

RACI 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE E - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

This contract meets the fully benefit-responsive investment criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GW, represents contributions made under the contract; plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value.

The repayment of principal and interest credited to participants in the Plan is a financial obligation of GW. The Plan's ability to receive amounts due is dependent on GW's ability to meet its financial obligations. GW's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of GW or otherwise.

The contract may be terminated by either the Plan Sponsor or GW with 60 days written notice. If the Plan Sponsor terminates the contract, all benefits, rights, and privileges provided by the contract would terminate. Management believes a Plan-initiated termination of the contract is not probable of occurring. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of contract by the Plan, layoffs, Plan termination, bankruptcy, mergers, or early retirement incentives. In these instances, if the contract is terminated prior to the issuer's recovery of any and all start-up costs incurred by the issuer, such amounts, as well as any and all other outstanding charges and fees, shall be recouped as a contract termination charge.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balance.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

RACI 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019 and Year Ended December 31, 2020

NOTE H - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investment in a fund of the custodians, and the related dividend income, interest, receipt of revenue sharing (see Note B), and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE I - DELINQUENT CONTRIBUTIONS

ERISA Section 2510.3-102, requires the Plan Sponsor to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. As of December 31, 2020, the Company fully corrected the delinquent contributions by remitting employee contributions of \$6,650 to the Plan in February 2019, and remitting lost earnings of \$48 to the Plan in October 2019.
